1. Plan Description

The following description of Hearthside Food Solutions 401(k) Plan III (the Plan) provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan was formed on May 10, 2010 upon the acquisition of certain assets of Golden Temple of Oregon LLC by Hearthside Holdco, LLC, the parent company of Hearthside Food Solutions, LCC (Company, Employer and Plan Sponsor). Consequently, all employees participating in the Golden Temple of Oregon LLC 401(k) Plan (former Plan) who became employees of the Company were eligible to participate in the Plan on May 10, 2010 and were allowed to elect a voluntary rollover of their account balance from the former Plan.

The Plan is a defined contribution plan which covers all eligible employees of the Company and is designed to provide benefits upon retirement, termination, death or disability. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Merger

Effective January 4, 2013, the Plan was merged into the Hearthside Food Solutions 401(k) Plan, a Plan covering all eligible non-union employees of the Company. The assets were transferred from AUL to Fidelity Management Trust Company (Fidelity). Effective January 4, 2013, Fidelity became the Plan Trustee and provides recordkeeping services.

Eligibility

Prior to January 1, 2012, employees became eligible to participate for purposes of salary deferrals on January 1 or July 1 following completion of four months (120 consecutive days) of service. Participants were eligible to receive employer profit sharing contributions upon completion of 1,000 hours of service during the plan year, and must be employed by the Company as of the plan year-end. As of January 1, 2012 the Plan was amended and restated. As of January 1, 2012, employees become eligible to participate for purposes of salary deferrals as well as employer contributions, on the first day of the month following 90 days of continuous service.

Contributions and Vesting

Participants may elect to make deferral contributions of pretax annual compensation, as defined in the Plan, up to the maximum allowable under the Internal Revenue Code (IRC). Effective January 1, 2012, participants may designate all or a portion of their elective deferrals as after-tax Roth contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

As of January 1, 2012, the Plan was amended to include a safe harbor non-elective employer contribution equal to 4% of the employee's compensation for the plan year.

Participants' voluntary contributions, employer non-elective employer contributions, and related earnings are immediately 100% vested.

Participant Accounts

Each participant's account is credited with the participant's contributions, discretionary Company matching and profit sharing contributions, and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at rates that are commensurate with local borrowing rates when issued. Interest rates on notes receivable outstanding at December 31, 2012 are 3.25%. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the notes were used to purchase a primary residence, in which case the note terms do not exceed 30 years.

Payment of Benefits

Upon termination of service due to death, disability, retirement or separation, participants may elect to receive their benefits as a lump-sum amount equal to the value of their interest in their account, unless the participant elects to receive his or her benefits in the form of equal installments. Participants who have attained age 59½ are permitted to receive in-service withdrawals.

Administrative Expenses

Certain administrative expenses are paid by the Plan. Certain other costs and expenses incurred in connection with the operation of the Plan are paid by the Company.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared under the accrual method of accounting.

Subsequent Events

Subsequent events have been evaluated by management through October 14, 2013, the date these financial statements were available to be issued.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset (an exit price) in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Net investment gain or loss includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable - Participant Loans

Participant loans are classified as notes receivable from participants, and are measured at the unpaid principal balance plus unpaid accrued interest. Defaulted loans, if any, are reclassified as distributions based upon the terms of the Plan Agreement.

Payment of Benefits

Benefits are recorded when paid.

New Accounting Pronouncement

In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs* (ASU 2011-04). ASU 2011-04 amended ASC 820, *Fair Value Measurements and Disclosures,* to provide a consistent definition of fair value and improve the comparability of fair value measurements presented and disclosed in financial statements prepared in accordance with U.S. GAAP and IFRSs. Some of the amendments clarify the application of existing fair value measurement and disclosure requirements, while other amendments change a particular principle or requirement for measuring fair value or disclosing information about fair value measurements. The amendments are to be applied prospectively and became effective for annual periods beginning after December 15, 2011. Adoption of ASU 2011-04 had no effect on the Plan's financial statements.

3. Investments

In accordance with ASC 820, *Fair Value Measurements and Disclosures,* the Plan utilizes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on

the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, other inputs that are observable or can be corroborated by observable market data.

Level 3 - Inputs to the valuation methodology are both significant to the fair value measurement and unobservable.

The following valuation methodologies were used to measure the fair value of the Plan's investments:

Fixed Interest Account: Amounts allocated to the American United Life (AUL) Fixed Interest Account (FIA), an investment option within the group annuity contract with AUL, is considered to be benefit responsive by the issuer due to certain characteristics of the contract. AUL maintains the contributions in a general account. Benefit responsive contracts held by a defined contribution plan are required to be reported at contract value, with an adjustment to fair value. However, the contract is reported at contract value, which approximates fair value. Contract value represents contributions made under the contract, plus interest at a specified rate determined periodically by AUL, minus withdrawals and charges as specified in the contract. The annual minimum guaranteed interest rate for the contract is the lesser of 3.00% or an amount as determined by the contract, but not less than 1.00%. The average interest rate being credited at December 31, 2012 and 2011 was 1.74% and 2.59%, respectively.

Separate Account: The Plan holds variable investment options through an American United Life (AUL) separate account. The separate account invests in shares of certain mutual funds. Amounts allocated to the AUL separate accounts are credited to a participant's account in the form of accumulation units. The value of an accumulation unit is determined at the close of each business day and is directly related to the net asset value (NAV) of the shares of the underlying investments adjusted for any dividends or distributions received by AUL and the daily equivalent of any fee charged by AUL pursuant to the contract. The value of each accumulation unit is published each business day. While the underlying asset values are based on quoted prices, the separate account is not publicly quoted. The NAV is reported by the fund managers as of the financial statement date based on recent transaction prices. The separate account provides for daily redemptions by the Plan at reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date.

The Plan's valuation methods may result in a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although Plan management believes the valuation methods are appropriate and consistent with market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth the Plan's investments by level within the fair value hierarchy. There have been no significant transfers into or out of Levels 1, 2 or 3.

4. Information Certified by AUL

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, AUL has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

	January 4, 2013	December 31, 2012	December 31, 2011
Fixed interest account	$ -	$ 21,517	$ 13,586
Separate account	-	1,773,125	1,242,298

Period and years ended	January 4, 2013	December3 1, 2012	December 31, 2011
Interest income	$ 561	$ 370	$ 305
Net investment gain (loss) from separate account	33,277	168,887	(30,763)

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

5. Related Party Transactions

Plan investments include a fixed interest account and a separate account managed by AUL. These transactions qualify as party-in-interest transactions. Fees paid to AUL for administrative services were $1,000, $1,610 and $400 during 2013, 2012 and 2011, respectively.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. On January 4, 2013, the Plan was merged with another plan sponsored by the Company. See *Plan Merger*, Note 1.

7. Income Tax Status

The Company has adopted the Prototype Non-Standardized 401(k) Profit Sharing Plan Document of American United Life Insurance Company. In a letter dated January 31, 2006, the Internal Revenue Service (IRS) stated that the prototype plan is in compliance with the applicable requirements of the IRC. The Plan Agreement has been amended since receiving the letter; however, the Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2012 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Delinquent Participant Contributions

The Company determined that certain employee deferrals had not been remitted to the Plan in a timely manner according to Department of Labor regulations. The amount reported for 2012 and 2011 was $47,834 and $11,481, respectively. The Company is in the process of calculating lost earnings for the late remittances, and intends to deposit these funds into the Plan.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.
