Report of Independent Auditors

The Plan Administrator and Participants
David Yurman Enterprises, LLC

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of David Yurman Enterprises, LLC Retirement Plan, which comprise the statement of net assets available for benefits as of December 31, 2012, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified investment information described in Note 3, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the entity that certified the investment information meets the requirements of 29 CFR 2520.103-8. The plan administrator has obtained a certification as of and for the year ended December 31, 2012, stating that the investment information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion on Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Disclaimer of Opinion on Supplemental Schedule

The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2012 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Disclaimer of Opinion of Other Auditors on December 31, 2011 Financial Statements

Other auditors disclaimed an opinion on the financial statements of David Yurman Enterprises, LLC Retirement Plan as of December 31, 2011 on October 9, 2012, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Their report indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the 2011 financial statements other than that derived from the certified investment information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Compliance of Form and Content with Department of Labor's Rules and Regulations

The form and content of the information included in the 2012 financial statements and supplemental schedule, other than that derived from the certified investment information, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

David Yurman Enterprises, LLC Retirement Plan

Notes to Financial Statements

December 31, 2012

1. Description of Plan

The following description of the David Yurman Enterprises, LLC Retirement Plan (the Plan) provides only general information about the Plan's provisions. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and is subject to the provision of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established November 1, 1985. The Plan covers all eligible domestic employees of David Yurman Enterprises LLC and its affiliates, David Yurman Timepieces, LLC, and David Yurman Retail, LLC (collectively the Company or Employer).

The assets are maintained by the Plan's custodian, ING Life Insurance and Annuity Company (ING) and the third-party administrator is Standard Pension Services, LLC.

Eligibility

Elective Deferrals and Matching Contributions

Each employee is eligible to become an active participant in the Plan upon completion of one year of service or earlier upon completion of six consecutive full calendar months of employment with at least 83.33 hours of service each month and must be 21 years of age or older. Participation begins on January 1st, April 1st, July 1st or October 1st which coincides with or next follows the date on which service requirements are satisfied, as defined.

Non-Elective Contributions

Each employee is eligible for the employer's voluntary contributions upon completion of one year of service and must be 21 of age or older. Participation begins on January 1st, or July 1st, which coincides with or follows the date on which service requirements are satisfied, as defined.

1. Description of Plan (continued)

Eligible employees may make voluntary contributions to the Plan not to exceed the annual limit of $17,000 as specified by the IRS for 2012. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions totaling $5,500 for 2012.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

A participant may elect to commence elective deferrals as of the entry date as defined or the first day of any subsequent calendar quarter. Investments are participant directed.

Each year, the Employer may elect to make matching contributions to the Plan up to 6% of employee compensation. The match will be determined based upon a specific dollar amount and/or a discretionary percentage match determined by the Employer prior to the beginning of each plan year. For 2012, the Employer match was 25% of the first 6% of employee compensation.

Each year, the Employer may elect to make voluntary contributions to the Plan subject to a maximum amount, as defined. Such contributions may be made from profits only. For plan year 2012, the Employer made a voluntary contribution of $1,221,805, which represented a 3% contribution to all eligible employees.

Each participant's account is credited with (a) employee deferrals; (b) allocation of the Employer's contributions; (c) earnings attributable to the account, and charged with an allocation of administrative expenses.

Participants can direct their contributions into various investment options offered with ING consisting of pooled separate accounts and a guaranteed investment account.

Notes Receivable from Participants

Pursuant to the Plan agreement, participants can borrow from the Plan at reasonable rates of interest providing the loan does not exceed the lesser of $50,000 or 50% of the participant's vested account balance. At December 31, 2012, all loans had interest rates ranging from approximately 4.15% to 9.00% per annum.

1. Description of Plan (continued)

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump-sum distribution in the amount of the participant's account or installment payments.

Vesting

Employees are immediately vested in their voluntary contributions plus actual earnings thereon.

Participants become vested in their Employer's matching and voluntary contributions amount plus earnings thereon as follows:

Year of Service	Vesting Interest
2	20%
3	40%
4	60%
5	80%
6	100%

Participants also become 100% vested in employer matching and voluntary contributions plus earnings thereon on reaching normal retirement age as defined (provided at least 5 years of service have been rendered) and also upon death or disability prior to termination of employment.

Forfeitures

Forfeitures of non-vested accounts are used to reduce employer contributions. At December 31, 2012 and 2011, forfeited non-vested accounts totaled $0 and $44,641, respectively. For the year ended December 31, 2012, the employer contributions were reduced by $88,802 from forfeited non-vested accounts.

Administrative Expenses

The Plan's administrative expenses are paid from the Plan assets or by the Employer, as provided by the Plan's provisions.

2. Summary of Significant Accounting Policies

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's pooled separate account investments are stated at fair value. See Note 6 for discussion of fair value measurements.

The Plan invests in a fully benefit-responsive guaranteed investment contract ("GIC"). The investment contract is recorded at fair value (see Note 6); however, since the contract is fully benefit-responsive an adjustment is reflected in the statements of net assets available for benefits to present the investment at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value of the fully benefit-responsive investment contracts represents contributions plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Benefits Payments

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

2. Summary of Significant Accounting Policies (continued)

New Accounting Pronouncements

In May 2011, the FASB issued Accounting Standards Update 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs,* (ASU 2011-04). ASU 2011-04 amended ASC 820, *Fair Value Measurement,* to converge the fair value measurement guidance in US generally accepted accounting principles (GAAP) and International Financial Reporting Standards (IFRSs). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures, although certain of these new disclosures are not required for nonpublic entities, as defined in ASC 820. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Adoption of ASU 2011-04 did not have an effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

3. Investments

The following table presents investments that represent 5% or more of the Plan's net assets:

	December 31	
	2012	**2011**
ING Fixed Account	$ 2,448,372	$ 1,609,021
ING Solution 2015 Port-S2	1,289,298	–
ING Solutions 2025 Port-S2	2,491,880	–
ING Solutions 2035 Port-S2	4,344,639	–
ING Solutions 2045 Port-S2	2,531,568	–

ING Solutions 2015 Port-Adv	–	1,389,729
ING Solutions 2025 Port-Adv	–	2,339,936
ING Solutions 2035 Port-Adv	–	3,491,098
ING Solutions 2045 Port-Adv	–	1,645,164

3. Investments (continued)

During 2012, the Plan's investments appreciated (depreciated) in fair value as follows:

Money market funds	$ (2,697)
Fixed income funds	92,545
Lifecycle funds	1,285,103
Growth funds	634,028
Balanced funds	1,963
Global/international funds	402,820
Other Funds	(4,913)
	$ 2,408,849

All investment information disclosed in the accompanying financial statements and supplemental schedule including investments held, and the adjustment from fair value to contract value for fully benefit-responsive investment contracts at December 31, 2012 and 2011, and net appreciation in fair value of investments, interest, dividends and interest income on notes receivable from participants for the year ended December 31, 2012, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by ING, the custodian of the Plan.

4. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.

5. Tax Status

The underlying volume submitter plan has received an advisory letter from the Internal Revenue Service (IRS) dated March 31, 2008, stating that the form of the plan is qualified under Section 401 of the Internal Revenue Code (the Code) and therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2012-6 and 2011-49, the plan administrator has determined that it is eligible to and has chosen to rely on the current IRS volume submitter advisory letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt.

5. Tax Status (continued)

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

6. Fair Value Measurements

Generally accepted accounting principles establishes a framework for measuring fair value and requires disclosures about fair value measurements, and a fair hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- quoted prices for similar assets and liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets.
- inputs other than quoted prices that are observable for the asset or liabilities
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

6. Fair Value Measurements (continued)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts: Valued at the net asset value (NAV) of the shares held by the Plan based on the NAV of the underlying fund. There are no redemption restrictions on the pooled separate accounts.

Guaranteed investment account: Valued at fair value using a market value adjustment formula driven by daily crediting of interest, credit ratings, contractual minimum rates, and surrender value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value.

Level 3 Gains and Losses

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2012.

	Guaranteed Investment Account
Balance, December 31, 2011	$1,609,021
Realized gains	59,317
Unrealized gains	183,946
Purchases	612,405
Sales	(16,317)
Balance, December 31, 2012	$2,448,372

Gains and losses (realized and unrealized), are included in the net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

6. Fair Value Measurements (continued)

The ING Fixed Account is available through a group funding contract issued by ING Life Insurance and Annuity Company (ILIAC). The ING Fixed Account is an obligation of ILIAC's general account and is considered by the Company to be a GIC. The account is credited with participant contributions plus earnings and charged for participant withdrawals and administrative expenses. The issuer is contractually obligated to repay the principal and has a minimum rate of return of 3%. The average yields for 2012 and 2011 were 3% and there are no restrictions on redemption.

The value of the ING Fixed Account is determined by daily crediting of interest which is subject to minimum contractual guarantees. There is no maturity date. Investments transfer to and from this account, and withdrawals to pay participant benefits are made at contract value.

Certain events limit the ability of the Plan to transact at contract value with the insurance company and the financial institution issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such events that would limit the Plan's ability to transact at contract value with participants is probable.

If an event of default occurs and is not cured, the non-defaulting party may terminate the contract. The following may cause the Plan to be in default:

- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the plan agreement

The issuer may be in default if it breaches a material obligation under the investment contract, makes a material misrepresentation, has a decline in its long term credit rating below a threshold set forth in the contract, or is acquired or reorganized and the successor issuer does not satisfy the investment or credit guidelines applicable to issuers. If, in the event of default of an issuer, the Plan were unable to obtain a replacement investment contract, withdrawing participants may experience losses if the value of the Plan's assets no longer covered by the contract is below contract value. The Plan may seek to add additional issuers over time to diversify the Plan's

6. Fair Value Measurements (continued)

exposure to such risk, but there is no assurance the Plan may be able to do so. The combination of the default of an issuer and an inability to obtain a replacement agreement could render the Plan unable to achieve its objective of maintaining a stable contract value. The terms of an investment contract generally provide for settlement of payments only upon termination of the contract or total liquidation of the covered investments. Generally, payments will be made pro-rata, based on the percentage of investments covered by each issuer. Contract termination occurs whenever the contract value or market value of the covered investments reaches zero or upon certain events of default. If the contract terminates due to issuer default (other than a default occurring because of a decline in its rating), the issuer will generally be required to pay to the Plan the excess, if any, of contract value over market value on the date of termination. Contract termination also may occur by either party upon election and notice. As described in Note 2, because the GIC is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GIC. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

7. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

In the event of Plan termination, participants would become 100% vested in their employer contributions and all accounts will be available for distribution at the same time and in the same manner as would have been permissible had the Plan not been terminated.

8. Related Party Transactions

The Plan holds units of pooled separate accounts and a guaranteed investment contract managed by ING, the custodian of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

9. Reconciliation of Financial Statement to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2012 to the Form 5500:

	December 31	
	2012	**2011**
Net assets available for benefits per the financial statements	**$ 24,311,300**	$ 19,554,264
Add: Adjustment from fair value to contract value for fully benefit-responsive contracts	**183,946**	–
Net assets available for benefits per the Form 5500	**$ 24,495,246**	$ 19,554,264

10. Subsequent Events

Subsequent events have been evaluated through October 15, 2013, which is the date the financial statements were available to be issued.
