NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of Rio Grande Urology, P.A. (Company) 401(k) Plan (the Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible full time employees of Rio Grande Urology, P.A.. The Plan and the Trust, of which it is a part, are intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's trustees are responsible for the management of the Plan's assets.

Eligibility

Employees of Rio Grande Urology, P.A. are eligible to participate in the elective deferrals upon hire. Employees of the Company who have completed 1 year of service and have reached the age of 21 are eligible to participate in the Safe Harbor Non elective contribution. Employees who have completed 1 year of service shall be eligible to participate in the matching contribution component.

Contributions

Each year participants may contribute a portion of pretax annual compensation, as defined in the Plan, subject to certain limitations under the IRC. In addition, Rio Grande Urology may also make discretionary profit-sharing Plan contributions at the option of the Plan Committee. In order to qualify for discretionary profit-sharing contributions, an employee must be employed on the last day of the year with at least 1 year of service. Contributions are allocated to participants based on the proportion of each participant's compensation to the total eligible compensation of all participants eligible to share Contributions are subject to certain limitations. Participants may roll over amounts representing distributions from other qualified defined benefit or contribution plans.

Participant Accounts

The plan is a defined contribution plan under which a separate individual account is established for each participant. Only those participants who are eligible employees of the company as of the last day of the plan year with 1 year of service will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation.

Each participant's account is credited with an allocation of the Company's discretionary contribution, unrealized gains and losses, and dividend and interest income. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon and are always 100 percent vested in the value of their rollovers from another qualified plan. Vesting in the Company's discretionary matching and discretionary profit sharing contribution portion of their accounts plus actual

Note 1. Description of Plan (continued)

earnings thereon is based on years of continuous service. The portion of the participants' accounts attributable to the Company's discretionary matching contributions and discretionary profit sharing contributions becomes 20% vested after 2 years of credited service as defined and continues to vest at that rate until they are 100% vested after six years of service.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to reduce the Company's matching contribution or are allocated to all participants eligible to share in the allocation in the same proportion that each participant's compensation for the plan year bears to the compensation of all participants for such year. Forfeited non-vested accounts totaled $4,075 at December 31, 2012, respectively. There were no forfeitures allocated to participants or reductions to the employer's matching contribution for the year ending December 31, 2012.

Participant's Investment Options

Participants may direct their salary deferral contributions and employer contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options any time throughout the year via direct phone and internet access to the custodian. The participants are able to decline the default fund and select their own investments at any time.

Participant Notes Receivable

Participants may borrow from their investment accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loans fund.

Loans must be repaid within 5 years, unless the loan is used for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with national prevailing rates, as adopted by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon retirement, death or termination of service, a participant and his or her beneficiary may elect to receive either a lump-sum amount equal to the value of his or her vested account balance or an optional form of payment as specified in the Plan agreement.

The Trustee, as allowed by Internal Revenue Code Section 411(a) (11), shall distribute any terminated participant's entire vested benefit that does not exceed $5,000 in a single lump sum distribution. If the vested benefit is greater than $1,000 and the terminated participant has not elected a distribution rollover to an eligible individual retirement plan or to receive the distribution in a cash distribution, then the Trustee will pay the distribution in a direct rollover to an individual retirement plan designated by the Administrator. If the vested benefit is less than $1,000 and the terminated participant has not elected a distribution rollover to an eligible individual retirement plan or to receive the distribution in a cash distribution, the Trustee shall pay such amount to the participant in a single lump sum cash payment.

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies

The significant accounting policies of the Plan are summarized as follows:

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Plan considers all cash accounts and highly liquid investments purchased with an original maturity of three months or less to be cash and cash equivalents on the statement of net assets available for benefits.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid. Benefits approved prior to year end and paid after year end will be reported as a liability on the Form 5500 and listed as a reconciling item in Note 10.

Operating Expenses

All expenses of maintaining the Plan are paid by Rio Grande Urology.

Note 2. Summary of Significant Accounting Policies (continued)

Subsequent Events

The Plan has evaluated subsequent events through October 11, 2013, the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

FASB ASC 820 *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

There have been no changes in the methodologies used at December 31, 2012.

NOTES TO FINANCIAL STATEMENTS

Note 3. Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

	Assets at Fair Value as of December 31, 2012

Note 4. Administration of Plan Assets

The Plan's assets in mutual funds are held by John Hancock Life Insurance Company, Custodian of the Plan. Contributions are held and managed by the Custodian, as directed by participants, who invests cash received, interest and dividend income and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain administrative expenses are paid directly by the Company. Total expenses paid by the Company on behalf of the Plan amounted to $18,807 for the year ended December 31, 2012.

NOTES TO FINANCIAL STATEMENTS

Note 5. Information Certified by the Custodian

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by John Hancock Life Insurance Company, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule.

The following table presents the fair value of the participant-directed investments in this Plan that were certified by John Hancock Life Insurance Company. Single investments representing more than 5% of the Plan's net assets are separately identified.

NOTES TO FINANCIAL STATEMENTS

Note 6. Related Party Transactions

The Plan assets are managed by John Hancock Life Insurance Company (custodian) and therefore, the transactions with the custodian qualify as exempt party-in-interest transactions. The administrative fee paid to John Hancock was $3,110 in 2012.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Plan may determine.

Note 8. Income Tax Status

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, no uncertain positions are taken or are expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10. Reconciliation of Financial Statements for Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2012 to Form 5500:

		2012
Net assets available for benefits per the Form 5500	$	3,784,255
Amount owed by the Sponsor		15,775
Net assets available for benefits per the financial statemnets	$	3,800,030

NOTES TO FINANCIAL STATEMENTS

Note 11. Prohibited Transactions

During 2012, the Plan Sponsor inadvertently failed to enroll participants on a timely basis and participants were not able to make employee contributions. The estimated value of the amount due to the Plan is $7,888. The Plan sponsor intends to deposit lost earnings in the amount of $7,887 to correct this failure. The Plan sponsor will file Form 5330 and pay applicable excise tax. The excise tax payments will be made from the Plan sponsor's assets and not from the assets of the Plan.

Note 12. Delinquent loans

Loans are administered by the Custodian and automatically deducted from participant payroll accounts. Delinquent loans after 60 months are labeled as deemed distributions and subject to federal tax withholdings. At December 31, 2012 delinquent loans totaled $34,972.
