INDEPENDENT AUDITORS' REPORT

To the Administrative Committee
Beneco Retirement Plan for the Employees of
American Asphalt Repair & Resurfacing Co., Inc.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of of Beneco Retirement Plan for the Employees of American Asphalt Repair & Resurfacing Co., Inc. (the Plan), which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

As described in Note 2, these financial statements and supplemental schedule were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Mid Atlantic Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, line 4i - Schedule of Assets (Held At End of Year) as of December 31, 2012 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedules.

Report on Form and Content in Compliance With DOL Rules

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – PLAN DESCRIPTION

General

The Beneco Retirement Plan for the Employees of American Asphalt Repair & Resurfacing Co., Inc. (the Plan) is a single-employer defined contribution plan established in 1985 by the Directors of the Association of National Government Contractors, Inc. for the benefit of its eligible employees. The plan is a contributory plan under sections 401(a) and 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective January 1, 2012, the plan was merged into the Beneco Retirement Plan, a multiple employer plan, which has elected to file with the Department of Labor (DOL) as a 103-12 Investment Entity.

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Contributions

Contributions to the Plan may include the following:

401(k) Contributions - The annual amount that a participant may elect as 401(k) contributions is limited to the amount designated by the Secretary of the Treasury pursuant to the limits on Elective Deferrals under Internal Revenue Code Section 402(q).

Prevailing Wage Contributions - For work performed under prevailing wage contracts, the amount contributed to the Plan by the employer on behalf of the employee is based on the wage rate and job classification of the employee and will not exceed the amount designated by the Secretary of the Treasury pursuant to the limits under Internal Revenue code Section 415 and Prevailing Wage Laws.

Employer Matching and Profit Sharing Contributions – The matching and profit sharing contribution, if any, is a discretionary amount determined by the Plan administrator. The Plan administrator may limit the amount of deferrals being matched. Salary deferrals on bonuses will not be matched. A participant is eligible for the profit sharing contribution if he is employed on December 31st of the year the contribution is made and has worked at least 1,000 hours.

Participant Accounts

The Plan provides that the 401(k) contributions and Prevailing Wage Contributions, less any expenses attributable to such contributions, will be allocated to the accounts of the participants for whom the contributions were made. Earnings and expenses are allocated proportionally to the participants' accounts.

Retirement Benefits

An employee is eligible for normal retirement benefits upon attaining age 55 and 10 years of service. The participants have all rights to normal retirement benefits. The value of a participant's account may be paid in one or more or any combination of methods such as annuity, lump sum or installments.

NOTE 1 – PLAN DESCRIPTION - Continued

Death Benefits
The death benefits with respect to each participant shall be paid to the participant's spouse or, if single, to the designated beneficiary. The value of benefits will equal the deceased participant's interest in the Trust as determined by applicable provisions of the Plan.

Termination of Employment
If employment terminates for reasons other than death, disability, or retirement, the participant is entitled to receive only the vested portion of their account balance. The actual payment of benefits may not begin until the participant is entitled to a distribution under the terms of the Plan. If the terminated participant is employed within six months of termination by another employer who has adopted the Plan, his account balance will be transferred to the new employer's plan.

Plan Investment Options
Upon enrollment in the Plan, participants may direct their contributions in a number of investment options offered by Mid Atlantic Trust Company, the custodian of the plan. The employer contributions are invested in accordance with the participant's investment selection.

Rollovers
At the discretion of the Plan administrator, a participant may be permitted to transfer distributions from other qualified plans into the Plan. The rollover will be placed in a separate account and the participant rollover and earnings thereon are fully vested at all times.

Vesting
Participant contributions, prevailing wage contributions, and actual earnings thereon are fully vested at all times. Discretionary matching and profit sharing contributions plus earnings thereon are vested at 20% per year of service and are 100% vested after five years of service.

Notes Receivable from Participants
Under the Plan, participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of the participant's vested account balance. Loans are to be repaid at least quarterly on the basis of substantially level amortization of principal and interest, within five years from the date the loan is made, except when used to acquire a principal residence. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate established by the plan administrator. A participant can repay a loan in full or in part at any time. The Plan also provides for withdrawals in the event of immediate and heavy financial need.

Forfeited Accounts
Forfeitures of profit sharing and matching contributions reduce matching contributions and/or offset plan expenses at the discretion of the plan administrator, and allocated to eligible participants. Forfeiture of nonvested account balances at December 31, 2012 and 2011 were $158 and $0, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the modified cash basis of accounting, under which contributions and investment income are reported when received rather than when earned and distributions and expenses are recorded when paid rather than when incurred.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded when received. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Notes Receivable from Participants

Participant loans are stated at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 or 2011. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Subsequent Events

The Plan has evaluated subsequent events through October 8, 2013, which is the date the financial statements were available to be issued.

NOTE 3 –INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by Mid Atlantic Trust Company, the custodian, as complete and accurate, except for comparing such information certified by the custodian, to information included in the Plan's financial statements and supplemental schedule.

Total investments held and certified by the custodian in the accompanying Statements of Net Assets Available for Benefits were $4,246,002 and $3,525,115 as of December 31, 2012 and 2011, respectively. The net investment income certified by the custodian in the accompanying Statement of Changes in Net Assets Available for Benefits was $278,605 for the year ended December 31, 2012.

Investments that represent five percent or more of total net assets are as follows:

	December 31, 2012	December 31, 2011
Wells Fargo Stable Return Fund Class C	$ 2,227,016	$ 1,915,952
T. Rowe Price Global Technology Fund	219,059	182,457

During the year ended December 31, 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by $278,605 as follows:

Registered investment companies	$ 244,697
Common collective trust	33,908
	$ 278,605

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs to the valuation methodology include:
  - quoted prices for similar assets or liabilities in active markets;
  - quoted prices for identical or similar assets or liabilities in inactive markets;
  - inputs other than quoted prices that are observable for the asset or liability;
  - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Registered Investment Companies: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Common/Collective Trusts: The fair value is based on the underlying unit value reported by the common collective trust. The use of net asset value as fair value is deemed appropriate as the collective trust fund does not have a finite life, unfunded commitments, or significant restrictions on redemptions.

The Wells Fargo Stable Return Fund ("WFSR Fund") is a common collective trust fund and is a fully benefit-responsive investment contract. As stated at Note B-1, the fully benefit-responsive investment contract is presented at fair value on the Statements of Net Assets Available for Benefits and then adjusted to contract value. The WFSR Fund has invested all of its assets in the Wells Fargo Stable Return Fund G ("Fund G"), a collective trust fund sponsored by Wells Fargo. The value of the WFSR Fund is based on the underlying unit value reported by Fund G. Fund G invests in investment contracts and security-backed contracts. An investment contract (IC) is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. A security-backed contract has similar characteristics as a traditional investment contract and is comprised of two parts: 1) a fixed-income security or portfolio of fixed-income securities, and 2) a contract value guarantee (wrapper) provided by a third party. The fair value of the IC is based on the present value of future cash flows using the current discount rate. The fair value of a security-backed contract includes the value of the underlying securities and the value of the wrapper contract. The fair value of a wrapper contract provided by a security-backed contract issuer is the replacement cost, and is based on the wrapper contract fees.

NOTE 4 – FAIR VALUE MEASUREMENTS - Continued

The yield earned by the WFSR Fund at December 31, 2012 and 2011 was 0.94% and 1.56% respectively. This represents the annualized earnings of all investments in the WSFR Fund, including the earnings recorded at the underlying collective trust funds, divided by the fair value of all investments in the WFSR Fund at December 31, 2012 and 2011, respectively.

The yield earned by the WFSR Fund with an adjustment to reflect the actual interest rate credited to participants in the WFSR Fund at December 31, 2012 and 2011 was 1.95% and 2.33%, respectively. This represents the annualized earnings credited to participants in the WFSR Fund, divided by the fair value of all investments in the WFSR Fund at December 31, 2012 and 2011, respectively.

The WFSR Fund seeks safety of principal and consistency of returns while attempting to maintain minimal volatility.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

All investments are held with the custodian. The custodian is a party-in-interest with respect to the Plan and therefore, these transactions qualify as party-in-interest transactions. In addition, the Plan's recordkeeper is a related party with respect to Beneco Trust Company, the Plan's trustee.

NOTE 6 - TAX STATUS

Effective January 1, 2012, the Employer adopted the Beneco Master Trust, a non-standardized plan, which applied for an opinion letter in March 2012. Prior to January 1, 2012, the Plan had obtained its latest determination letter dated March 31, 2008, in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed, and currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2009.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
