To the Plan Administrator
Summa Health System Tax Sheltered Annuity Program

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Summa Health System Tax Sheltered Annuity Program (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note D, which was certified by Fidelity Management Trust Company, Great-West Life & Annuity Insurance Company, ING Life Insurance and Annuity Company and MassMutual Retirement Services who acquired Hartford Life Insurance Company (see Note K), the custodians of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained certifications from the custodians as of and for the years ended December 31, 2012 and 2011, that the information provided to the Plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year), which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SUMMA HEALTH SYSTEM TAX SHELTERED ANNUITY PROGRAM

NOTES TO FINANCIAL STATEMENTS

NOTE A – Description of the Plan

The following brief description of the Summa Health System Tax Sheltered Annuity Program (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more comprehensive description of the Plan's provisions.

General

The Plan is a tax sheltered annuity plan under Code §403(b)(1) covering employees of Summa Health System (the System). The Plan excludes all employees of SummaCare, Inc. and employees of Summa Barberton Hospital who are members of the collective bargaining unit. The Plan was originally established on January 1, 1989 and subsequently amended and restated effective January 1, 2008. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Effective January 1, 2010, the Plan implemented the SavingsPLUS benefit design for current, active employees of Summa Barberton Citizens Hospital and Summa Wadsworth-Rittman Hospital. Newly hired employees of Summa Health System beginning January 1, 2010, except Summa Akron City Hospital employees with collective bargaining benefits and physicians of Summa Physicians Inc., are eligible to participate in the elective deferral portion of the SavingsPLUS benefit design on their date of hire. In addition, on July 4, 2010, certain employees of the System became employees of Summa Western Reserve Hospital, and were no longer eligible to contribute to the Plan.

Effective July 1, 2011, the Plan transitioned certain employee groups to the SavingsPLUS benefit design from the SummaMatch benefit design.

Contributions

Eligible employees may contribute from 1% to 50 % of compensation through payroll deductions on a pretax basis, not to exceed Internal Revenue Service limitations. Participants are eligible for the employer match beginning on the first of the month following one year of employment.

The System currently makes an employer matching contribution each pay period for active and contributing participants. For the SummaMatch benefit design, the match is equal to 50% of the first 6% of contributions made to the Plan each pay. For the SavingsPLUS benefit design, the match is equal to 100% of the first 1% of contributions made to the Plan each pay, and 50% of the next 5% of contributions made. The SavingsPLUS benefit design also includes a 1% automatic retirement contribution made after the close of the calendar year, which is provided to employees eligible to participate in this benefit design who meet the required service and hours requirements for the automatic contribution.

Certain employees are eligible to participate in the Performance Plus Plan (PPP), a formal incentive bonus program. Employees are entitled to an additional discretionary contribution based on the standards of the PPP. The first 1% of the compensation benefit earned under the PPP is deposited to the participant account in this Plan. Any additional contribution above the 1% is payable directly to the participant.

NOTES TO FINANCIAL STATEMENTS

NOTE A – Description of the Plan, continued

Contributions, continued

The Plan also provides for the investment of qualified rollover contributions.

Participant accounts

Each participant account is credited with the participant's contributions and allocations of the System's contributions and Plan earnings. Allocations are based on the amount of deferral each payroll period. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their payroll deferral contributions and actual earnings thereon. Vesting in the System's employer contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of eligible service in which the participant worked 1,000 hours or more each year.

Forfeited accounts

At December 31, 2012 and 2011 forfeited non-vested accounts totaled \$145,133 and \$306,738 respectively. Forfeitures of nonvested employer contributions made by the System will first be used to pay reasonable Plan expenses. Any remaining forfeitures will be applied to reduce future employer contributions. During 2012, \$330,000 of forfeitures were used to offset employer contributions.

Notes receivable from participants

Loans are permitted to be made to active participants. The note receivable supporting each loan are secured by the participant's vested interest in the Plan and must be for a minimum of \$1,000 up to the lesser of one half of the participant's account balance or \$50,000. The loan repayment period may not be less than one year and may not exceed five years unless the loan is used to purchase a participant's principal residence for which the period may not exceed ten years. Interest is charged at a reasonable rate determined by the Plan administrator.

Payment of benefits

Upon death, disability, retirement or termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her account, installment payments, or an annuity option.

Administrative expenses

Certain administrative expenses of the Plan are paid by the System. All other administrative expenses are paid by the Plan.

SUMMA HEALTH SYSTEM TAX SHELTERED ANNUITY PROGRAM

NOTES TO FINANCIAL STATEMENTS

NOTE B – Summary of significant accounting policies

Basis of presentation

The accompanying financial statements and supplemental schedule have been prepared on the accrual basis of accounting.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note I for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date.

The Accounting Standards Codification Topic Plan Accounting – Defined Contribution Pension Plans requires that investment contracts held by a defined contribution plan be reported at fair market value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value approximates the fair value for the Plan's investment in guaranteed investment contracts.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Payment of benefits

Benefits are recorded when paid.

Recent accounting pronouncements

In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards (IFRS)*, to provide a consistent definition of fair value and ensure that the fair value measurement and disclosure requirements are similar between U.S. GAAP and IFRS. ASU 2011-04 changes certain fair value measurement principles and enhances the disclosure requirements particularly for level 3 fair value measurements. The Plan has adopted ASU 2011-04 effective prospectively for the year ended December 31, 2012.

SUMMA HEALTH SYSTEM TAX SHELTERED ANNUITY PROGRAM

NOTES TO FINANCIAL STATEMENTS

NOTE B – Summary of significant accounting policies, continued

Subsequent events

The Plan has evaluated subsequent events through October 15, 2013, the date the financial statements were available to be issued.

Reclassification

Certain prior years items have been reclassified to conform to the current year presentation.

NOTE C – Guaranteed investment contracts

The Plan entered into benefit-responsive guaranteed investment contracts with Great-West Life & Annuity Insurance Company (Great-West) and ING Life Insurance and Annuity Company (ING). These custodians maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. The guaranteed investment contracts are presented on the face of the statement of net assets available for benefits at fair value, which approximates contract value. Contract value, as reported to the Plan by the custodians, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contracts at December 31, 2012 and 2011 was \$2,722,587 and \$2,808,477, respectively. The crediting interest rate is based on a formula agreed upon with the issuer.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include certain amendments to the Plan document, such as a complete Plan termination. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

All investment information and participant notes receivable information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2012 and 2011 and net investment income for the year then ended, was obtained or derived from the information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, Great-West, MassMutual Retirement Services who acquired Hartford Life Insurance Company (see Note K) and ING, the custodians at December 31, 2012 and 2011.

The fair value of individual investments that represents 5% or more of the Plan's net assets at either year end was as follows at December 31:

NOTE E – Federal Income Taxes

Final regulations under Section 403(b) were published by the Internal Revenue Service (IRS) on July 26, 2007. Under the regulations, a 403(b) plan sponsor by December 31, 2009 must have adopted a written plan intended to satisfy the requirements of Section 403(b) and the regulations effective as of January 1, 2009. The IRS is in the process of establishing pre-approved and individually designed plan programs under which a plan sponsor can obtain assurance that the written form of its plan satisfies Section 403(b). Transition relief will be provided to 403(b) plan sponsors who have made appropriate efforts to comply with the written plan requirement in the final regulations. The Plan sponsor adopted a written plan in 2009 which it believes satisfies the written plan requirement. The Plan sponsor also believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE F – Plan termination

Although it has not expressed any intent to do so, the System has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

SUMMA HEALTH SYSTEM TAX SHELTERED ANNUITY PROGRAM

NOTES TO FINANCIAL STATEMENTS

NOTE G – Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H – Transactions with parties-in-interest

The Plan invests in pooled separate accounts and guaranteed investment contracts with an insurance company sponsored by the Plan's custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

NOTE I – Fair value measurements

The ASC *Fair Value Measurements and Disclosure* defines fair value and provides guidance for measuring fair value and expands disclosures about fair value measurements in accordance with accounting principles generally accepted in the United States of America. *Fair Value Measurements and Disclosure* does not require any new fair value measurements, but rather applies to all other accounting pronouncements that require or permit fair value measurements.

Fair Value Measurements and Disclosure establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

SUMMA HEALTH SYSTEM TAX SHELTERED ANNUITY PROGRAM

NOTES TO FINANCIAL STATEMENTS

NOTE I – Fair value measurements, continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Registered investment companies: Valued at the net asset value of shares held by the Plan at year-end.

Pooled separate accounts: The fair values of participation units in the pooled separate accounts are based upon the net asset values of such accounts which are provided by the custodian. The net asset value is based on the underlying assets owned by the account less liabilities and then divided by the number of shares outstanding. The accounts allow for daily redemptions and contributions.

Guaranteed investment contracts: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering credit-worthiness of the issuer. Since the participants transact at contract value, fair value is determined annually for financial statements reporting purposes only. In determining the reasonableness of the methodology, the Investment Committee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

NOTE K – Subsequent Events

Effective January 1, 2013, Massachusetts Mutual Life Insurance Company acquired The Hartford's Retirement Plan Group business. MassMutual Retirement Services is a division of Massachusetts Mutual Life Insurance Company.

On August 23, 2013, the System amended the union contract with respect to the Summa Health System Retirement Income Plan (RIP Plan). Union employees who are participants in the RIP Plan as of December 31, 2012 will continue to accrue benefits and additional service for vesting under the terms of the RIP Plan. Union employees who were not participants in the RIP Plan as of December 31, 2012 shall not become participants in the RIP Plan and may contribute 1% of their pay up to a maximum of 50% not to exceed the limit under the Internal Revenue Code to the Plan.

Effective October 1, 2013, Summa/Barberton Citizens Hospital union employees under the age of 60 will no longer be able to contribute to the Summa/Barberton Citizens Hospital Bargaining Unit Retirement Savings Plan (Barberton Plan). These employees will now be eligible to enroll in the Plan. Those employees age 60 and over will remain eligible to participate in the Barberton Plan.
