Report of Independent Auditor

To the Board of Trustees of
Aranon Corporation 401(k) Profit Sharing Plan
Miami, Florida

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Aranon Corporation 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by SunTrust Bank, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule Form 5500, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2012, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

ARANON CORPORATION 401(K) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2012 AND 2011

Note 1—Description of Plan

The following description of the Aranon Corporation 401(k) Profit Sharing Plan (the “Plan”), provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan’s provisions.

General – The Plan, a defined contribution plan, was established on January 1, 1989, for all full-time employees of Aranon Corporation (the “Company” or “Employer”), except for collective bargaining employees and employees who are residents of Puerto Rico. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Administration of Plan Assets – The Plan is administered by the Company. The Plan’s assets are maintained and administered by SunTrust Bank (the “Trustee”) who also functions as the Plan’s record-keeper.

Eligibility – Employees of the Company, among other requirements, must have attained twenty-one years of age and completed three months of service to participate in the Plan.

Contributions – Subject to certain limitations, under Internal Revenue Code (“IRC”) Section 401(k), participants may contribute up to 100% of their compensation, subject to 2012 annual limits of \$17,000 and an additional \$5,500 for catch-up contributions for participants who are age 50 or older. For newly hired employees there is an automatic deferral amount of 2% of compensation and scheduled increases of 1% each year thereafter up to a maximum deferral of 5% of compensation, unless the employee elects otherwise. Participants may also contribute amounts representing distributions from other qualified plans.

The Company makes discretionary matching contributions at the option of the Company’s Board of Directors. Additional profit sharing amounts may be contributed at the option of the Company’s Board of Directors. The Company made no discretionary employer match and profit sharing contributions for the fiscal year ended December 31, 2012. The Company’s matching and profit sharing contributions are invested into the various investment options of the Plan in the same manner as the participants’ contributions. Contributions received from participants are presented net of excess deferral contributions refunded, as required to satisfy the relevant nondiscrimination provisions of the Plan. This amount has been accrued in liabilities as excess contributions payable in the accompanying statement of net assets available for benefits at December 31, 2012.

Participant Accounts – Each participant’s account is credited and/or reduced by the participant’s elective deferral contributions and distributions, the Company’s contributions, and an allocation of the Plan’s investment earnings/losses and investments fees and any administrative expenses paid out of the Plan. Allocations are based on participant earnings or account balances, as defined in the Plan.

Vesting – Participants are immediately vested in their elective contributions, as well as any rollover contributions, plus or minus any earnings or losses thereon. Vesting in any discretionary employer match and profit sharing contributions made, and earnings or losses thereon, is 20% per year after the completion of the first year of employment, becoming 100% vested after five years of credited service.

Forfeitures – Forfeitures occur when a participant terminates employment and has not vested in a portion of the Company’s contribution amounts. Forfeitures are used to reduce the amount that the Company must contribute as a matching contribution or to pay Plan expenses. At December 31, 2012 and 2011, forfeited non-vested accounts totaled \$0 and \$38, respectively. For the year ended December 31, 2012, forfeitures of \$38 were used to pay administrative fees.

ARANON CORPORATION 401(K) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2012 AND 2011

Note 1—Description of Plan (continued)

Investment Options – The Plan's assets are held and managed by the Trustee. The participants direct the investment of their account balances and may select from various investment options maintained by the Trustee. Participants may change their investment option selections on any business day as defined by the Plan.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account, or other collateral, and bear interest at prime rate plus 1% currently ranges from 4.25% to 9.25%. The maximum note repayment period is five years unless the note is for the purchase of a primary residence in which case the repayment schedule may be for a term in excess of five years. Principal and interest payments with respect to the notes are credited solely to the account of the borrowing participant from which the note was made.

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document.

Hardship Distribution – Hardship distributions are permitted only if a participant is 100% vested and if the distribution is due to expenses incurred or necessary for medical care described in the IRC Section 213(d), purchase of a principal residence, payment of tuition, to prevent eviction from or foreclosure of the principal residence, or any other condition which the Commissioner of the Internal Revenue Service ("IRS") deems an immediate and financial need of the participant.

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or an annuity. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Plan Termination – Although it has not expressed any intent to do so, the Company reserves the right at any time to amend, modify, or terminate the Plan without the consent of any participant or beneficiary subject to the provisions of ERISA. In the event of such termination, the Plan provides that the participants shall become 100% vested in their accounts.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Fair Value of Investments – Investments held by the Plan are recorded at fair value. Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction. ASC 820 also establishes fair value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

ARANON CORPORATION 401(K) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2012 AND 2011

Note 2—Summary of significant accounting policies (continued)

The standard describes three levels of inputs that may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for Plan instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual Funds – These investments are public investment vehicles valued using the Net Asset Value (“NAV”) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy. Interest income is recorded on the accrual basis.

Common/Collective Trusts – These investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within Level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market. One of the common/collective trust investment is considered a guaranteed investment contract and is valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. The investment contract is classified within Level 3 of the valuation hierarchy.

Investment contracts held by a defined contribution plan are required to be reported at fair value. The statements of net assets available for benefits present the fair values of investment contracts as well as adjustments for fully benefit-responsive investment contracts from fair value to contract value. The contract value of a fully benefit-responsive investment is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of changes in net assets available for benefits is prepared on a contract value basis. The contract values approximated the fair values and therefore no adjustment was needed as of December 31, 2012 and 2011.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ARANON CORPORATION 401(K) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2012 AND 2011

Note 2—Summary of significant accounting policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date and interest income is recognized when earned. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Recent Accounting Pronouncements – In May 2011, the Financial Accounts Standards Board ("FASB") issued guidance to provide consistent definition of fair value and ensure that the fair value measurement and disclosure requirements are similar between GAAP and International Financial Reporting Standards. This update changes certain fair value measurement principles and enhances the disclosure requirements particularly for Level 3 fair value measurements and certain investments that are valued based on NAV. This guidance is effective for annual periods beginning after December 15, 2011 (the 2012 Plan year), and is applied prospectively. Other than new disclosure requirements, this accounting pronouncement did not have a significant effect on the 2012 financial statements.

Benefits Paid to Participants – Benefits are recorded when they have been processed and paid by the Plan.

Administrative Expenses – Fees and expenses of the Plan for legal, accounting, and other administrative services may be paid directly by the Company, or at the Company's discretion, may be paid in whole or in part, out of Plan assets.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of changes in net assets during the reporting period. Such estimates include those regarding fair value. Actual results could differ from those estimates.

Note 5—Common/Collective trusts

The Plan holds interest in common/collective trusts (SunTrust Retirement 500 Index Fund Class B and MetLife Stable Value Fund) to maintain a portion of the Plan contributions in guaranteed investment contracts, synthetic guaranteed investments contracts, and separate account investment contracts. The accounts are credited with contributions and earnings on the underlying investments and charges for participant withdrawals and administrative expenses charged by the trustee of the common/collective trusts. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan.

As described in Note 2, because the investment contracts in the common/collective trust contract are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the common/collective trust. Contract value, as reported to the Plan by SunTrust Bank, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contracts at December 31, 2012 and 2011, approximate their contract value. The crediting interest rate is based on a formula agreed upon with the issuer.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Specific coverage provided by each contract may be different from each issuer and can be found in the contract of the collective investment trust. Examples of such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures, or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Based on interest rate credited to participants	2.93%

ARANON CORPORATION 401(K) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2012 AND 2011

Note 6—Party-in-interest transactions

Certain Plan investments and the related transactions as of December 31, 2012 and 2011, and for the year ended December 31, 2012, were in investment funds managed by the Trustee; therefore, these investments and transactions qualify as party-in-interest transactions. Fees paid during the year for accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services. Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants.

Note 7—Risk and uncertainties

The Plan provides for various investment options which are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to the changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 8—Income tax status

The underlying standardized prototype plan has received an opinion letter from the IRS dated March 31, 2008, stating that the written form of the underlying prototype document is qualified under Section 401(a) of the IRC, and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the IRC. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since receiving the determination letter, the Plan's administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2009.

Note 9—Subsequent events

The Plan's management evaluated subsequent events through October 14, 2013, in connection with the preparation of these financial statements, which is the date that the financial statements were available to be issued.
