NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Omega Solutions, LLC 401(k) Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The purpose of the Plan is to provide future retirement benefits for all eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan offers a 401(k) and profit sharing option to multiple employers. The Companies participating in this multiple employer plan include the following: Alpha Staffing, Compressor Engineering, Inc., Diamond Hospitality, LLC, Dining Management, LLC, Filippa’s Wine Barrel, Gibson’s Television Service, Inc., Gibson’s Video Service, Inc., Refurbished Electronics Warehouse, Inc., Glass Works International, Inc., Infinity Yacht Charters, LLC, Lean Technical Services, LLC, Mechanical Control Systems, Inc., Independent System Services d/b/a Multi Media, Muni-Deals, LLC, Omega Solutions, LLC, Overhead Door and Fireplace Company, Inc., PRN Services, Inc., Logistics, Inc. d/b/a Reliable Delivery, S&G Prototype, Inc., Set and Service Resources, LLC and Tachyon Corp. All participating employers of this multiple employer plan have signed participation agreements that enable them to accept or modify the elections of a master plan document to meet their needs. Each Company’s adopted plan agreement should be referenced by the participants for additional information regarding plan specifications.

Custodian

Nationwide Financial Services, Inc., including its subsidiary Nationwide Trust Company, FSB is the Plan’s custodian. The custodian invests all employee and employer contributions, as well as earnings thereon, pursuant to the terms of the Plan.

Contributions

The Plan allows participants to elect to defer a portion of their compensation up to the maximum amount currently allowed by law, plus any catch-up contributions as allowed for by the Internal Revenue Service and the plan document. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan was amended effective March 1, 2011 to allow participants the option to make Roth after-tax deferrals, as elected by each employer. The employer may contribute a discretionary percentage of the amount deferred by the employee. The employer may also contribute a discretionary amount determined each year by the employer. Contributions are accumulated and invested, as directed by participants, in a trust fund held by the custodian.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Each participant's account is credited with an allocation of (a) the Company's contribution; (b) the employees' voluntary contributions, transfer contributions, and rollover contributions; and (c) Plan earnings. The accounts are charged for any withdrawals, distributions, and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested immediately with respect to employee contributions, rollovers and earnings thereon. Each plan provides vesting of employer contributions; see specific participation agreements for service criteria, vesting percentages, and the policies regarding vesting upon termination.

Investments

Participants direct the investment of their contributions under options offered by the Plan.

Forfeited Accounts

Forfeitures for individual employers are used to pay plan expenses. At December 31, 2012 and 2011, unallocated forfeitures totaled \$1,056 and \$657, respectively. No forfeitures were used to pay plan expenses during the year ended December 31, 2012.

Payment of Vested Benefits

Participants, or their beneficiaries, are entitled to receive the entire amount of their interest in the Plan upon retirement, death, total or permanent disability, employment termination, reaching the age of 59 ½ or qualifying for "hardship distribution" as defined in the Plan. Hardship distributions are only elected by the specific participation agreements. A participant will be considered to have suffered a disability if he or she is permanently unable to perform his or her customary duties for the employer due to a mental or physical condition which can be expected to result in death, or be of a long continued and indefinite duration as determined by the Plan administrator. If the participant's vested balance is less than \$1,000, the entire sum will be distributed as soon as possible following the participant's separation from service. At December 31, 2012 and 2011, all requested distributions had been paid as of the plan year end.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants

Notes receivable from participants are permitted under the Plan. The rules are covered in a separate application form and promissory note and must be applied for through the plan administrator. All notes are limited to 50% of the participant's vested account balance, provided the note does not exceed \$50,000. The \$50,000 maximum amount will be reduced by the Participant's highest outstanding loan balance in the previous 12 months, even if amounts have been repaid. The term of the loan may not exceed five years unless for purchase of a qualified principle residence. The notes are secured by the balance in the participant's account.

Reclassifications

Certain reclassifications have been made to the financial statements for the prior year to conform to the current year presentation.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed in the preparation of these financial statements.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments represent the Plan's interest in the fair value of the net assets of mutual and money market funds as determined by the custodian of the Plan, at December 31, 2012 and 2011. Investment transactions are reflected on a trade-date basis. Gains and losses on investment transactions are based on average costs. Dividend income is recorded on the ex-dividend date. Investment income represents the Plan's pro rata share of the aggregate income of the investments. Investment income also includes the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses, and the unrealized appreciation (depreciation) of those investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 and 2011. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Expenses

The Plan pays administrative expenses to the extent that the Company does not pay them. Personnel and facilities of the Company have been used by the Plan for its accounting and other activities at no charge to the plan.

Subsequent Events

Plan management has performed a review of events subsequent to the statements of net assets available for benefits date through October 15, 2013, the date the financial statements were available to be issued.

NOTE 4 – FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under generally accepted accounting principles are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

OMEGA SOLUTIONS, LLC 401(k) PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2012 and 2011

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

- Level 2 Inputs to the valuation methodology include
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Money market funds: Valued at the fair value of the fund at the close of the stock market on last business day of the year.

Mutual funds: Valued at the accumulated unit value of the units held by the Plan at the end of the year.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

NOTE 5 – TAX STATUS

The Plan uses a prototype plan sponsored by Daily Access Corporation. The Internal Revenue Service had determined and informed the custodian by a letter dated May 11, 2011, that the prototype plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan had been amended since receiving the determination letter, however, the Plan administrator and the Plan's tax counsel believes that the Plan was designed and was operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The 2008, 2009 and 2010 Form 5500's are currently under examination by the Department of Labor. The Plan sponsor is unable to determine an expected completion date of these examinations.

NOTE 6 – PARTIES-IN-INTEREST TRANSACTIONS

During the years ended December 31, 2012 and 2011, there were transactions involving the investment of plan assets in investment funds maintained by Nationwide Financial Services, Inc., including its subsidiary Nationwide Trust Company, FSB, a division of Nationwide Bank, the custodian of the Plan and transactions involving audit services provided to the Plan by UHY LLP, parties-in-interest as defined in Section 3(14) of ERISA. Direct fees for professional and administration services provided to the plan in the amount of \$28,366 were paid to Nationwide Financial Services, Inc. during the year ended December 31, 2012. Direct fees for audit services provided to the plan in the amount of \$14,133 were paid to UHY LLP during the year ended December 31, 2012. Other direct fees for plan administration provided to the plan in the amount of \$13,612 were paid to Rehmann Financial Group, LLC, a party-in-interest as defined in Section 3(14) of ERISA, during the year ended December 31, 2012. Indirect fees for administration services provided to the plan in the amount of \$14,604 were paid to Nationwide Trust Company, FSB, a division of Nationwide Bank, during the year ended December 31, 2012. Indirect fees for plan administration provided to the plan in the amount of \$2,829 were paid to Rehmann Financial Group, LLC, during the year ended December 31, 2012. Other indirect fees for investment management services provided to the plan in the amount of \$18,200 were paid to Royal Alliance Association, Inc., a party-in-interest as defined in Section 3(14) of ERISA, during the year ended December 31, 2012.

NOTES TO FINANCIAL STATEMENTS
December 31, 2012 and 2011

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the plan sponsor has the right under the Plan to amend, modify, terminate or partially terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested and the net assets would be distributed to the participants according to the participant's account balances. Although they have not expressed any intent to do so, the participating employers have the right under the plan to terminate their participation in the plan. In this event, the participants of that participating employer would become 100% vested.

NOTE 8 – INVESTMENT RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – CORRECTIVE DISTRIBUTIONS

Various employers failed the Actual Deferral Percentage Test (ADP Test) for the year ended December 31, 2012. Timely refunds of excess deferral contributions totaling \$18,344 and employer contributions totaling \$1,802 were made to various participants in order to satisfy the relevant nondiscrimination provisions of the Plan. All required refunds were distributed by March 15, 2013.

NOTE 10 – PROHIBITED TRANSACTION

The Plan incorrectly calculated the employer discretionary matching contribution for multiple participants of one adopting employer. Plan management's intent is to remit the additional contribution amounts and any lost earnings to the participants' accounts to correct this error.
