Report of Independent Auditors

HOVENSA Benefits Committee and
Participants in the HOVENSA Employees' Savings Plan

We have audited the accompanying financial statements of HOVENSA Employees' Savings Plan, which comprise the statement of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the years ended December 31, 2012 and 2011, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of HOVENSA Employees' Savings Plan at December 31, 2012 and 2011, and the changes in its net assets available for benefits for the years then ended, in conformity with U.S. generally accepted accounting principles.

Supplemental Schedule

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2012 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

HOVENSA Employees' Savings Plan

Notes to Financial Statements

1. Description of Plan

The following description of the HOVENSA Employees' Savings Plan (the Plan) is provided for general information only. For more information, participants should refer to the summary plan description, which can be obtained from the Company's Resource Center.

General

The Plan is a defined contribution plan covering eligible employees of HOVENSA L.L.C. (the Company). Employees are eligible to enroll in the Plan upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). For the purpose of carrying out the Plan, a trust agreement was entered into effective July 1, 2009, with JPMorgan Chase NA (Trustee).

In January 2012, the Company shut down its refinery operations after recently experiencing substantial operating losses due to global economic conditions and competitive disadvantages versus other refiners. Such losses were incurred despite efforts to improve operating performance by reducing refining capacity to 350,000 from 500,000 barrels per day in the first half of 2011. During 2012 and 2013, the Company and the Government of the U.S. Virgin Islands have been engaged in discussions pertaining to the Company's future plans for the complex. In conjunction with the shutdown of refining operations, a significant portion of employees were involuntarily terminated during 2012.

Contributions

At the election of each participating employee, pre-tax amounts contributed under the Plan (from 1% to 25% of compensation) and the employer's matching contributions are invested in one or more of the available mutual funds with varying investment objectives. The Company matches participant contributions up to 6% of eligible compensation.

Eligible employee compensation under the Plan was limited by law to \$250,000 in 2012 and \$245,000 in 2011 and this limit will increase to \$255,000 for 2013. Before-tax contributions were limited by law to \$17,000 in 2012 and \$16,500 in 2011 and will increase to \$17,500 for 2013. In the year an employee reaches age 50, and all years thereafter, an employee is eligible to make an additional before-tax "catch-up" contribution to the Plan that is not eligible for matching company contributions. The limit for "catch up" contributions was \$5,500 in 2012 and 2011, which will continue for 2013.

A participant may change investment designations for future contributions or reallocate existing investments to different funds on a daily basis.

other funds at any time. This fund invests in shares of common stock of Hess Corporation, which is traded on the New York Stock Exchange (NYSE) under the ticker symbol (HES). Approximately 1% of this fund is held in short-term investment funds to facilitate daily transactions.

Participants sold 21,329 shares (fair value \$1,111,588) and 19,119 shares (fair value \$1,418,722) of Hess Corporation common stock during 2012 and 2011, respectively.

Vesting

Participants are immediately vested in their contributions and the employer's matching contributions.

Notes Receivable From Participants

Participants may borrow from their account balance, including their Company matching account, with a minimum of \$500 up to a maximum of \$50,000. Participants may have two concurrent loans. The total of the loans cannot exceed the lesser of \$50,000 or 50% of the participant's account balance. The participant's account balance serves as collateral for the loans. Loans are repaid by participants in equal installments over a period of not more than five years, or not more than 30 years if borrowed for the purpose of acquiring a principal residence. Interest on loans is charged at a rate of 1% above the prime rate determined at the time the loan is made. Currently a \$50 loan set-up fee is charged to participants when they borrow from the Plan.

Rollovers From Other Plans

Employees may deposit an eligible rollover distribution made by a qualified plan of another employer or from an individual retirement account whose assets were derived solely from the rollover from a qualified plan of another employer. Rollovers are accepted in cash only and are invested according to the participant's current fund elections for contributions. An employee who is not contributing to the Plan must elect investment options at the time of the rollover. The current market values of amounts rolled over to the Plan can be withdrawn in whole or in part at any time.

HOVENSA Employees' Savings Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Payment of Benefits

Upon a withdrawal or distribution, an employee's investments in the mutual funds are paid in cash. The employee's investments in the Hess Corporation Common Stock Fund are distributed either in whole shares of stock of Hess Corporation (plus the cash equivalent of any fractional shares) or in cash, depending upon the employee's election.

Voluntary complete or partial withdrawals from before-tax contributions are permitted only after attainment of age 59½, except in the case of hardship. Generally, only employee after-tax contributions, and employer contributions made prior to January 1, 2002, are eligible for withdrawal by active employees under age 59½. Terminated employees may withdraw their entire balance at any time.

Employees may elect direct rollovers of the taxable portion of their distributions to an individual retirement account, individual retirement annuity or a qualified plan of another employer. Eligible distributions that are not rolled over are subject to federal income tax withholding at 20% and may be subject to an additional 10% tax.

Expenses

The Plan's expenses are costs of the general administration of the Plan and include recordkeeping, legal and accounting services. Expenses may be paid by either the Plan or the Company. Administrative fees related to participant-directed transactions such as employee loans and certain investment fund redemptions are charged directly to their accounts.

4. Fair Value Measurements

The provisions of ASC 820 – Fair Value Measurements and Disclosures establish a hierarchy for the inputs used to measure fair value based on the source of the input, which generally range from quoted prices for identical instruments in a principal trading market (Level 1) to estimates determined using related market data (Level 3). Multiple inputs may be used to measure fair value, however, the level of fair value for each financial asset presented below is based on the lowest significant input level within the fair value hierarchy. Mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan. The underlying securities within the funds are based on quoted market prices from the primary exchanges on which they are traded. Hess Corporation common stock values are based on the closing market prices on the New York Stock Exchange, which is the primary exchange on which the stock is traded. The following table provides the fair value hierarchy of the Plan's financial assets:

	December 31, 2012			
	Level 1	Level 2	Level 3	Total
Mutual funds (a)	\$ 114,859,946	\$ –	\$ –	\$ 114,859,946

5. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the net assets of the Plan may be distributed to participants in accordance with the Plan's provisions and applicable law.

6. Tax Status

The Plan has received its most recent determination letter from the Internal Revenue Service dated March 6, 2012, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax exempt. The plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by regulatory authorities and the 2009 plan year is currently under review. The plan administrator believes the Plan is no longer subject to audit review for years prior to 2009.
