APPLE BUS COMPANY
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2012 and 2011

1. Description of the Plan

The following description of the Apple Bus Company ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. *General*: The Plan is a defined contribution plan generally covering all employees of the Company who have at least 3 months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. *Contributions*: Each year, participants may contribute a percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company makes a match contribution equal to 10% of the first 10% of an employees' compensation contributed to the Plan. The Company may make additional contributions as determined by the Company's board of directors. Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

c. *Participant Accounts*: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of certain investment expenses. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' nonvested accounts can be used to pay Plan expenses, then to reduce future Company contributions, and lastly to be allocated to the remaining participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. *Vesting*: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their account is based on years of service. Participants with less than one year of service are 0% vested, participants with 2 years of service are 20% vested, 40% vested after 3 years, 60% vested after 4 years and 100% vested after 5 years of service.

e. *Payment of Benefits:* On termination of service, a participant may generally elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For in-service distributions, hardship distributions are permitted if certain criteria are met, and participants who have attained age 59½ are eligible to take a distribution up to their vested account balance.

f. *Plan Expenses*: Significant costs of Plan administration are being absorbed by the employer, Apple Bus Company.

g. *Forfeited Accounts:* At December 31, 2012, forfeited non-vested accounts totaled $1,141. This amount is used to reduce employer match, to pay plan expenses, or as an additional company contribution.

2. Summary of Significant Accounting Policies

a. *Basis of Accounting*: The financial statements of the Plan are prepared under the accrual method of accounting.

b. *Investment Valuation*: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

c. *Certification*: Capital Bank and Trust Company and Mid Atlantic Trust Company, the custodians of the Plan, have certified to the Plan administrator the completeness and accuracy of Plan assets (except for contribution receivables), income, expenses, changes in net assets, and the supplemental schedule of assets held for investment purposes as of and for the year ended December 31, 2012.

d. *Use of Estimates*: The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

e. *Payment of Benefits*: Benefits are recorded when paid.

f. *Subsequent Events*: The Plan has evaluated subsequent events through the date of the Independent Auditors' Report, which is the date the financial statements were available to be issued.

3. Investments

The following presents investments that represent 5% or more of the Plan's net assets.

Other investments individually less than 5% of Plan assets	107,770	93,958
Total Investments	$ 402,657	$ 319,996

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2012.

Mutual Funds: Valued at the quoted net asset value of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

	Assets at Fair Value as of December 31, 2012			
	Level 1	Level 2	Level 3	Total
Mutual Funds				
Balanced Fund	$252,584	$ -	$ -	$ 252,584
Money Market Fund	1,176	-	-	1,176

Fixed Income Fund	9,078	-	-	9,078
International Equity Fund	66,958	-	-	66,958
Total Assets at Fair Value	$402,657	$ -	$ -	$ 402,657

	Assets at Fair Value as of December 31, 2011			
	Level 1	Level 2	Level 3	Total
Mutual Funds				
Balanced Fund	$236,294	$ -	$ -	$ 236,294
Equity Fund	25,942	-	-	25,942
Fixed Income Fund	7,984	-	-	7,984
International Equity Fund	49,776	-	-	49,776
Total Assets at Fair Value	$319,996	$ -	$ -	$ 319,996

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

6. Income Tax Status

The Plan and related trust were designed under a prototype form. The Company adopted the Paychex, Inc. Prototype Standardized Profit Sharing Plan. The Internal Revenue Service has determined and informed Paychex, Inc. by a letter dated March 31, 2008, that the Plan and related trust, as amended, are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since the date of the opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is subject to US Federal income tax examinations by the tax authorities for a period of three years after filing the tax return.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain

investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and short-term liquidity associated with certain investments held by the Plan, which could impact the value of investments after the date of these financial statements.

8. Related Party Transactions

Certain administrative functions are performed by officers or employees of the Company. No such officers or employee receives compensation from the Plan.

Certain Plan investments are shares of mutual funds managed by Capital Bank and Trust Company. Capital Bank and Trust Company is a company related to American Funds Retirement Plan Services, the recordkeeper for the Plan until June 13, 2012. Fees paid by the Plan for record-keeping service are included in the accompanying financial statements.
