Note 1 - Description of the Plan

The following brief description of the Sharpshooter Spectrum Venture, LLC 401(k) Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering qualified employees of Sharpshooter Spectrum Venture, LLC (Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees are eligible to participate in the Plan if they have completed 1,000 hours of service within the 6 months' time period following his/her date of hire and are 21 years of age.

Entry Date

Employees may enter the Plan on the first day of each payroll period coinciding with or following the date they satisfy the Plan's eligibility requirements.

Contributions

Each year, participants may contribute on a pre-tax basis up to 100% of their pretax annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows participants to designate contributions as Roth 401(k) contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Company may elect at any time to make matching contributions and non-elective deferrals to the Plan. The Company made no discretionary matching contributions during the year ended December 31, 2012.

The Plan instituted automatic enrollment for those employees hired on or after February 1, 2012 in which the Plan Sponsor will automatically withhold 6% of the employee's compensation upon becoming eligible to participate unless otherwise elected by the participant.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions, and allocations of the Company's discretionary contribution and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant's earnings or account balances, as defined by the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment into the Plan, a participant may direct employee and employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are vested immediately in their contributions, rollover contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service.

Vesting is based on years of credited services as set forth in the following table:

Participant's Years of Service	Non-Forfeitable Percentage
Less than two	0%
Two	20%
Three	40%
Four	60%
Five	80%
Six or more	100%

A participant's vesting percentage in the Company's matching contributions, if any, shall be 100% if any of the following conditions are met:

1. The participant has died.
2. The participant reaches normal retirement age (age 65).
3. The participant has become totally and permanently disabled as defined by the Plan.
4. Plan termination

Forfeitures

At December 31, 2012 and 2011, forfeited non-vested accounts totaled $0 and $5, respectively.

Notes Receivable from Participants

Participants may borrow from their fund accounts, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance, or $50,000 reduced by the highest outstanding loan balance from the preceding 12 months. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates at the time funds are borrowed. Interest rates range from 3.25% to 4.25%. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the loan qualifies as a home loan, in which case the term will be 30 years. A participant may have no more than one outstanding loan at any one time.

Payment of Benefits

Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or annual installments as defined in the Plan document upon retirement, termination, death or disability. A terminated employee with a balance of less than $1,000 may be automatically paid out by the Plan upon termination. Any terminated participants with a balance between $1,000 and $5,000 can still be automatically paid out if their balance is rolled into a qualified Individual Retirement Account. Distributions may be made at the participant's election prior to termination upon attainment of age 59 ½ or hardship as defined in the Plan Document.
.

Death Benefits

The designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

Other

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 2 - Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivables are reclassified as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Fees

Certain administrative expenses of the Plan are paid by the Plan's Sponsor as provided in the Plan Document.

Note 3 - Investments

The Plan's investments that represented 5% or more of the Plan's net assets available for benefits as of December 31, 2012 and 2011 are as follows:

	2012	2011
Retirement Choices at 2030	$ 211,163	*
Retirement Choices at 2035	178,892	*
Active Bond Fund	170,126	*
Total Return Fund	168,543	*

Van Kampen Equity & Income Fund A	*	$ 175,793

Selected American Shares Income Fund	*	97,232
Harbor Capital Appreciation Fund	*	89,226
Harbor International Fund	*	88,694
Nationwide Money Market Fund Inst	*	83,253

* Investment balance less than 5% of the Plan's net assets for the applicable year.

During the year ended December 31, 2012, the Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $166,577.

The classification of investment earnings reported above and in the statement of changes in net assets may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described below:

Level 1- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2- Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3- Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the investments measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Pooled separate accounts – Valued at fair value based on the net asset value (NAV) of the observable market prices underlying assets within that account less liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

Fair Value Measurement and Disclosure (Topic 820): Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent) requires disclosures of certain attributes in entities that calculate a net asset value per share (or its equivalent) and do not have a readily determinable fair value. The following table sets forth the disclosure of the attributes at December 31, 2012.

	2012			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Multi-Strategy Pooled Separate Account	$1,633,213	$ -	Daily	Daily

The multi-strategy pooled separate account (PSA) is made up of sub-accounts that hold different types of investments that have a variety of investment objectives. The PSA requires advance notice and the redemption will occur on the later of the date specified in such notice or the date of receipt of such notice. The PSA reserves the right to defer any withdrawal requests if the withdrawal involves the sale of an investment for which there is not adequate market for a reasonable period not to exceed 60 days.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classifications of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2012, there were no transfers in or out of levels 1, 2, or 3.

Note 5 - Information Certified by the Asset Custodian

The Plan Administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified by John Hancock Life Insurance Company (Plan Custodian).

The Plan Custodian has certified its statement of accounts as of December 31, 2012 and 2011 and for the year ended December 31, 2012. The statement of accounts includes beginning and ending balances of investments held, notes receivable from participants, and detail of all transactions during the period, including investment earnings and interest income on notes receivable from participants.

Note 6 - Tax Status

The Plan uses a prototype plan document sponsored by Retirement Planning Services Inc., which received an opinion letter from the IRS dated, March 31, 2008, stating that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 7 - Related Party and Party-In-Interest Transactions

Certain Plan investments are separate pooled accounts managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the Asset Custodian, as defined by the Plan, and therefore, these transactions qualify as exempt party-in-interest transactions.

Fees totaling $8,726 paid by the Plan were for investment management and record keeping services. Remaining investment management services were included as a reduction of the return earned on each fund.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 - Excess Contributions Payable

Contributions from participants are net of payments made to certain participants to return excess contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. The amount of the excess contributions was $36,788 and $21,672 for the years ended December 31, 2012 and 2011. These amounts are reflected as excess contributions payable in the statements of net assets available for benefits.

Note 10 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	2012	2011
Net Assets Available for Benefits per the Financial Statements	$ 1,628,211	$ 1,488,288
Add excess contributions payable	36,788	21,672

The following is a reconciliation of contributions per the financial statements to Form 5500:

Note 11 - Subsequent Events

The Plan sponsor has evaluated subsequent events through October 8, 2013, the date which the financial statements were available to be issued.

Effective March 18, 2013, the Plan changed its eligibility requirements from 6 months to 1 year.
