NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of the Gardner Pool Company, Inc. dba Gardner Pool Plastering 401(K) Profit Sharing Plan is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a contributory 401(K) retirement plan for eligible employees. Employees become eligible after they reach the age of twenty one or complete 6 months of service for elective contributions and one year for non-elective contributions. Participants direct the investment of their accounts into various investment options identified under the annuity agreement with John Hancock Life Insurance Company.

The Plan provides for a discretionary employer matching contribution which matches in whole or in part a participant's elective contribution and one third of the highest allocation rate of any highest compensated employee or five percent of his compensation as defined in the Plan.

According to the Plan, participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Additionally, participants are 100% vested in their account and full benefits are available upon retirement at age sixty-five, early retirement, death, total disability, or in the event of complete discontinuance of contributions or termination of the Plan.

Contributions

Each year participants may contribute between 1% and 92% of their pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Elective contributions in any year may not exceed the dollar limit for the year set by the Internal Revenue Service. For each Plan year, the employer may contribute to the Plan on behalf of the ach eligible participant a safe harbor contribution equal to 3% of such participant's compensation. Additional discretionary amounts may be contributed at the option of the Company's management based on allocation groups as of the last day of the Plan year. Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Participant Accounts

Elective deferrals and employer contributions shall be allocated to the account each eligible participant as soon as the contributions are received by the Trustee. The Plan administrator shall allocate rollover contributions to the account following receipt of the contribution. Income, loss, appreciation and depreciation (realized and unrealized), and Plan expense shall be apportioned to participants' accounts in a manner set forth in the Plan.

Vesting

Participants are immediately vested in their contributions plus actual earnings less losses thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credit service.

All vested accounts not exceeding $5,000 will be distributed in a single lump sum payment.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The Plan's assets are held under a group annuity contract issued by John Hancock Life Insurance Company. The investments are valued at fair value as determined by John Hancock. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

There is no accrual of benefit payments but rather these are recorded when paid.

Costs of Plan Administration

The plan's contract fee and the annual participant fee are not paid out of the Plan's fund by paid by the Company as part of the administrative expenses.

NOTE 3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, Fair Value Measurements and Disclosures, which defines fair value, establishes a framework for measuring fair value in accordance with U.S. GAAP, and expands disclosures about fair value measurements. Under this topic, the Plan must report its investments at fair value amount three categories of price inputs available. These categories of inputs are quoted prices in active markets for identical assets (Level 1); significant other observable inputs (Level 2); and significant unobservable inputs (Level 3). At year-end, all investments were considered Level 2.

Purchases and sales of securities are recorded on a trade-basis. Interest and dividend income is recorded as received. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 6 – TAX STATUS

The Plan obtained a determination letter in which the Internal Revenue Service stated that the Plan is in compliance with the applicable requirements of the Internal Revenue Code (IRC). In addition, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

The Organization files its forms 5500 in the U.S. Federal jurisdiction. The Organization is generally no longer subject to examination by the Internal Revenue Service for years before 2009.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – PARTY IN INTEREST

Loans receivable from the Plan participants and the related interest income and administrative expenses are also considered party-in-interest transactions. The records of the Plan indicate no party-in-interest transactions, which are prohibited by ERISA and for which no statutory or administrative exemption exists.

NOTE 10 – RECONCILING THE FINANCIAL STATEMENTS WITH THE FORM 5500

The information reflected in the accompanying statements of net assets available for benefits and changes in net assets available for benefits is consistent with the information reflected in the Form 5500.
