INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Trustee of
Green Tree School 401(k) Plan

We were engaged to audit the accompanying statements of net assets available for benefits of Green Tree School 401(k) Plan (the "Plan") as of December 31, 2011 and 2010, the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental schedule, as listed in the accompanying table of contents, as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Hartford Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2011 and 2010, and for the year ended December 31, 2011, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on these accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As more fully described in Note 10, subsequent to the issuance of the Plan's 2010 financial statements and our report thereon dated May 9, 2012, we became aware that those financial statements did not reflect certain employer contributions receivable. In our original report, because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole and the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, were audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our opinion on the revised December 31, 2010 statement of net assets available for benefits, as expressed herein, remains unchanged.

GREEN TREE SCHOOL 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the Green Tree School 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General - The Plan is a defined contribution plan sponsored by Green Tree School (the "Company" or "plan sponsor") for the benefit of its employees who have completed one year of service, as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - Participants may contribute a percentage up to 100% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions, as defined in the Plan.

The Company contributes 50% of the first 6% of base compensation that a participant contributes to the Plan. Additional amounts may be contributed at the option of the Company. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant investment account options - Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts as investment options for participants.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants' contributions plus actual related earnings are 100% vested immediately. Company contributions are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vested %</u>
0-1	0
2	25
3	50
4	75
5	100

All participants 55 years of age or over or who die or become disabled prior to termination become 100% vested.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes receivable from participants are secured by the balance in the participant's account and bear interest at the Wall Street Journal prime rate plus one percent at the origination of the note. Principal and interest are paid ratably through payroll deductions.

GREEN TREE SCHOOL 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Payment of benefits - On termination of service due to death, a participant's beneficiary will be paid the value of the participant's account in a single lump sum payment. On termination of service or certain hardship events such as disability or retirement, a participant with a balance in excess of \$1,000 may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Balances under \$1,000 are subject to a mandatory cash-out provision of the Plan.

Forfeited accounts - As of December 31, 2011 and 2010, forfeited nonvested accounts totaled \$1,669 and \$1,690, respectively. These accounts will be used to reduce future employer contributions. No forfeitures from nonvested accounts were used to reduce employer contributions during the year ended December 31, 2011.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's investment policies utilizing information provided by investment advisors and the custodian. See Note 5 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net depreciation in fair value of pooled separate account investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2011 and 2010. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Unit values - Individual participant accounts for the pooled separate accounts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units valued daily. The accounts earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each account are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Payment of benefits - Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

Administrative expenses - Certain expenses of the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits.

(3) Investments

The following presents investments that represent 5% or more of the Plan's net assets:

	December 31,	
	2011	2010
Hartford Life Insurance Company -		
American Funds Growth Fund of America	\$ 172,510	\$ 182,815
Hartford Money Market Fund	\$ 74,408	\$ 69,046
Hartford Disciplined Equity Fund	\$ 64,678	\$ 55,357
PIMCO Total Return Fund	*	\$ 50,696
Fidelity Advisor Equity Income Fund	\$ 44,313	\$ 39,745
Hartford Dividend & Growth Fund	\$ 37,149	*

*Not applicable, investment is not 5% or more of the Plan's net assets.

(4) Information prepared and certified by the custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Hartford Life Insurance Company, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments and notes receivable from participants:

- Investments at fair value
- Notes receivable from participants
- Net depreciation in fair value of pooled separate account investments
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(5) Fair value measurements

Financial Accounting Standard Board Accounting Standard Codification ("FASB ASC") 820, "*Fair Value Measurements and Disclosures*," provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

GREEN TREE SCHOOL 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(5) Fair value measurements (continued)

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used as of December 31, 2011 and 2010.

Pooled separate accounts: Valued at estimated fair value as determined by the issuer of the pooled separate account based on the fair market value of the underlying investments.

The preceding method described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2011 and 2010:

Investments at Fair Value as of December 31, 2011				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts (a):				
Growth funds	\$ -	\$ 212,453	\$ -	\$ 212,453

(5) Fair value measurements (continued)

	Investments at Fair Value as of December 31, 2010			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts (a):				
Growth funds	\$ -	\$ 255,599	\$ -	\$ 255,599

Money market fund	-	69,046	-	69,046
Total investments at fair value	\$ -	\$ 552,303	\$ -	\$ 552,303

(a) The fair value of the investments in the pooled separate accounts has been estimated using the NAV of the investments. The pooled separate accounts listed above are redeemable on a daily basis and do not have any redemption restrictions. Additionally, there are no unfunded commitments.

(6) Party-in-interest transactions

Plan investments are pooled separate accounts managed by Hartford Life Insurance Company. Hartford Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Hartford Life Insurance Company for certain recordkeeping services amounted to \$1,432 for the year ended December 31, 2011. Fees paid by the Plan for investment management services are included in net depreciation in fair value of pooled separate account investments.

(7) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

(8) Excess contributions refundable

Contributions received from participants during the year ended December 31, 2011, are net of payments of \$3,464 to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. Excess contributions refundable of \$20,366 and \$16,902 are included in the Plan's statements of net assets available for benefits as of December 31, 2011 and 2010, respectively.

(9) Tax status

The Internal Revenue Service has determined the prototype plan adopted by the Plan is designed in accordance with applicable sections of the IRC and informed the prototype sponsor of such in a letter dated March 31, 2008. The plan administrator has adopted the prototype plan, and believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

GREEN TREE SCHOOL 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(9) Tax status (continued)

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

(10) Employee Plans Compliance Resolution System

During 2012, the plan administrator detected certain operational failures that occurred in the Plan during Plan years 2006 through 2012 that it intends to correct under the Employee Plans Compliance Resolution System ("EPCRS").

Net assets available for benefits as of December 31, 2010, has been adjusted to correct this operational error made for 2010 and prior years. The error increased net assets available for benefits as follows:

Net assets available for benefits, December 31, 2010, as previously reported	\$ 553,532
Prior period adjustment related to 2006 to 2010 (including lost earnings of approximately \$35,000)	164,183
Net assets available for benefits, December 31, 2010, as restated	<u>\$ 717,715</u>

Employer contributions for the year ended December 31, 2011, include approximately \$36,000 (including lost earnings of approximately \$3,000) related to the operational failure. 50% of these employer contributions are immediately 100% vested; the remaining 50% are subject to normal Plan vesting requirements. Plan management is in the process of completing the appropriate filings under EPCRS, and intends to apply for a reduced correction amount at that time. It is unclear at the date that these financial statements were available to be issued whether any reduction will be granted by the Internal Revenue Service.

During 2012, the plan administrator detected certain additional operational failures that occurred in the Plan during Plan years 2007 and 2008 that it corrected under EPCRS. The plan administrator included \$9,961 as of December 31, 2011 and 2010, in employer contributions receivable for each year, which represents the estimated correction amount under EPCRS. The plan sponsor has remitted this amount to the Plan during 2012.

(11) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

(12) Reconciliation of financial statements to Schedule H of Form 5500

Contributions per Form 5500	<u><u>\$ 284,742</u></u>

(13) Subsequent events

The Plan has evaluated subsequent events through October 15, 2013, which is the date the financial statements were available to be issued. Other than described below, no significant matters were identified for disclosure during this evaluation.

On January 1, 2013, the investments of the Plan were transferred from Hartford Life Insurance Company to Massachusetts Mutual Life Insurance Company. The Plan's provisions have not been significantly altered as a result of this transfer.
