NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following description of the OTC Global Holdings LP 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. The Plan is sponsored by OTC Global Holdings, LP (the "Partnership") for the benefit of its employees.

General

The Plan was adopted in 2003 and is a defined contribution plan covering substantially all hourly and salaried employees of the Partnership, subject to certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan is a profit sharing plan with a cash or deferred option. Such a plan is commonly referred to as a "401(k)" Plan. The purpose of the Plan is to provide employees with retirement benefits. Major provisions of the Plan in effect as of December 31, 2012, are summarized below; however, participants should refer to the Plan document for specific plan provisions.

Eligibility

All employees of the Partnership who are at least 21 years old are eligible for participation in the Plan the first day of the month coinciding with or following their hire date or after age requirements are met.

Contributions

Each year, participants may elect to defer up to 100% of their pretax annual compensation, as defined in the Plan, not to exceed $17,000 for 2012. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may elect to make Roth 401(k) deferrals which are subject to federal income taxes in the year of deferral. However, these deferrals are not subject to federal income taxes when distributed to participants. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Each year, the Partnership may make matching and profit sharing contributions. For the year ended December 31, 2012, no matching or profit sharing contributions were made.

Vesting

Participants are 100% vested in salary deferrals and rollover contributions. Partnership discretionary matching contributions and profit sharing contributions are 20% vested for each year of service beginning with the second year, until 100% vested after six years of service. Participants become 100% vested in all balances upon death, disability or attaining the Plan's normal retirement age.

Investment Options

Upon enrollment in the Plan, participants may direct the investment of their accounts among alternative investment funds provided under the Plan. Participants may change their investment elections at any time, as well as transfer existing balances between investment options.

NOTE 1 – DESCRIPTION OF PLAN – CONTINUED

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer between investment funds and the loan fund. Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Participants may have up to two loans outstanding at a time. Loan repayments are made by check or payroll deduction.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant or their beneficiary may elect to receive a lump-sum distribution or payments in equal periodic installments equal to the value of the participant's vested account or defer such benefits until a later date. If the distribution is $5,000 or less, the form of payment is either a lump-sum distribution or a rollover to a qualified plan if elected so in a timely manner.

At the age of 70½, certain rules require the participants to take minimum distributions in the form of an annuity.

Forfeitures

At December 31, 2012 and 2011, there were no forfeited non-vested accounts. These accounts are available to be used to reduce employer contributions. In 2012, no forfeitures were used to reduce employer contributions.

Withdrawals

An in-service withdrawal can be made while still employed, if the participant qualifies and the withdrawal is approved by the Plan Administrator. Participants are able to make withdrawals from employee contributions and vested employer contributions for financial hardship and qualifying emergencies, as defined by the Plan. A participant may make unrestricted withdrawals of their vested balance on or after age 59½.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the Partnership's contributions and (b) Plan earnings, and charged with withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings, account activity or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Basis of Presentation – Continued

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. No adjustment is presented in the Statement of Net Assets Available for Benefits to present the fair value of investment contracts from fair value to contract value as fair value approximates contract value at December 31, 2012. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates. Estimates that have the most impact on financial position and results of performance primarily relate to the fair value of investments and the collectability of notes receivable from participants. Plan management believes these estimates and assumptions provide a reasonable basis for the fair presentation of the financial statement.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The net change in the fair value of investments is reported in the statement of changes in net assets available for benefits in the period of the change. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date.

Stable Value Fund

The John Hancock Stable Value Fund (the "Fund") is a collective investment trust which invests primarily in diversified fixed income mutual funds and separately managed bond accounts run by investment subsidiaries of John Hancock Life Insurance Company, and in book value stabilizing agreements offered by high quality financial institutions. The Fund is fully benefit-responsive and honors eligible redemptions at $1 per unit.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 and 2011. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Payment of Benefits

Benefit payments to participants are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Partnership and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through the date the financial statements were available for issuance on October 8, 2013. No matters were identified affecting the financial statements or related disclosures that have not already been disclosed elsewhere in these financial statements.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarch are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted, quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs, excluding those included in Level 1, are either observable prices for identical assets or liabilities in inactive markets, observable prices for similar assets and liabilities, or other inputs derived principally from, or corroborated by, observable market data at the measurement date.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012.

NOTE 3 – FAIR VALUE MEASUREMENTS – CONTINUED

Pooled Separate Accounts: Investments in pooled separate accounts are represented by a "unit of account" and per unit values whose value is the result of the accumulated values of the underlying investments. These underlying investments are public investment vehicles valued using the NAV provided by the administrator of the mutual fund investments. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The Pooled Separate Account fair values are classified within level 2 of the valuation hierarchy.

Stable Value Fund: The Fund is valued at the NAV of units of the underlying investments of the collective trust. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different that the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The Stable Value Fund fair value is classified within level 2 of the valuation hierarchy.

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2012 and 2011, respectively.

December 31, 2012	*Fair Value*	*Unfunded Commitments*	*Redemption Frequency (if currently eligible)*	*Redemption Notice Period*
Stable Value Fund	$498,098	n/a	Daily	30 days
December 31, 2011	*Fair Value*	*Unfunded Commitments*	*Redemption Frequency (if currently eligible)*	*Redemption Notice Period*
Stable Value Fund	$214,279	n/a	Daily	30 days

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS – CONTINUED

NOTE 3 – FAIR VALUE MEASUREMENTS – CONTINUED

The pooled separate accounts have been classified based on the general characteristic of the investment focus and strategy with further clarification below:

(1) This class represents investments in an actively managed pooled separate account fund that invests primarily in both equity and debt securities of domestic companies.
(2) This class represents investments in an actively managed pooled separate account fund that invests in primarily equity securities in mostly foreign companies.
(3) This class represents investments in actively managed pooled separate accounts with investments in a variety of fixed income investments which may include corporate bonds, both U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.
(4) This class represents investments in actively managed pooled separate accounts with investments in varying mixes and allocations of fixed income and equity securities. The mix and allocation is directly correlated with the retirement year goal the pooled separate account is identified with.
(5) The strategy seeks to preserve principal and provide book value liquidity on a daily basis for plan-permitted, participant-directed withdrawals, while maintaining a competitive rate of interest. The fund will invest primarily in diversified fixed income mutual funds and separately managed bond accounts run by investment subsidiaries of John Hancock Life Insurance Company and in book value stabilizing agreements offered by high quality financial institutions.

NOTE 4 – INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

At December 31, 2012 and 2011, the Plan's investments were held by John Hancock Life Insurance Company, (the "Custodian"). The following information included in the accompanying financial statements and supplemental schedules was obtained from data that was certified by the Custodian as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The fair value of investments individually representing 5% or more of the Plan's net assets available for benefits at December 31, 2012 and 2011, are summarized as follows:

	2012	2011
John Hancock Lifestyle Aggressive	$ 1,337,935	$ 952,144
John Hancock Lifestyle Growth	1,033,757	642,765
John Hancock Lifestyle Balance	805,653	531,664

Other Investments Representing less than 5% of Plan's Net Assets	7,455,093	5,181,523
Total Investments	$ 10,633,438	$ 7,708,341

(*) included in investments that are less than 5% of Plan's net assets in the year noted

NOTE 4 – INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED) – CONTINUED

Interest income on participant loans totaled $5,659. During the year ended December 31, 2012, the Plan's investments, including gains on investments bought and sold, as well as held during the year, appreciated in value as follows:

Pooled Separate Accounts	$ 1,177,894
Collective Investment Trust Funds	6,236
	$ 1,184,130

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, including partial termination, participants will become fully vested in their accounts.

NOTE 6 – FEDERAL INCOME TAX STATUS

The Plan uses a prototype plan sponsored by Malcolm Thompson & Associates ("MTA"). MTA received a determination letter from the Internal Revenue Service, dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan's management believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

The Plan holds notes receivable from participants. As a result, these assets and all transactions relating to these assets qualify as party-in-interest transactions. These transactions are exempt from being prohibited transactions by ERISA.

Certain Plan investments are shares of mutual funds managed by the Custodian, and these transactions qualify as party in interest transactions. These transactions are exempt from being prohibited transactions by ERISA.

The Plan incurs expenses related to administrative services. Fees paid by the Plan to the Custodian totaled $3,056 for the year ended December 31, 2012.

NOTE 8 – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – DELINQUENT PARTICIPANT CONTRIBUTIONS

The Department of Labor (DOL Regulation 2580.412-11) requires an employer to segregate participant contributions and loan repayments from its general assets as soon as practicable, but in no event later than the 15th business day following the end of the month in which amounts are contributed by participants or withheld from their wages. During the years ended December 31, 2012 and 2011, the Partnership did not timely segregate participant contributions, including loan repayments, totaling $92,504 and $826,921 respectively, in a timely manner. Although these contributions were remitted to the Plan, the Partnership did not contribute lost earnings associated with these late remittances. As required, they continue to be reported as late through the year the lost earnings were contributed. The Partnership calculated lost earnings pursuant to guidelines established by the Department of Labor. The amounts of lost earnings, which are immaterial to the financial statements, are not recorded in the accompanying statements of net assets available for benefits. The lost earnings for 2011 were remitted in 2012 and 2012 lost earnings will be remitted to the Plan in 2013.
