Energy Fishing & Rental Services 401(k) Plan

Notes to Financial Statements

December 31, 2012 and 2011

Note 1: Description of the Plan

The following description of Energy Fishing & Rental Services 401(k) Plan (the Plan) provides only general information. Participants should refer to the *Plan Document* and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

General

The Plan is a defined contribution plan sponsored by Energy Fishing Holdings, Inc. (the Company), for the benefit of its employees who have at least three months of service and are age 18 or older. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). South Texas Administrators, Inc., is the trustee of the Plan. Hartford Life Insurance Company (Hartford) serves as Plan custodian.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to 100 percent of eligible compensation. Participants who have attained aged 50 before the end of the Plan year are eligible to make catch-up contributions. Employee rollover contributions are also permitted. The Company makes safe harbor contributions equal to 100 percent of employees' salary deferral amounts that do not exceed 3 percent of compensation plus 50 percent of salary deferrals between 3 percent and 5 percent of eligible compensation. Company profit sharing contributions are discretionary as determined by the Company's Board of Trustees. For the year ended December 31, 2012, the Company did not make any profit sharing contributions. Contributions are subject to certain limitations. Forfeitures are used to pay administrative expenses or reduce Company contributions.

Participant Investment Account Options

Participants direct the investment of their contributions, as well as the Company's contribution, into various options offered by the Plan. The Plan currently offers various pooled separate accounts as investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contribution, Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled are the benefits that can be provided from the participant's vested account.

Energy Fishing & Rental Services 401(k) Plan

Notes to Financial Statements

December 31, 2012 and 2011

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions and employer safe-harbor contributions, plus earnings thereon. Vesting in the Company's match and profit sharing contribution portion of their accounts, plus earnings thereon, is based on years of continuous service. A participant is fully vested after six years of continuous service. The non-vested balance is forfeited upon termination of service.

Payment of Benefits

Upon termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive a lump-sum amount equal to the value of his account. The Plan permits withdrawals from the Plan due to circumstances of financial hardship, in accordance with provisions specified in the *Plan Document*. Additionally, certain in-service withdrawals are permitted upon attainment of age 59 ½.

Forfeited Accounts

At December 31, 2012, forfeited non-vested accounts totaled $707. These accounts will be used to reduce future employer contributions or pay administrative fees.

Participant Loans

The *Plan Document* includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be $1,000. The maximum amount of a participant's loans is determined by the available loan balance restricted to the lesser of $50,000 or 50 percent of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the Plan Administrator.

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the *Plan Document*.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments. Pooled separate accounts are valued at estimated fair value as provided by Hartford. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the years.

The Plan's interest in the common/collective trust is valued based on information reported by the investment advisor using the audited financial statements of the common/collective trust at year-end.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Plan Tax Status

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and, therefore, not subject to tax. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

With a few exceptions, the Plan is no longer subject to U.S. Federal, state and local or non-U.S. income tax examinations by tax authorities for years before 2009.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 3: Investments

The Plan's investments are held by Hartford. The fair value of the Plan's investments at the end of the year and the Plan's investments (including investments bought, sold and held during the years) appreciated (depreciated) in fair value as follows:

	2012 (Certified)		2011 (Compiled)
	Net Appreciation (Depreciation) in Fair Value During Year	Fair Value at End of Year	Fair Value at End of Year
Pooled separate accounts	$ 270,710	$ 2,609,568	$ 1,709,425
Common/collective trust	(1,767)	-	263,724
	$ 268,943	$ 2,609,568	$ 1,973,149

The fair value of individual investments that represented 5 percent or more of the Plan's net assets available for benefits were as follows:

	2012 (Certified)	2011 (Compiled)
JPMorgan Prime Money Market Fund	$ 257,950	*
American Funds American Mutual Fund	227,226	$ 179,893
American Century Small Cap Value Fund	236,809	165,025
BMO Mid-Cap Value Fund	180,171	130,531
American Funds Growth Fund of America Fund	571,891	384,158
American Funds American Balanced Fund	387,850	296,895
PIMCO Total Return Fund	169,051	160,175
SEI Stable Asset Fund	*	263,724
	$ 2,030,948	$ 1,580,401

*This investment did not represent 5 percent or more of the Plan's net assets.

Note 4: Party-in-interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments are units of pooled separate accounts managed by Hartford, which is the custodian as defined by the Plan agreement. Therefore, these transactions qualify as party-in-interest transactions. The Company provides certain administrative services at no cost to the Plan.

Note 5: Plan Amendment

Effective January 1, 2012, the *Plan Document* was amended to reinstate employer safe harbor-matching contributions.

Note 6: Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities.

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities.

Recurring Measurements

The tables on the following page presents the fair value measurements of assets and liabilities recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2012 and 2011.

	2012 (Certified)			
		Fair Value Measurements Using

Common/collective trust	263,724	-	263,724	-
Total	$ 1,973,149	$ 0	$ 1,973,149	$ 0

On the following page is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the

valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2012. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8: Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.

On March 15, 2013, all of the Plan's assets were transferred to ING Life Insurance and Annuity Company (ING), the new custodian of the Plan. The new custodian initiated a "blackout period" which begins on March 7, 2013, until the assets of the Plan were transferred to ING on March 15, 2013.

Effective January 1, 2013, the Plan trustee changed from South Texas Administrators, Inc., to Compensation Strategies Group, Ltd.
