We were engaged to audit the accompanying financial statements of the AECOM Technology Corporation Contract Employee 401(k) Plan (the Plan), which comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2012, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note B; this includes determining that the modified cash basis of accounting is an acceptable basis for the representation of the financial statements in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note F, which was certified or provided by Bank of America, N.A., the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certification from the trustee as of and for the year ended December 31, 2012 that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note B of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedules, Schedule H, line 4(j)—schedule of assets (held at end of year) as of or for the year ended December 31, 2012, and schedule of delinquent participant contributions for the year then ended are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis, and are not a required part of the financial statements. These supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with the Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the AECOM Technology Corporation Contract Employee 401(k) Plan (the Plan), which comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2012, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note B; this includes determining that the modified cash basis of accounting is an acceptable basis for the representation of the financial statements in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note F, which was certified or provided by Bank of America, N.A., the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certification from the trustee as of and for the year ended December 31, 2012 that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note B of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedules, Schedule H, line 4(j)—schedule of assets (held at end of year) as of or for the year ended December 31, 2012, and schedule of delinquent participant contributions for the year then ended are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis, and are not a required part of the financial statements. These supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with the Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

AECOM TECHNOLOGY CORPORATION

CONTRACT EMPLOYEE 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (MODIFIED CASH BASIS) YEAR ENDED DECEMBER 31, 2012

A. DESCRIPTION OF THE PLAN

The following brief description of AECOM Technology Corporation Contract Employee 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General — The Plan is a defined contribution plan which became effective as of November 1, 1995. Employees of the following separate employers are eligible to participate in the Plan: (1) various participating companies, corporations, or entities affiliated with the Plan sponsor, AECOM Technology Corporation (“AECOM”), such as SCA and MSI contracts within McNeil Technologies, Inc. (“McNeil”), the Diesel Contract and certain other contracts of AECOM; (2) Rock Island Integrated Services Project in Illinois (“Rock Island”); and (3) Meridiam Infrastructure North America Corporation (“MINA”). The Plan is administered by the Americas Stock and Pension Committee appointed by the AECOM Board of Directors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The assets of the Plan are held by Bank of America, N.A. (the “Trustee”).

Eligibility — Participants generally become eligible to participate in the Plan on the first day of the second calendar month following the date the individual becomes an employee of a participating company, with the exception of employees of McNeil Technology, Inc. and Rock Island who are eligible to participate upon their date of hire.

Employee Contributions:

After-Tax Contributions — Participants may elect to make after-tax contributions in percentages from 1% to 25% of eligible compensation, with the exception of McNeil and Rock Island employees who are allowed to elect up to 100% and 10% of eligible compensation, respectively.

Tax-Deferred Contributions — Participants may elect to make tax-deferred contributions in percentages from 1% to 25% of eligible compensation, with the exception of McNeil and Rock Island employees who are allowed to elect up to 100% and 15% of eligible compensation, respectively. All participants are limited to a maximum annual amount specified by the Internal Revenue Code (the “Code”) (\$17,000 in 2012).

Roth Contributions — Participants may elect to make Roth contributions in percentages from 1% to 25% of eligible compensation, with the exception of McNeil and Rock Island employees who are allowed to elect up to 100% and 10% of eligible compensation, respectively.

Catch-Up Contributions — Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions limited to the specified amount by the Code (\$5,500 in 2012).

Rollover Contributions — Participants may also contribute amounts representing rollovers from other qualified plans. Participants may make rollover contributions starting on their date of hire.

Employer Contributions — Participating companies are required to make employer contributions to the Plan on behalf of each eligible employee in an amount determined by each participating company or applicable collective bargaining agreements. Participating Union and Non-Union companies require employer contributions as follows:

- a) MINA – 100% match on the first 8% deferred;

AECOM TECHNOLOGY CORPORATION

CONTRACT EMPLOYEE 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (MODIFIED CASH BASIS) YEAR ENDED DECEMBER 31, 2012

A. DESCRIPTION OF THE PLAN (*concluded*)

- b) Rock Island – profit sharing contribution: Union employees receive match of \$1 for each hour worked. Non-Union employees receive match of \$0.30 for each hour worked;
- c) McNeil SCA contracts – 50% match on the first 6% deferred;
- d) McNeil MSI contracts – 100% match on the first 5% deferred;
- e) The Diesel contract – 100% match on the first 3% deferred and 50% on the next 2% deferred.

Employees of certain contracts governed by the Service Contract Act of 1965 (“SCA”) receive a required employer contribution on a quarterly basis (“SCA contributions”). SCA contributions are based on a calculated threshold of three months’ worth of health and welfare insurance premiums in their individual premium reserve accounts held externally to this Plan. The equivalent amounts in excess of this threshold are contributed to the participants’ account in the Plan and included in employer contributions.

Participant Accounts — An account is maintained for each participant, which is credited with the participant’s and employer’s contributions and allocations of the Plan earnings and charged with any administrative expenses specific to the participant’s transactions. Participants direct the investments of all contributions into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting — Participants are 100% vested in their contributions at all times. Participants have a 100% nonforfeitable right to the amount in their accounts including employer contributions at all times with the exception of McNeil SCA contracts, Diesel contract, and MINA employees who have a 3-year cliff vesting schedule. Employees that are eligible to receive SCA contributions are 100% vested at all times. Unvested forfeited employer contributions are accumulated in the forfeiture account in the Plan and are available to pay Plan expenses or reduce subsequent employer contributions. The balance in the forfeiture account at December 31, 2012 was immaterial. During the year ended December 2012, \$15,589 of forfeitures was used to pay for Plan expenses and \$13,931 was used to reduce employer contributions.

Notes Receivable from Participants — Active participants may obtain loans from the Plan with the consent of the Plan administrator. The minimum loan amount permitted is \$1,000; the maximum is the lesser of \$50,000 or 50% of the participant’s vested account balance. The interest rates are no less than 1% over the prime rate as published in The Wall Street Journal on the first business day of the month in which the loan application is approved. The repayment period of such loans cannot exceed five years unless the proceeds are used to buy the participant’s principal residence, in which case longer terms, up to ten years, are allowed. These loans are secured by a promissory note from the participant and his or her vested interest in the Plan. A note in default becomes a distribution and is considered a taxable event subject to all taxes and penalties applicable to such distributions. The notes are recorded at cost plus accrued interest.

Distributions — Generally, distributions are made when a participant terminates employment, becomes disabled, dies, or turns age 59-1/2 (in the event of death, payment shall be made to his or her beneficiary or, if none, to his or her legal representatives). Distributions are made in one single lump-sum in-kind distribution. Certified hardship withdrawals are permitted on vested amounts for certain substantiated financial reasons. If the participant takes a hardship withdrawal, the participant will be suspended from making further contributions to the Plan for a six-month period.

NOTES TO FINANCIAL STATEMENTS (MODIFIED CASH BASIS) YEAR ENDED DECEMBER 31, 2012

B. SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation — The accompanying financial statements have been prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (“GAAP”). The modified cash basis of accounting is used to report the cash received from employer contributions related to SCA contract employees. These employer contributions to SCA contract employees are recorded when the cash is received by the Plan as opposed to being accrued under the GAAP basis of accounting in the period they are contractually earned by participants and payable to the Plan.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because a contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in these investment contracts through collective trusts. The Statement of Net Assets Available for Benefits (Modified Cash Basis) presents the fair value of the investment in the collective trusts as well as the adjustment of the investment in the collective trusts from fair value to contract value relating to the investment contracts. The Statement of Changes in Net Assets Available for Benefits (Modified Cash Basis) is prepared on a contract value basis.

Use of Estimates — The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition — Investments in common stocks, exchange traded funds and mutual funds are stated at fair value based on quoted market prices. Investments in money market funds are stated at net asset value. Investments in common/collective trust funds are stated at net asset value of the applicable fund as determined by Merrill Lynch, a related entity to Bank of America, N.A., by reference to the market prices of fund portfolios. Interest income is recorded as earned. Dividend income is recorded on the ex-dividend date. Purchases and sales of investments are recorded on the trade-date basis. Net depreciation includes the Plan’s gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits — Benefits are recorded when paid by the Plan.

Administrative Expenses — The Plan incurs monthly recordkeeping and administrative expenses. Specific participant transaction expenses are deducted from participant accounts directly. Plan expenses that cannot be directly charged to a specific participant transaction are paid by AECOM. For the year ended December 31, 2012, the Plan incurred \$24,670 of expenses.

Fair Value Measurements — The Plan’s investments, which are stated at fair value, are disclosed in accordance with the established framework and disclosure requirements described in the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) No. 820-10, “Fair Value Measurements and Disclosures” (“ASC 820-10”), which defines fair value, establishes a framework for measuring fair value under current accounting pronouncements that require or permit fair value measurement, and enhances disclosures about fair value measurements. ASC 820-10 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy, which requires an entity to maximize the use of observable inputs when measuring fair value.

AECOM TECHNOLOGY CORPORATION

CONTRACT EMPLOYEE 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (MODIFIED CASH BASIS) YEAR ENDED DECEMBER 31, 2012

B. SIGNIFICANT ACCOUNTING POLICIES *(continued)*

The standard describes three levels of inputs that may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds

A mutual fund is an investment company registered under the Investment Company Act of 1940 that pools the capital of many investors and invests it in stocks, bonds, short-term money market instruments, and/or other securities. These investments are public investment vehicles valued using the Net Asset Value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Collective Investment Trusts

A collective investment trust is a trust for the collective investment and reinvestment of assets contributed from employee benefit plans maintained by more than one plan. These investments are public investment vehicles valued using the NAV provided by the administrator of the collective trust. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within Level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments, which are traded on an active market. The valuation techniques used to measure the fair value of collective investment trusts that were classified as Level 2 are described in Note D.

Money Market Funds

These investments are public investment vehicles valued using \$1 for the NAV and are available in active markets. The money market funds are classified within Level 1 of the valuation hierarchy.

AECOM TECHNOLOGY CORPORATION

CONTRACT EMPLOYEE 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (MODIFIED CASH BASIS) YEAR ENDED DECEMBER 31, 2012

B. SIGNIFICANT ACCOUNTING POLICIES *(concluded)*

Common Stocks and Exchange Traded Funds

Common stocks and exchanged traded funds are valued at the closing price reported on active markets and are classified within Level 1 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Transfers Between Levels — The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions of model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. We evaluate the significance of transfers between levels based on the nature of the financial instrument's size or the transfer relative to total net assets available for benefits. For the year ended December 31, 2012, there were no transfers between levels.

Subsequent Events — The Plan has evaluated subsequent events through October 14, 2013, the date the financial statements were available to be issued.

Recently Adopted Accounting Pronouncements — In May 2011, the Financial Accounting Standards Board issued Accounting Standards Update 2011-04, "Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs" ("ASU 2011-04"). ASU 2011-04 converges the fair value measurement guidance in U.S. Generally Accepted Accounting Principles ("U.S. GAAP") and International Financial Reporting Standards ("IFRS"). Some amendments clarify the application of existing fair value measurement requirements and others change a particular principle for measuring fair value for disclosing fair value measurement information. In addition, ASU 2011-04 requires additional fair value disclosures such as disclosures about the valuation processes and sensitivities of Level 3 assets. The Plan's adoption of ASU 2011-04 as of January 1, 2012 did not have a material effect on the Plan's net assets available for benefits or changes in net assets available for benefits.

C. INVESTMENTS

The Plan's investments that represented 5% or more of the Plan's net assets available for benefits as of December 31, 2012 are as follows:

Fidelity Investments Balanced Fund	\$ 1,521,568
Vanguard Target Retirement 2020 Fund	1,510,578
Fidelity Investments Pyramis Large Cap Core Commingled Pool Class C	1,486,297

D. FAIR VALUE MEASUREMENTS *(continued)*

Fidelity Investments Blended Stable Value Fund

During the year ended December 31, 2012, the Plan held investments in the Fidelity Blended Stable Value Fund (Stable Value Fund). The Stable Value Fund represents an investment in the Fidelity Managed Income Portfolio II Class 2 (MIP II), which is a commingled pool of the Fidelity Group Trust for Employee Benefit Plans and are managed by Fidelity Management Trust Company ("FMTC"). MIP II's investment objective is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. MIP II invests in short-term bonds and other fixed income securities such as U.S. treasury bonds, government agency securities, corporate bonds, mortgage-backed securities, commercial mortgage-backed securities, asset-backed securities and derivative instruments, including futures, options and swaps. MIP II also enters into third party liquidity agreements, commonly referred to as wrap contracts, issued by insurance companies and other financial institutions. The issuer of the wrap contract guarantees a minimum rate of return and provides full benefit responsiveness, provided that all terms of the wrap contract have been met. The FMTC seeks to minimize the exposure of MIP II to wrap related credit risk through diversification of the wrap contracts across an approved group of issuers. A portion of MIP II is invested in cash equivalents represented by shares in money market funds to provide daily liquidity and help maintain a stable NAV. The Stable Value Fund is credited with contributions from participants and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fair value of the Stable Value Fund equals the total of the fair values of the underlying assets plus the wrap contracts.

The wrap contracts accrue interest using crediting interest rates which is based upon a formula agreed with the issuer of the wrap contract with the requirement that the interest rates may not be less than zero percent. Crediting interest rates are reset monthly. A wrap issuer may terminate a wrap contract at any time.

The fair values of the underlying assets of the MIP II, other than the wrap contracts, are priced using independent third party pricing services or brokers approved by FMTC to value its investments. The investment in wrap contracts are fair valued using a discounted cash flow model that considers recent fee bids as determined by recognized dealers, discount rate, and the duration of the underlying portfolio securities.

The statement of net assets available for benefits (modified cash basis) includes the fair value of the underlying assets and wrap contracts of the Blended Stable Value Fund based on the proportionate ownership of the Plan's participants.

The average yield earned by the Plan for all investments held by the Stable Value Fund was approximately 1.73% for the year ended December 31, 2012. The average yield earned by the Plan for all investments held by the Stable Value Fund based on the actual interest rates credited to the participants was approximately 1.28% for the year ended December 31, 2012.

Fidelity Investments Pyramis Large Cap Core Commingled Pool - Class C

During the year ended December 31, 2012, the Plan held investments in the Pyramis Large Cap Core Commingled Pool – Class C. The Pyramis Large Cap Core Commingled Pool – Class C (the "Pool") is a commingled pool of the Pyramis Group Trust for Employee Benefit Plans. It is managed by Pyramis Global Advisors Trust Company ("PGATC"), a non-depository limited purpose trust company. The Pool seeks to achieve excess return relative to the S&P 500. The Pool will look to invest in securities that have sustainable competitive advantages in their respective industries, or in market leaders expected to sustain strong earnings growth in their respective markets. The Pool is not constrained by any particular investment style although generally, it will invest in companies with market capitalizations greater than \$1 billion. Although substantially all of the Pool's investments are equity

securities that have active markets, the Pool may use futures, index options, and exchange traded funds to enable it to remain fully invested, while being able to respond to participant cash flows.

The Pool's unit price or NAV is calculated by dividing its total assets less its total liabilities by the number units outstanding. The fair values of the underlying assets of the Pool are priced using independent third party pricing services or brokers approved by PGATC to value its investments.

Net Asset Value per Share

The following table summarizes Level 2 investments measured at fair value based on NAV per share as of December 31, 2012.

	Fair Value	Unfunded Commitment	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Pyramis Large Cap Core Commingled Pool Class C	\$ 1,486,297	n/a	Daily	None
Blended Stable Value Fund	1,317,675	n/a	Daily	None

E. BENEFITS PAYABLE

Net assets available for benefits at December 31, 2012 include \$81,341 for participants who have withdrawn from the Plan and have requested distribution of benefits, but have not yet been paid.

F. INFORMATION CERTIFIED OR PROVIDED BY THE TRUSTEE

The following is a summary of the investment information as of December 31, 2012, and for the year then ended, included in Notes C and D and in the Plan's financial statements and supplemental schedules that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the trustee that information provided to the Plan Administrator by the trustee related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Note F and supplemental schedules related to the following investments :

G. RELATED PARTY TRANSACTIONS

The Plan invests in investments held in self-directed brokerage accounts managed by Merrill Lynch. Merrill Lynch is an affiliate of Bank of America, N.A., which is the Trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions.

H. PLAN TERMINATION

Although it has not expressed any intent to do so, AECOM has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts.

I. TAX STATUS

The Internal Revenue Service (the "IRS") has determined and informed the Company by a letter dated March 25, 2009 that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

J. NONEXEMPT TRANSACTIONS

As reported on the supplemental schedule of delinquent participant contributions (Schedule H, Part IV, Line 4a), certain Plan contributions were not remitted to the Trust within the time frame specified by the Department of Labor's Regulation 29 (CFR 2510.3-102), thus constituting nonexempt transactions between the Plan and AECOM for the year ended December 31, 2012. These late contributions, along with earnings, were corrected during 2012.

K. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term, and that such change could materially affect the amounts reported in the financial statements. The Plan's exposure to a concentration of risks is limited by the diversification of investments across various participant-directed investment options. Additionally, the investments within each participant-directed investment option are further diversified into varied financial instruments.
