Independent Auditor's Report

To the Plan Administrator and Participants of the
CH Industries, Inc. 401(k) Savings Plan
Carrollton, Texas

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of CH Industries, Inc. 401(k) Savings Plan (the Plan), which comprise the statements of net assets available for plan benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Principal Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of assets held at end of year as of and delinquent participant contributions as of and for the year ended December 31, 2012 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Plan Description

The following description of CH Industries, Inc. (the "Company" or "Employer") 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan available to qualifying employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration

The Company is the Plan administrator. The custodian of the Plan is Principal Life Insurance Company (the "Custodian").

Eligibility

To be eligible to participate in the Plan, an employee must have attained the age of eighteen and have completed at least three months of service. Upon enrollment in the Plan, a participant may direct Company and participant contributions to any combination of 26 investment options.

Contributions

Participants may contribute up to 50% of their annual compensation, subject to certain limitations, with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. Effective January 1, 2010, the Company started matching contributions to the Plan. The Company matches 100% of elective deferrals up to a maximum of 3% of participant's compensation, then 50% of elective deferrals which are over 3% of the participant's compensation, up to a maximum of 5%. However, effective June 20, 2013, the Company ceased making the Employer match.

The Company may make discretionary contributions to the Plan as determined by its Board of Directors. No discretionary contributions were made during the year ended December 31, 2012.

Participant Accounts

Each participant account is credited with the participant's and the Company's contributions and an allocation of net Plan earnings. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their voluntary contributions and any income or loss thereon, as well as Employer contributions and any income or loss thereon.

Payment of Benefits

Upon termination of service due to death, disability, retirement or separation, a participant may elect to receive a lump-sum distribution.

Forfeitures

Forfeitures are used to reduce Company matching contributions through June 20, 2013, the date in which matching contributions ceased, and pay administrative expenses. Forfeited invested accounts totaled $63,971 and $201,730 at December 31, 2012 and 2011, respectively. For the year ended December 31, 2012, $160,011 of forfeitures was used to offset Company matching contributions.

Notes Receivable from Participants

Participants may borrow up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The minimum loan amount is $1,000. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 5.25% to 10.25% as of December 31, 2012. The loans are repaid ratably through payroll deductions over a period of five years or less.

Administrative Expenses

Certain administrative expenses of the Plan are paid directly by the Company.

Reclassification

Certain amounts in the prior period presented have been reclassified to conform to the current period financial statement presentation. These reclassifications have no effect on previously reported net increase in assets available for plan benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared under the accrual method of accounting.

New Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Updates ("ASU") No. 2011-04, "Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs" (ASU 2011-04). ASU 2011-04 amended Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, to provide a consistent definition of fair value and improve the comparability of fair value measurements presented and disclosed in financial statements prepared in accordance with U.S. Generally Accepted Accounting Principles and International Financial Reporting Standards. Some of the amendments clarify the application of existing fair value measurement and disclosure requirements, while other amendments change a particular principle or requirement for measuring fair value or disclosing information about fair value measurements. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15,

2011. The adoption did not have a material effect on the Plan's financial statements or disclosures.

In December 2011, the FASB amended ASC Topic 210, "Balance Sheet", requiring companies to disclose both gross and net information about instruments and transactions eligible for offset in the statement of financial position as well as instruments and transactions subject to an agreement similar to a master netting arrangement. This guidance is effective retrospectively for interim and annual periods beginning on or after January 1, 2013. Plan management anticipates the adoption of this guidance will not have a material impact on the Plan's financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value in accordance with ASC 820, Fair Value Measurements. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). See Note 6 for discussion of fair value measurements.

As described in FASB ASC 962 (formerly known as FASB Staff Position, AAG INV-1 and Statement of Position ("SOP") 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans*), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the ASC 962, the Statement of Net Assets Available for Plan Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Plan Benefits is prepared on a contract value basis.

Purchases and sales of investments are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

The net appreciation in fair value of investments includes realized and unrealized investment gains and losses as well as capital gain distributions. Realized gains or losses on the disposal of securities are determined on the basis of the average cost of securities sold, while unrealized gains or losses are determined on the basis of the cost of securities held at the end of the year.

Payment of Benefits

Benefits are recorded when paid.

Contributions and Contribution Receivables

Contributions are recorded on the accrual method of accounting. Contributions receivable are obligations arising from amounts owed to the Plan from participants or the Company that have not been included in the Plan's investments at year end.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document. There was no allowance at December 31, 2012 or 2011 as the loans are fully collateralized by the participants' accounts.

3. Investment Contract with Trust Company

The Plan has invested in a benefit-responsive investment contract (the Principal Stable Value Fund) with Union Bond & Trust Company ("Union Bond"). Union Bond maintains these funds as part of as separate trust established solely for the participants of the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement amount for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Union Bond, represents contributions made under the contract, plus income, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

No reserves exist against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer.

Certain events may limit the Plan's ability to transact at contract value with the issuer. Such events could include the following: (1) amendments to plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options, (3) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the plan, or (4) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The average yield and average crediting interest rates were approximately 1.88% and 1.64%, respectively, for 2012 and 2.42% and 2.14%, respectively, for 2011. The average yield is computed by dividing the annual earnings by the average fair value of the investment contract. The average crediting interest rate represents the average of the beginning of the year and end of the year crediting interest rates of the pooled separate account.

4. Investments

Net appreciation in the fair value of the Plan's investments, including gains and losses on investments bought and sold, as well as held during the year, were as follows:

Year ended December 31,		2012
Stable value fund	$	7,211
Pooled separate accounts		192,254

*Investment is not greater than 5% in respective year.

5. Information Certified by the Plan's Custodian (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, the Custodian certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate.

December 31,		2012		2011
Stable value fund	$	737,050	$	777,700
Pooled separate accounts	$	1,803,378	$	1,377,749
Mutual funds	$	902,295	$	848,782
Notes receivable from participants	$	213,870	$	221,019

Year ended December 31,		2012
Net appreciation in fair value of investments	$	341,115
Dividends	$	9,914
Interest on participant note receivable	$	10,644

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

6. Fair Value Measurements

The accounting standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities:

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that required inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits:

Mutual Funds

Mutual funds represent investments with various investment managers. The fair value of these investments is determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the quoted net asset value as of December 31, 2012 and 2011.

Stable Value Fund

The Plan's investments in the Principal Stable Value Fund are stated at estimated fair value as determined based on the fair values of the underlying investments and then adjusted by the issuer to contract value.

Pooled Separate Accounts

The assets of each of the pooled separate accounts are invested in shares of designated underlying investment securities primarily consisting of mutual fund offerings of registered investment companies. The fair value of this asset is determined by reference to the fund's Net Asset Value ("NAV"). ASC 820 allows NAV per share to serve as a practical expedient to estimate the fair value of an investment as long as certain requirements are met. ASC 820 goes on to state that where NAV is allowed to be used as an estimate of fair value, if the reporting entity has the ability to redeem its investment at NAV as of the measurement date, that the investment shall be categorized as a Level 2 fair value measurement. If the investment cannot be redeemed at the measurement date but may be redeemable in the future, but at an uncertain date, the investment

shall be categorized as a Level 3 fair value measurement. Until March 25, 2011, this separate account had a temporary withdrawal limitation related to past turmoil in the credit markets that resulted in a sharp slowdown in the sale of commercial real estate assets over the last several years. This limitation ended March 25, 2011. As such, the entity has the ability to redeem its investment at NAV as of the measurement date, and the asset is classified as a Level 2 asset accordingly.

The following tables set forth by level within the fair value hierarchy the Plan's investment assets at fair value, as of December 31, 2012 and 2011.

7. Risks and Uncertainties

The Plan provides for various investment options of specified registered investment companies. Such investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participant account balances and the amounts reported in the Statement of Net Assets Available for Plan Benefits.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants' accounts will become fully vested and non-forfeitable.

9. Income Tax Status

In an opinion letter dated March 31, 2008, the Internal Revenue Service stated that the prototype plan upon which the Plan is based qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

10. Related Party Transactions

Certain Plan investments are shares of pooled separate accounts managed by the custodian or affiliates of the custodian, as defined by the Plan. Investments managed by the custodian and their affiliates are considered party-in-interest transactions.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500:

Net increase in assets available for plan benefits per Form 5500	$ 432,339

12. Subsequent Events

Effective June 20, 2013, the safe harbor plan election has been eliminated. The existing employer matching contribution of 100% up to 3% of your deferrals and 50% of the next 2% of your deferrals continued for all pay dates through June 20, 2013. After this date, the employer ceased making employer contributions to the plan.

Plan management evaluated subsequent events through October 10, 2013, the date the financial statements were available for issuance.
