The Investment Committee
Lonesource, Inc. 401(k) Plan
Cary, North Carolina

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Lonesource, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by Section 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company ("Fidelity") and Charles Schwab Bank, the trustees of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that Fidelity held the Plan's investment assets and executed investment transactions as of and for the years ended December 31, 2012 and 2011, and that Charles Schwab Bank held an investment asset of the Plan and executed investment transactions as of December 31, 2012 and for the period from December 26, 2012 to December 31, 2012. The plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the Plan's financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules, as listed in the accompanying table of contents, which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

LONESOURCE, INC. 401(K) PLAN

Notes to Financial Statements

December 31, 2012 and 2011

NOTE 1: DESCRIPTION OF PLAN

The following description of the Lonesource, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution savings plan which was established effective January 1, 2009. The Plan covers all eligible employees of Lonesource, Inc. (the “Company”). To be eligible to participate in the Plan, an employee must be 18 years of age and complete three months of service.

The Plan Sponsor is Lonesource, Inc. The Plan began the process of transferring its assets from Fidelity Management Trust Company (“Fidelity”) to Charles Schwab Bank (“Schwab”) on December 31, 2012. Therefore, as of December 31, 2012, both Fidelity and Schwab held investments and executed investment transactions related to the Plan. During 2012 and 2011, the Company engaged a third-party administration company, Fidelity Workplace Services LLC, to assist in the administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Contributions

Employees who have satisfied the service and eligibility requirements for participation in the Plan may elect to contribute 1% to 90% of their compensation as defined in the Plan on a pre-tax basis up to an amount which will not exceed the maximum contributions allowed by the Internal Revenue Code (“IRC”). Participants may, upon proper notice and approval, enter into a special salary reduction agreement to elect to contribute up to 100% of any cash bonuses. Participants may also elect to contribute 1% to 90% (in multiples of 1%) of their eligible compensation to the Plan on an after-tax basis. Rollover contributions from other qualified plans are allowed.

Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

LONESOURCE, INC. 401(K) PLAN

Notes to Financial Statements

December 31, 2012 and 2011

NOTE 1: DESCRIPTION OF PLAN (continued)

The Company may make discretionary employer matching contributions to the Plan as authorized by the Company. The Company contributed 100% of the first 3% of eligible compensation that a participant contributed to the Plan in 2012 and 2011.

In addition, the Company may make a discretionary non-elective contribution to the Plan. No discretionary contributions were made to the Plan in 2012 or 2011.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, if any, and, (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions as well as employer matching contributions and discretionary non-elective employer contributions plus actual earnings thereon.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. Loan terms range from one to five years, unless for the purchase of a primary residence in which case the repayment period is not to exceed ten years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time of the loan. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

A participant is entitled to distributions under the Plan the later date of (a) when such participant attains their 65th birthday (the normal retirement date); or (b) in the event of the death or disability of the participant before retirement or other termination of employment; or (c) in the event that a participant's employment is terminated for any reason other than those stated in (a) and (b) above.

Participants who have attained the age of 59½ are allowed to receive a distribution of all or any portion of their vested account balance.

LONESOURCE, INC. 401(K) PLAN

Notes to Financial Statements

December 31, 2012 and 2011

NOTE 1: DESCRIPTION OF PLAN (concluded)

Participants entitled to distributions may elect to receive either a lump sum amount equal to the value of the participant's vested interests in his or her account or payment of a specific dollar amount on an installment basis over a period of time not to exceed the life expectancy of the recipient.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Benefits are recorded when paid.

The plan administrator has evaluated subsequent events through October 15, 2013, the date at which the financial statements were available to be issued.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

LONESOURCE, INC. 401(K) PLAN

Notes to Financial Statements

December 31, 2012 and 2011

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (concluded)

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEES

All investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held as of December 31, 2012 and 2011, and net appreciation in fair value of investments and interest and dividends for 2012 were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustees.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEES (concluded)

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information included in the financial statements and supplemental schedules.

NOTE 4: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures* ("FASB ASC 820"), provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820's framework are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. All of the Plan's investments are valued using level 1 measurements.

Following is a description of the valuation methodology used for investments measured at fair value. There have been no changes in the methodology used as of December 31, 2012 and 2011.

* Amounts not greater than 5% of the Plan's net assets.

During the year ended December 31, 2012, the Plan's mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$164,905.

NOTE 6: RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by the trustees as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Company pays directly any other fees related to the Plan's operations.

Notes to Financial Statements

December 31, 2012 and 2011

NOTE 7: RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500 (concluded)

The following is a reconciliation of net increase per the financial statements for the year ended December 31, 2012 to Schedule H of Form 5500:

Net increase per the financial statements	\$ 556,511
Add prior year contributions receivable	13,714
Add change in account payable, return of excess contributions	<u>7,230</u>
Net increase per Form 5500	<u><u>\$ 577,455</u></u>

The difference between the net assets available for benefits and the net increase in net assets available for benefits per the Plan's financial statements and the net assets available for benefits and the net increase in net assets available for benefits per the Form 5500 is because the financial statements were prepared using the accrual basis of accounting and the Form 5500 was prepared using the cash basis of accounting.
