Michaels Stores, Inc. Employees 401(k) Plan

Notes to Financial Statements

December 31, 2012

1. Description of the Plan

The Michaels Stores, Inc. Employees 401(k) Plan (the Plan) became effective on February 1, 1987, for eligible employees of Michaels Stores, Inc. (the Employer or the Company) and its subsidiaries. The Plan is a defined contribution plan designed to comply with the Employee Retirement Income Security Act of 1974, as amended (ERISA), and is intended to satisfy the qualification requirements of the Internal Revenue Code of 1986, as amended (IRC).

The following is a brief description of the Plan. Participants should refer to the plan document for complete information regarding the Plan.

Participation

An eligible employee may become a participant as soon as administratively feasible after (i) attainment of the age of 21 and (ii) completion of a six-month eligibility period in which such person is credited with at least 500 hours of service. The initial eligibility period begins with the month in which an eligible employee is hired. Subsequent eligibility periods begin on the first day of the month.

Contributions

Each participant may elect to have his or her compensation reduced, up to a maximum of 80% of the participant's considered compensation, as defined by the Plan, through pretax payroll deductions, and have the Employer contribute these amounts (Salary Reduction Contributions) for each pay period to the Plan. A participant's Salary Reduction Contributions to the Plan and other such plans may not exceed an amount determined under the IRC each calendar year ($17,000 in 2012). Each participant may also elect to make voluntary, after-tax contributions up to a maximum of 10% of the participant's considered compensation (Participant Contributions). Participants in the Plan who have attained the age of 50 are able to make catch-up deferral contributions, subject to statutory limitations.

In addition, the Employer is required to make a contribution (Employer Matching Contributions) to the account of each participant in an amount equal to 50% of the participant's Salary Reduction Contributions that do not exceed 6% of the participant's considered compensation in such pay period. Employer Matching Contributions are deposited as soon as administratively feasible after the Employer Matching Contributions for the applicable pay period have been determined.

1. Description of the Plan (continued)

All contributions are invested based on the participants' investment elections. Participants may elect to invest their entire plan account balance in one of, or in any combination of, a variety of investment options that have been selected by the Plan's Investment Committee.

The Plan intends to meet the requirements of Section 404(c) of ERISA and regulations issued by the U.S. Department of Labor (29 CFR Sec. 2550.404(c)-1). To the extent that a participant chooses how to invest plan assets under an ERISA Section 404(c) plan, the fiduciaries are not liable for any losses that result from those investment decisions.

Administration of the Plan

The Plan is administered by the Administration Committee, currently consisting of four individuals, all of whom are employees of the Employer, appointed by the Employer's Board of Directors. The members of the Administration Committee serve at the discretion of the Board of Directors without compensation for their services.

All expenses incidental to the administration of the Plan are charged to the participants' accounts unless the Employer elects to pay for such expenses. The Employer elected to pay accounting and legal expenses of the Plan in 2012.

Participant Accounts

A separate account is maintained in the Plan for each participant. The account balances for participants are adjusted periodically as follows:

(a) All contributions are allocated to participants' accounts with each company payroll.

(b) Participants' withdrawal requests are processed weekly.

(c) Income and gains and losses from investments are allocated to the participants' accounts daily. Allocations are based on participant account balances.

(d) Transfers are processed on a daily basis.

1. Description of the Plan (continued)

Custodian of Investments

Charles Schwab Trust Company (Schwab) is the trustee and custodian of the Plan.

Vesting

Participants become vested in Employer Matching Contributions (including investment gains and losses thereon) at the rate of 33% after one year of service and 67% after two years of service. Employer Matching Contributions vest 100% upon the participant completing three years of service. Salary Reduction Contributions and Participant Contributions are 100% vested and nonforfeitable at all times, as are contributions rolled over to the Plan from another plan (Rollover Contributions). The Company may use forfeitures from nonvested participants to reduce future Employer Matching Contributions.

Withdrawals

Upon termination of employment with the Company, participants are entitled to, and may withdraw from the Plan, 100% of the Salary Reduction Contributions, Participant Contributions, and Rollover Contributions, as well as their vested portion of Employer Matching Contributions. Participants may request distribution of their account at any time after their employment termination date. Participants with vested account balances greater than $5,000 as of their termination date may elect to maintain their balance in the Plan until such time as the participant requests a distribution. Vested account balances less than $1,000 will be distributed as soon as administratively feasible to the Participant in a single lump-sum distribution. Participants with account balances of $1,000 up to $5,000 at the time of their termination must elect to receive payment directly or roll over their funds into an individual retirement plan (IRA) or other qualified plan. Absent an affirmative election made by the participant, the plan administrator must roll over the cash directly into an IRA designated by the Administration Committee.

In addition, there are rules that require minimum distributions to be made from the Plan. Generally, these minimum distributions must begin by April 1 of the calendar year following the later of the year in which the employee retires or the year in which the employee reaches the age of 70½.

In-service withdrawal provisions of the Plan allow for early withdrawal of Participant Contributions and Rollover Contributions at any time and for any reason. Such withdrawals may be subject to ordinary income taxes and early distribution penalty taxes.

1. Description of the Plan (continued)

Participants who are employees and over the age of 59½ may withdraw amounts from their fully vested accounts, either by equal installments or a lump-sum distribution.

Hardship withdrawals of Salary Reduction Contributions may be made under certain limited circumstances while the participant is employed by the Company.

Participant Loans

Notes receivable from participants represent participant loans. Active participants in the Plan may obtain loans from their vested account balances, subject to certain requirements, without incurring income taxes or penalties. Participant loans are repaid, with interest, on an after-tax basis through payroll deductions. Loan repayment periods are determined by the participant and may extend up to 5 years in all cases except that a loan used to purchase a participant's principal residence may extend up to 10 years. Loan repayments (including interest) are deposited to each participant's account and invested according to the participant's investment elections in effect at the time of repayment.

Termination of the Plan

While the Company has not expressed any intent to discontinue the Plan, the Company may terminate the Plan at any time. In the event the Plan is terminated, the plan accounts of all active participants would become fully vested.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. Distributions to participants are recorded when paid. Subsequent events have been evaluated by management through October 14, 2013, the date the financial statements were available to be issued.

2. Summary of Significant Accounting Policies (continued)

New Accounting Pronouncement

In May 2011, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs.* ASU 2011-04 amended Accounting Standards Codification (ASC) 820, *Fair Value Measurement,* to converge the fair value measurement guidance in U.S. generally accepted accounting principles and International Financial Reporting Standards (IFRS). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures although certain of these new disclosures will not be required for nonpublic entities, as defined in ASC 820. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Adoption of ASU 2011-04 did not have an effect on the Plan's net assets available for benefits or its changes in net assets available for benefits because the Plan does not measure the fair value of any of its assets with significant unobservable inputs (see Note 3).

Investment Valuation and Income Recognition

Investments are valued at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 3 for further discussion of fair value measurements.

The Plan invests in fully benefit-responsive investment contracts through a common/collective trust: Morley Stable Value Fund for 2012 and Charles Schwab Stable Value Fund (Schwab Stable Value Fund) for 2011. The Schwab Stable Value Fund assets were transferred into the Morley Stable Value Fund effective April 30, 2012. The Morley Stable Value Fund and the Schwab Stable Value Fund are recorded at fair value (see Note 3); however, since the contracts are fully benefit-responsive, an adjustment is reflected in the statements of net assets available for benefits to present these investments at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract values of the Morley Stable Value Fund and the Schwab Stable Value Fund represent contributions plus earnings, less participant withdrawals and administrative expenses.

2. Summary of Significant Accounting Policies (continued)

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 or 2011. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Employer to make estimates that affect the amounts reported in the financial statements, accompanying notes, and supplemental schedules. Actual results could differ from those estimates.

3. Fair Value Measurements

ASC 820 establishes a three-level valuation hierarchy for fair value measurements. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The fair value hierarchy prescribed by ASC 820 is as follows:

Level 1 – Quoted prices for *identical* instruments in active markets

Level 2 – Quoted prices for *similar* instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-derived valuations whose significant inputs are observable

Level 3 – Instruments with significant *unobservable* inputs

3. Fair Value Measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Descriptions of the valuation methodologies used for assets measured at fair value are as follows:

- Investments in registered investment companies are valued based on published prices, which represent the net asset value (NAV) of shares held by the Plan on the last business day of the plan year.

- The commingled trust is valued at NAV based on the underlying net assets of the trust as determined by the issuer.

- Investments in common/collective trusts are valued at NAV based on the underlying net assets of the trust as determined by the issuer.

- The fair value of the Plan's interest in the Stable Value Fund is based on the NAVreported by the issuer of the common/collective trust at year-end based on the underlying net assets of the fund.

3. Fair Value Measurements (continued)

The table below sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

(1) This category includes a common/collective trust that is designed to provide a stable rate of return with preservation of principal and liquidity as primary objectives. Participant-directed redemptions must be completed within 30 days from the date of request; however, the Plan is required to provide a one-year redemption notice to liquidate its units in the fund.

(2) This category includes common/collective trusts that seek to provide total return for investors based on the selected year of retirement, and it is designed to provide a single investment fund that automatically adjusts over time to meet the changing risk and return objectives of investors saving for retirement. Participant-directed redemptions must be completed within 10 days from the date of request; however, the Plan is required to provide 30 days' notice for complete withdrawal from the funds.

(3) This category includes a commingled trust that uses an investment approach which attempts to match, before expenses, the performance of the S&P 500 over the long term. The fund must be provided with at least 15 days' notice of withdrawal, and such withdrawal may be further limited by the respective investments' declaration.

4. Related-Party Transactions

Certain plan investments in registered investment companies and common/collective trusts are managed by Schwab. Schwab is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. All of these transactions are exempt from the prohibited transaction rules.

5. Investments

Other than the fair value of the Morley Stable Value Fund or Schwab Stable Value Fund and the related adjustment from fair value to contract value for fully benefit-responsive investment contracts held in a common/collective trust, all investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held, notes receivable from participants, and dividends receivable at December 31, 2012 and 2011, and net appreciation in fair value of investments, dividend and interest income, other income, and interest income on notes receivable from participants for the year ended December 31, 2012, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Schwab.

The contract values of the Morley Stable Value Fund and the Schwab Stable Value Fund at December 31, 2012 and 2011, respectively, were certified as complete and accurate by Schwab.

	December 31	
	2012	**2011**

Morley Stable Value Fund, at contract value	**33,439,844**	–
Schwab Stable Value Fund, at fair value	–	35,591,538

5. Investments (continued)

The fair value of investments that represent 5% or more of the Plan's net assets available for benefits at December 31, 2012, is as follows:

	2012 Fair Value
Morley Stable Value Fund*	**$ 34,084,402**
PIMCO Total Return Fund	**15,868,264**
SSgA S&P 500 Index Fund	**14,090,704**

*Contract value is $ 33,439,844.

The fair value of investments that represent 5% or more of the Plan's net assets available for benefits at December 31, 2011, is as follows:

	2011 Fair Value
Charles Schwab Stable Value Fund*	$ 35,591,538
PIMCO Total Return Fund	13,638,790
SSgA S&P 500 Index Fund	12,993,327
Oppenheimer Developing Markets	8,070,823
Baron Growth Fund	7,256,758
Growth Fund of America	6,902,456

*Contract value is $35,347,639.

5. Investments (continued)

During 2012, the Plan's investments (including investments purchased, sold, or held during the year) appreciated in fair value as follows:

	Net Appreciation in Fair Value of Investments
Registered investment companies	$ 6,809,878
Common/collective trusts	1,394,515
Commingled trust	2,000,286
Total	$ 10,204,679

The Plan has investments in various securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' accounts and the amounts reported in the statements of net assets available for benefits.

6. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated May 25, 2011, stating that the Plan is qualified under Section 401(a) of the IRC and that the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Administration Committee believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or

6. Income Tax Status (continued)

penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

7. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	2012	**2011**
Net assets available for benefits per the financial statements	**$ 138,582,558**	$ 123,936,801
Add: Adjustment from contract value to fair value for fully benefit-responsive investment contracts held in a common/collective trust	**644,558**	243,899
Add: Contributions refundable – participants	**237,009**	142,359
Net assets available for benefits per the Form 5500	**$ 139,464,125**	$ 124,323,059

The following is a reconciliation of the net increase per the financial statements to the Form 5500 for the year ended December 31, 2012:

Net increase per the financial statements	$ 14,645,757
Add: Net appreciation in fair value of fully benefit-responsive investment contracts held in a common/collective trust	400,659
Add: Change in contributions refundable – participants	94,650
Net increase per the Form 5500	$ 15,141,066

The accompanying financial statements present investments in the Stable Value Fund at contract value whereas the Form 5500 presents investments in the Stable Value Fund at fair value. In addition, contributions refundable are recorded as a liability in the financial statements for the year the original contributions were made whereas the Form 5500 reflects the contributions refundable in the year the refunds are distributed back to the participants.
