AUTO TRUST 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012

1. **Description of Plan:**

The following description of Auto Trust 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. **General:**

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") as amended. The Plan was adopted under the provisions of Section 401(a) of the Internal Revenue Code ("IRC") and includes a cash or deferred arrangement as described in Section 401(k) of the IRC covering all full-time employees of Paragon Motors of Woodside, Inc. and related companies ("Company"), who have completed six months of service and attained age 21. The Company includes Civic Center Motors, Ltd. and Worldwide Motors Ltd. Exclusions apply to those employees who are members of a collective bargaining unit and whose retirement benefits are the subject of a collective bargaining agreement that is in full force and effect.

b. **Contributions:**

Each year, participants may contribute the maximum amount of their pretax annual compensation, as defined in the plan, and as determined by the Federal Government. For 2012, that amount is $17,000, except for those employees age 50 or older. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

At the election of the Company, matching contributions and discretionary contributions may be made to an employee's account. Each year, the Company may provide a matching contribution that is proportionate to the employee's elective deferral. The amount of the discretionary contribution is determined annually. Employees are not required to make elective deferrals in order to receive a discretionary contribution.

c. **Participant Accounts:**

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contributions and (b) account earnings. Allocations are based on participant earnings or account balances, as defined under the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. **Vesting:**

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

e. **Payment of Benefits:**

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or other form of payment permitted under the Plan.

1. Description of Plan (continued):

f. **Notes Receivable from Plan Participants:**

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms range from 1-5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with the prime rate charged by a local commercial lender plus 1 percent. Rates currently are 4.25%. Principal and interest is paid ratably through payroll deductions.

g. **Forfeited Accounts:**

At December 31, 2012 and 2011, the forfeited non-vested account balance was $541 and $348, respectively. During 2012, there were no reductions in administrative expenses or employer contributions from forfeited non-vested accounts. Forfeitures are used first to reduce administrative expenses of the Plan and any remaining balances are used to reduce company contributions.

2. Summary of Significant Accounting Policies:

a. **Basis of Accounting:**

The financial statements of the Plan are prepared using the accrual method of accounting. Investment contracts held by a defined contribution plan are required to be reported at fair value. The Statements of Net Assets Available for Benefits present the fair value of the investment contract.

b. **Investment Valuation and Income Recognition:**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

c. **Payment of Benefits:**

Benefits are recorded when paid.

d. **Use of Estimates:**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

2. Summary of Significant Accounting Policies (continued):

e. **Notes Receivable From Plan Participants:**

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 or 2011. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

f. **Operating Expenses:**

All expenses of maintaining the Plan are paid by the Company.

g. **Subsequent Events:**

The plan administrator has evaluated subsequent events through October 7, 2013 the date the financial statements were available to be issued.

3. Fair Value Measurements:

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

3. **Fair Value Measurements (continued):**

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Investment contracts with insurance companies: Investing in variable annuity contracts of Nationwide Life Insurance Company ("Nationwide") and John Hancock Life Insurance Company of New York ("Hancock"). The contracts consist of pooled separate accounts and are presented at fair value utilizing a combination of unit value formulas and the daily crediting of dividends on certain underlying investments within each pooled separate account. The unit values of the pooled separate accounts are determined by the insurance companies using the net asset value ("NAV") of the underlying funds and any dividends and capital gains declared. Although the NAV is not publicly quoted, ASC 820 allows the NAV per share to serve as a practical expedient to estimate the fair value of pooled separate accounts as long as certain requirements are met.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

	Fair Value Measurement at December 31, 2012			
	Level 1	Level 2	Level 3	Fair Value
Pooled Separate Accounts	$ -	$ 4,176,468	$ -	$ 4,176,468

	Fair Value Measurement at December 31, 2011			
	Level 1	Level 2	Level 3	Fair Value
Pooled Separate Accounts	$ -	$ 3,611,203	$ -	$ 3,611,203

4. Investment Contracts with Insurance Companies:

The Plan held investment contracts with two insurance companies during 2012. Both contracts consisted of pooled separate accounts. The pooled separate accounts include various investment options selected by participants. Sub-accounts may also exist with various investment objectives.

Because the contract with Nationwide is deemed to be fully benefit-responsive, contract value is the relevant measurement attribute. Since fair value approximates contract value, the investment is presented in the statement of net assets available for benefits for 2011 at fair value with no adjustment to contract value. The contract was terminated during 2012.

During 2012, a new contract was acquired with Hancock. This contract is not deemed to be fully benefit-responsive and is therefore presented in the statement of net assets available for benefits at fair value.

5. Information Certified by the Plan's Custodians (Unaudited):

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following investment information was certified by Nationwide and Hancock and was not subjected to any auditing procedures performed by the independent public accountants:

a. Total investments as shown in the accompanying Statements of Net Assets Available for Benefits of $4,176,468 as of December 31, 2012, and $3,611,203 as of December 31, 2011.

b. Net investment earnings as shown in the accompanying Statement of Changes in Net Assets Available for Benefits of $508,562 for the year ended December 31, 2012.

c. All investment related information in the accompanying supplemental Schedule H, Line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2012.

6. Investments:

The following investments represent 5% or more of the Plan's net assets available for benefits at December 31:

	2012	2011
Investment contract with Nationwide at contract value which approximates fair value		$ 3,611,203
Investment contract with Hancock at fair value	$ 4,176,468	

During 2012 the Plan's investments (including gains and losses on investments bought, sold, and held during the year) appreciated in value by $402,262.

7. **Plan Termination:**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

8. **Risks and Uncertainties:**

The Plan invests in various securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. **Related Party and Party-in Interest Transactions:**

Paragon Motors of Woodside, Inc. provides certain accounting and administrative services to the Plan for which no fees are charged and is a related party.

Plan investments include shares of pooled separate accounts held within investment contracts with Nationwide and Hancock. Custodial and record-keeping functions were provided by Nationwide through its subsidiary Nationwide Trust Company, FSB, which is a division of Nationwide Bank. The successor insurance company, Hancock also provides custodial and certain record-keeping functions. L.M. Kohn was the broker and received certain commissions from Nationwide. AXA Network, LLC is the current investment advisor and receives broker commissions from the plan in the form of transaction based fees. Associated Pension Consultants, Inc. is the third party administrator and is paid by the plan sponsor. All of these transactions are considered party in interest transactions.

10. **Tax Status:**

The Plan is based on a mass-submitter prototype standardized cash or deferred profit-sharing plan document. The plan sponsor has obtained an opinion letter from the Internal Revenue Service, dated March 31, 2008, that the Plan and related Trust were designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the original opinion letter. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Federal and State taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

11. **Accrued Corrective Distributions:**

The Plan failed one of the discrimination tests for the year ended December 31, 2012. Corrective distributions amounting to $111,816 are recorded as a liability in the accompanying Statements of Net Assets Available for Benefits. These corrective distributions were reimbursed to the affected participants in 2013.

12. **Plan Amendments:**

Effective June 1, 2012, the Plan was amended and restated, and a new custodian, plan investment company and administrator were appointed. The conversion initiated a blackout period beginning June 1, 2012, and continued through July 1, 2012. During this period funds could not be applied to the employee selected investment options or withdrawn from the plan until the custodian had time to accurately complete the conversion. During this period employee contributions continued to be made through payroll deductions, and the contributions were deposited and held in a general account until the completion of the blackout period. At the end of the blackout period, these funds were transferred to the new custodian and invested in funds, as requested by each participant.
