Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information identified in Note 3, which was certified by MG Trust, LLC, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

**CST 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011**

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of CST 401(k) Plan ("Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General - The Plan is a defined contribution plan covering substantially all employees of Construction Software Technology, Inc. (DBA iSqFt) ("Company"). Two stockholders of the Company serve as Trustees for the Plan. Pension Corporation of America is the Plan's record keeper and third-party administrator. MG Trust Company, LLC is the custodian for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility - All employees from the start of the Plan through June 30, 2007 who have completed three months of continuous service and attained the age of eighteen (18) shall become active participants in the Plan as of the first day of the quarter following the meeting of these requirements. A Plan amendment was effective July 1, 2007 that reduced the service requirement from three months of continuous service to one hour of service.

Contributions - Each year, participants may contribute up to 85% of pre-tax or after-tax annual compensation, as defined in the Plan, subject to the maximum compensation allowable by law and to the deferral adjustments necessary to meet the annual discrimination tests as required by the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company may contribute a qualified discretionary matching amount in its sole judgment. These contributions will be subject to vesting schedules and withdrawal restrictions. All additional contributions, if any, will be allocated to all qualified participants eligible to receive these contributions of these types as set forth in the Plan.

Participant Accounts - Individual accounts are maintained for each Plan participant. Income from investments and the change in the market value of the investments are allocated to the participants' accounts daily. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

CST 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
DECEMBER 31, 2012 AND 2011

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Investments - Participants direct the investment of their contributions and allocations of Company contributions into various investment options offered by the Plan and maintained by the custodian. In 2007, the Plan also started offering employees the option of deferring contributions into Roth retirement fund accounts. Participants may change their investment options and make transfers at any time.

Vesting - Participants are immediately vested in their contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contribution plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after five years of credited service. The Plan defines "one" year of service as a 12-month period, in which the employee works 1,000 hours of service.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at one percent above the prime rate, which is commensurate with local prevailing rates. Principal and interest is paid ratably through bi-weekly payroll deductions.

Administrative Expenses - Participants who elect to make withdrawals from the Plan are assessed a fee at the time of the distribution.

Payment of Benefits - Participants may withdraw their contribution and the vested portion of the Company's matching contribution upon hardship, retirement, the attainment of age 59 and one-half, termination of services, disability or death. In the event of a participant's death, payment will be made to the designated beneficiaries. Upon termination of service, a participant may receive the vested percentage of the account balance in a lump-sum distribution. The full value of each participant's account is payable at age 70½, retirement, or when the participant is fully disabled. Participants leaving the Company prior to any of the aforementioned events can elect to receive their account balance in a lump sum, or let their account balances remain in the Plan until the occurrence of one of the aforementioned events.

Forfeited Accounts - Forfeited accounts are used to reduce future employer contributions. At December 31, 2012, there were no forfeited non-vested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements of the Plan are presented on the accrual basis of accounting.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting (continued)

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Asset Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Risk - The Plan invests in various investment securities. Investment securities in general, are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 or 2011. If a participant ceases to make loan repayments and the plan administrator deems the participant note to be in default, the participant note receivable balance is reduced and a benefit payment is recorded.

DECEMBER 31, 2012 AND 2011

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2012 excess contributions to the applicable participants prior to March 15, 2013.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

Expenses- Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the origination of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events - The Plan has evaluated subsequent events through October 5, 2013, the date the financial statements were available to be issued.

NOTE 3 - INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103.8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Other than the fair value of the guaranteed investment contract and the related adjustment from fair value to contract value for fully benefit-responsive investment contracts, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2012 and 2011, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2012 was obtained by the Plan administrator and certified as complete and accurate by MG Trust, LLC, custodian, as permitted under such election. The contract value of the guaranteed investment contract was certified by MG Trust, LLC.

NOTE 4 - TAX STATUS

The IRS has determined and informed the Company by a letter dated August 30, 2001, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and currently being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified and tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 4 - TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the relevant taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - GUARANTEED INVESTMENT CONTRACT WITH METLIFE

The Plan invests in a benefit-responsive guaranteed investment contract with MetLife. The assets are invested in a MetLife separate account. MetLife will guarantee principal and accrued interest, based on the credited interest rates, for participant-initiated withdrawals as long as the contract remains active. Interest is credited to the contract at interest rates that reflect the performance of the underlying portfolio. The crediting interest rate is based on a formula agreed upon with the issuer and may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2012 and 2011 was \$362,024 and \$315,773, respectively.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by MetLife, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value, which includes principal and accrued interest at time of the transaction, for certain allowed events. These include transfers to other Plan investment options, and payments because of retirement, termination of employment, disability and in-service withdrawals as permitted by the Plan.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: the Plan has ceased to qualify as an Eligible Plan (as defined in the Declaration of Trust); or the failure of the Trust to qualify for exemption from federal income taxes. The plan administrator does not believe that any events which would limit the plan's ability to transact at contract value with participants are probable.

The guaranteed investment contract can be discontinued at any time by the Trustee or MetLife.

Average Yields:	2012	2011
Based on actual earnings	6.84%	8.69%
Based on interest rate credited to participants	3.90%	4.12%

NOTE 7 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for asset measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed investment contract: Guaranteed investment contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (see Note 6). Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only.

NOTE 8 - TRANSACTIONS WITH RELATED PARTIES

The Company provides the Plan with certain accounting and administrative services for which no fees are charged. The Plan sponsor also pays directly any other fees related to the Plan's operations. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investment. As noted in Note 2, the Plan paid the third-party administrator \$5,445 for services performed during the 2012 plan year.

NOTE 9 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100% vested in the value of their account, regardless of the Plan's current vesting schedule.

NOTE 10 - DELINQUENT PARTICIPANT CONTRIBUTIONS AND LOST INTEREST

During 2012, employee contributions and loan payments were submitted to the custodian in an untimely manner according to the Department of Labor Regulation 2510.3-102. This type of transaction was a one-time occurrence. The plan sponsor calculated the lost interest earnings using the online calculator as recommended by the Employee Benefits Security Administration and made the correction to the applicable participant accounts. The plan sponsor is also in the process of filing an application under the Voluntary Fiduciary Correction Program.
