Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Great-West Trust Company, LLC, the Trustee of the Plan, and Great-West Life & Annuity Insurance Company, the Custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee and Custodian hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the Trustee and Custodian as of and for the year ended December 31, 2012, that the information provided to the plan administrator by the Trustee and Custodian is complete and accurate.

No discretionary Company profit sharing contributions were made for year ended December 31, 2012.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. Participants are vested in Company contributions at 20 percent after two years of service, and an additional 20 percent each year thereafter until 100 percent vested upon six years of service. While still employed by the Company, if a participant becomes disabled, dies or reaches normal retirement age, the participant becomes 100 percent vested.

Forfeitures

Forfeitures of Company contributions may be used to pay Plan administrative expenses or to reduce future Company contributions. No forfeitures were utilized during the year ended December 31, 2012. As of December 31, 2012 forfeitures of $35,302 are available for future use.

NOTE 1. PLAN DESCRIPTION (Continued)

Payment of Benefits

On termination of service due for any reason, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installment payments as permitted under the Plan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by Great-West Trust Company, LLC (the "Trustee") and Great-West Life & Annuity Insurance Company (the "Custodian") (collectively, "Great West").

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Accounting principles generally accepted in the United States of America require that for fully benefit-responsive investment contracts the amount representing the difference between the fair value and the contract value be presented on the face of the statements of net assets available for plan benefits. As of December 31, 2012 and 2011, there was no difference between the contract value and fair value of the Key Guaranteed Portfolio Fund. The investments and changes therein of the funds have been reported to the Plan by Great West using fair value.

Investments are valued daily. Interest income is recorded on an accrual basis. Dividend income is included in net appreciation of investments.

Concentration of Risk

The Plan's investments have exposure to risk to the extent that the investments are subject to market and interest rate fluctuations that may materially affect the value of the investment balances.

Administrative Expenses

Certain administrative expenses incidental to the administration of the Plan, including fees of the Trustee, Custodian and independent public accountants may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses (Continued)

Most investment options have fees which reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

Benefits Payable to Participants

Benefits are recorded when paid.

Fair Value

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2010.

Mutual Funds – This category consists of publicly traded funds of registered investment companies. The net asset value of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

Guaranteed Interest Contract – The Key Guaranteed Portfolio Fund is a fully benefit-responsive investment contract and is valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of Great West and therefore classified as Level 2 within the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Reclassifications

Reclassifications have been made to the prior year presentation of the Plan's investments at fair value by investment type to conform to the current year presentation.

NOTE 3. PARTICIPANT LOANS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 less the highest outstanding loan balance during the prior 12 months or 50 percent of their vested account balance. The loans are stated at the unpaid principal amount, secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 10.25 percent. Principal and interest are paid ratably through payroll deductions.

NOTE 4. INVESTMENTS

Investment options are selected by the Plan Sponsor and are participant-directed. The participants have several investments they can choose from. See the attached Schedule of Assets (Held at End of Year) for a detailed listing of investments.

NOTE 4. INVESTMENTS (Continued)

The following presents investments that represent five percent or more of the Plan's net assets at December 31:

	2012	2011
Key Guaranteed Portfolio Fund	$ 1,115,125	$ 1,213,219
American Century Equity Income Fund	314,156	*
American Funds EuroPacific Growth Fund	377,389	*
American Funds Fundamental Investors Fund	383,850	355,167
Great-West Lifetime 2015 Fund	490,353	437,286
Great-West S&P 500 Index Fund	375,041	*
Oakmark Equity & Income Fund	639,993	652,209
PIMCO Total Return Fund	339,004	273,152
Putnam Voyager Fund	349,012	324,942

* Less than five percent of net assets at December 31.

For the year ended December 31, 2012, net appreciation of investments in registered investment companies (mutual funds) was $502,401.

The Plan entered into a fully benefit-responsive investment contract with Great West. Great West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Great West is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

Since the Key Guaranteed Portfolio Fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the fund. Contract value, as reported to the Plan by Great West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for the credit risk of Great West or otherwise. The crediting interest rate is based on a formula agreed upon with Great West. Such interest rates are reset quarterly as of the beginning of each month. The contract value is also the fair value to be disclosed.

Certain events limit the ability of the Plan to transact at contract value with Great West. Such events include, but are not limited to the following: (1) premature termination of the contracts by the Plan, (2) Company layoffs, (3) bankruptcy of the Plan Sponsor, (4) Plan termination, (5) mergers, or (6) early retirement incentives. The plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

Average yields for the Key Guaranteed Portfolio Fund:	2012	2011
Based on actual earnings	1.65%	2.40%
Based on interest rate credited to participants	1.65%	2.40%

NOTE 5. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company contributions.

NOTE 6. TAX STATUS

The Plan is a prototype plan that is the subject of a favorable tax opinion letter from the IRS dated March 31, 2008. The Company routinely self reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plans Compliance Resolution System. The plan administrator believes the Plan is currently being operated in accordance with the applicable provisions of the IRC and, accordingly, the plan administrator believes that the Plan is exempt from income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE 7. FINANCIAL DATA CERTIFIED BY THE TRUSTEE AND CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by Great West and was not subjected to any auditing procedures performed by the independent public accountants:

a. Participant-directed investments and participant loans as shown in the accompanying statements of net assets available for plan benefits of $5,638,771 and $416,853, respectively, as of December 31, 2012, and $5,008,090 and $384,250, respectively, as of December 31, 2011.

b. Net appreciation of investments of $502,401 and interest income on investments and participant loans of $19,048 and $14,992, respectively, as shown in the accompanying statement of changes in net assets available for plan benefits for the year ended December 31, 2012.

c. Total assets as of December 31, 2012 as shown in the accompanying Schedule of Assets (Held at End of Year).

NOTE 8. PARTY-IN-INTEREST TRANSACTIONS

Plan investments are held, and some are managed, by Great West and its affiliates. Transactions with Great West and its affiliates qualify as party-in-interest transactions for which exemptions exist. Great West and its affiliates received recordkeeping fees of $3,788 that were paid by participants through the Plan and Great West receives indirect compensation from certain investments based on a formula. In addition, the Plan's broker/advisor received direct and indirect compensation of $5,561 and $5,427, respectively, and the third party administrator received indirect compensation of $5,225.

NOTE 9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500 as of December 31, 2012:

Net assets available for plan benefits per the financial statements	$	6,039,073
Corrective distributions		16,551
Net assets available for plan benefits per the Form 5500	$	6,055,624

NOTE 10. SUBSEQUENT EVENTS

Effective January 1, 2013, the Plan was amended to automatically enroll eligible participants at a deferral rate of four percent of compensation.

The Company has evaluated subsequent events through October 14, 2013, which is the date that the financial statements were available to be issued, and determined that there were no other subsequent events or transactions that required recognition or disclosure in the financial statements.
