Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Tavistock 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company and John Hancock Life Insurance Company, the trustees of the Plan, as of December 31, 2012 and 2011, respectively, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that Fidelity Management Trust Company held the Plan's investment assets and executed investment transactions from March 1, 2012 to December 31, 2012, and that John Hancock Life Insurance Company held the Plan's investment assets and executed investment transactions as of December 31, 2011, and for the period from January 1, 2012 to February 29, 2012. The Plan administrator has obtained certifications from the trustees as of December 31, 2012 and 2011 and for the year ended December 31, 2012 that the information provided to the Plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules 1) Form 5500, Schedule H, Part IV, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2012 and 2) Form 5500, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2012, which are the responsibility of Plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The accompanying notes to the financial statements are an integral part of this statement.

Note 1 – Description of Plan

The following description of the Tavistock 401(k) Plan (the "Plan") is provided for general information purposes only. The Plan is maintained for the employees of ICC Management, Inc. and Lake Nona Management Company, wholly-owned subsidiaries of Tavistock Group (the "Company" or the "Employer"). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all eligible employees of the Company and its affiliated companies as listed in the Plan document. The Plan was established on August 24, 1996 and has been amended from time to time thereafter. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Administration of Plan Assets – The Plan is sponsored and administered by the Company. The Plan's investments were maintained and administered by John Hancock Life Insurance Company ("John Hancock") as of December 31, 2011 and for the period from January 1, 2012 to February 29, 2012. Effective March 1, 2012, the Plan transferred all assets to Fidelity Management Trust Company ("Fidelity"). The Plan's recordkeeping services and maintenance of participant account records are maintained by Carpenter Morse Group.

Eligibility – Employees of the Company who have attained the age of 21 and completed one month of service are eligible to participate in the Plan.

Contributions – Subject to certain limitations, under Internal Revenue Code ("IRC") Section 401(k), participants may contribute up to 100% of their annual compensation, subject to 2012 annual limits of $17,000 and an additional $5,500 catch-up contribution for participants who are age 50 or older. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company has the option of making discretionary matching contributions and qualified non-elective contributions. The Company elected not to make any contributions for the 2012 Plan year.

Participant Accounts – Each participant's account is credited and/or reduced with the participant's elective deferral contributions and distributions, the Company's contributions, and an allocation of the Plan's investment earnings/losses and investment fees and any administrative expenses paid out of the Plan. Allocations are based on participant earnings or account balances, as defined in the Plan.

Vesting – Participants are fully vested in their elective contributions, as well as any rollover contributions, plus or minus any earnings or losses thereon. Vesting in any discretionary Employer contributions and earnings or losses thereon is 20% after the completion of two years of employment, being 100% vested after six years of credited services.

Forfeitures – Forfeitures of matching contributions that are not used to pay Plan expenses are used to reduce the amount that the Company must contribute as a matching contribution. Forfeitures of profit sharing contributions that are not used to pay Plan expenses are reallocated as an additional profit sharing contribution. At December 31, 2012 and 2011, there were no forfeited non-vested account balances.

Investment Options – Upon enrollment in the Plan, a participant may direct the investment of their account balances and may select from various investment options. Participants may change their investment option selections on any business day as defined by the Plan.

Note 1 – Description of Plan (continued)

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The interest rates on these notes ranged from 4.25% to 7.50% as of December 31, 2012. The maximum note repayment period is five years unless the note is for purchase of a primary residence, in which case the repayment schedule may be for a term in excess of five years. The notes are collateralized by the participant's vested interest in their account balance. Principal and interest payments with respect to the notes are credited solely to the account of the borrowing participant from which the note was made.

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document.

Hardship Distribution - Hardship distributions are permitted if the distribution is due to expenses incurred or necessary for medical care described in IRC Section 213(d), purchase of a principal residence, payment of tuition, to prevent eviction from or foreclosure of the principal residence, or any other condition which the Commissioner of the Internal Revenue Service ("IRS") deems an immediate and financial need of the participant. Participant voluntary contributions are suspended for at least six months after receipt of a hardship distribution. Participants are limited to one hardship distribution during a Plan year.

Payment of Benefits – Upon termination of employment by reason of death, disability, or retirement, a participant is entitled to the entire participant account balance, which includes all of the vested employer contributions allocated to the participant's account and all gains or losses attributable thereto. Terminating participants may elect to receive a distribution of their vested benefits in a lump sum distribution or annuity contract. Participants should refer to the Plan documents for a full description of the distribution methods offered by the Plan.

Plan Termination – Although it has not expressed any intent to do so, the Company reserves the right at any time to amend, modify or terminate the Plan without the consent of any participant or beneficiary subject to the provisions of ERISA. In the event of such termination, the Plan provides that the participants shall become 100% vested in all amounts credited to their accounts.

Note 2 – Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Fair Value of Investments – Investments held by the Plan are recorded at fair value. Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction. ASC 820 also establishes fair value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The standard describes three levels of inputs that may be used to measure fair value:

> *Level 1* – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Note 2 – Summary of significant accounting policies (continued)

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets which are either directly or indirectly observable as of the reporting dates, and fair value can be determined through the use of models or other valuations methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for Plan instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual Funds – These investments are public investment vehicles valued using the Net Asset Value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of valuation hierarchy.

Money Market Fund– This investment is a public investment vehicle valued using $1 for the NAV. The money market fund is classified within Level 2 of the valuation hierarchy.

Pooled Separate Accounts – These investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within Level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

Collective Investment Trust - These investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within Level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

Investment contracts held by a defined contribution plan are required to be reported at fair value. The statements of net assets available for benefits present the fair values of investment contracts as well as adjustments for fully benefit-responsive investment contracts from fair value to contract value. The contract value of a fully benefit-responsive investment is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of changes in net assets available for benefits is prepared on a contract value basis. See Note 5 for discussion of fully benefit-responsive contract.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair valuation of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date and interest income is recognized when earned. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 – Summary of significant accounting policies (continued)

Recent Accounting Pronouncements - In May 2011, the Financial Accounting Standards Board ("FASB") issued guidance to provide a consistent definition of fair value and ensure that the fair value measurement and disclosure requirements are similar between GAAP and International Financial Reporting Standards. This update changes certain fair value measurement principles and enhances the disclosure requirements particularly for Level 3 fair value measurements and certain investments that are valued based on NAV. This guidance is effective for annual periods beginning after December 15, 2011 (the 2012 Plan year), and is applied prospectively. The Plan does not have Level 3 investments, and primarily holds mutual funds and a money market accounts that are valued using the underlying investments NAV. Other than new disclosure requirements, this new accounting pronouncement did not have any significant effect on the Plan's financial statements.

Benefits Paid to Participants - Benefits are recorded when they have been processed and paid by the Plan.

Administrative Expenses - In accordance with the Plan, expenses may be made from the Plan's assets. If expenses are paid using the Plan's assets, then the expenses will be allocated among the accounts of all participants in the Plan. These expenses will be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. The method of allocating the expenses depends on the nature of the expense itself. Expenses for the Plan may include investment advisory fees, redemption fees, administrative services, accounting and legal fees.

Use of Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of changes in net assets during the reporting period. Such estimates include those regarding fair value. Actual results could differ from those estimates.

Note 4 – Fair value of financial investments (continued)

The following summarizes the Plan's investments measured at fair value based on NAV per share as of December 31, 2012:

Asset	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Fidelity Money Market Retirement Fund (a)	$ 157,916	n/a	Daily	None
Wells Fargo Stable Return Fund (b)	$ 114,759	n/a	Daily	None

(a) The investment objective of the fund is to obtain as high a level of current income as is consistent with the preservation of capital and liquidly. The fund invests in U.S. dollar-denominated money market securities of domestic and foreign issuers and repurchase agreements.
(b) The investment objective of the fund is to provide investors with a moderate level of stable income without principal volatility.

Note 5 – Collective investment trust

The Plan holds an interest in a collective investment trust to maintain a portion of the Plan contributions in guaranteed investment contracts, synthetic guaranteed investments contracts, and separate account investment contracts. The account is credited with contributions and earnings on the underlying investments and charges for participant withdrawals and administrative expenses charged by the trustee of the collective investment trust. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. The Plan held an interest in the John Hancock Stable Value Fund as of December 31, 2011 and for the period from January 1, 2012 to February 29, 2012. The average yield and crediting interest rate of this fund were both less than 1% at December 31, 2011. As of March 1, 2012, the Plan now holds an interest in the Wells Fargo Stable Return Fund. The average yield and crediting interest rate of this fund was approximately 0.94% and 1.95%, respectively at December 31, 2012.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Specific coverage provided by each contract may be different from each issuer and can be found in the contract of the collective investment trust. Examples of such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investments options or deletion of equity wash provision, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any requires prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 6 – Party-in-interest transactions

Certain Plan investments and the related transactions as of December 31, 2012 and 2011 and for the year ended December 31, 2012 were in shares of pooled separate accounts, mutual funds and collective investment trusts managed by the trustees; therefore, these investments and transactions qualify as party-in-interest transactions. Fees paid during the year for accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services. Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants.

Note 7 – Risks and uncertainties

The Plan provides for investment options in various funds. Investment securities are exposed to various risks, such as interest rate, market, credit, and overall market volatility. Due to the level of risk associated with certain investment securities and the level of uncertainty related to the changes in their value, it is at least reasonably possible that changes in the fair value of investment securities in the near future could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 8 – Income tax status

The underlying standardized prototype plan has received an opinion letter from the Internal Revenue Service dated March 31, 2008, stating that the written form of the underlying prototype document is qualified under Section 401(a) of the IRC, and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the IRC. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since receiving the determination letter, the Plan's administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Plan management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2012 and 2011 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2009.

Note 9 – Subsequent events

The Plan's management evaluated subsequent events through October 15, 2013 in connection with the preparation of these financial statements, which is the date that the financial statements were available to be issued.
