MACRO PRO, INC.
401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

1 - DESCRIPTION OF PLAN

The following description of the Macro Pro, Inc. ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a qualified employer profit sharing plan, effective May 1, 1999, under provision of the Internal Revenue Code and covers all employees of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Individuals must be over 21 years old and completed 12 consecutive months with 1,000 or more hours of service to participate in the Plan, entering the Plan on the following January 1, April 1, July 1, and October 1.

Contributions

Each year, participants may contribute up to 100% of eligible compensation, limited to $17,000 for 2012. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions ($5,500 maximum for 2012). Their contributions are participant-directed into various investment options offered by the Plan through John Hancock Life Insurance Company. Voluntary non-deductible contributions are not permitted. Additionally, the Plan accepts rollover contributions from other qualified plans.

The Company may contribute, at its sole discretion, amounts to an Employer Non-Elective Contribution and Matching Contribution. However, the Company may issue a Safe Harbor Notice under Section 1.63 notifying participants that a Safe Harbor Non-Elective Contribution, Matching Contribution or Alternative Contribution will be made for a plan year. For 2012, the Company did issue such notice and contributed to a Safe Harbor Match an amount equal to the sum of the following: (a) 100% of the participant's elective deferral that did not exceed 3% of the eligible compensation; plus (b) 50% of the participant's elective deferral that exceed 3% but did not exceed 5% of eligible compensation. The maximum match that can be made under this formula is 4% of eligible compensation. For the 2012, the maximum annual addition that may be contributed or allocated to a participant's account could not exceed $50,000.

Participant Accounts

A separate account is maintained for each participant. Company contributions and employee contributions (through payroll withholding) are credited to the participant's separate account. All accounts are maintained in the name of the trustee for each respective participant's benefit. Each participant directs their own investments and is allocated the relative investment activity results.

1 - DESCRIPTION OF PLAN (continued)

Vesting

Participants are 100% vested in their employee contributions. For the employer contributions, participants vest 20% for each year in the plan after the second year unless a safe-harbor notice is issues, at which point vesting is 100%. Upon retirement, death or disability, account balances become 100% vested. Any remaining non-vested balances are forfeited. Forfeitures will be applied to reduce employer contributions in the or next succeeding plan year. Unallocated forfeitures shall share in the allocation of trust fund investment earnings or losses. There were no forfeitures for the year ending December 31, 2012.

Payment of Benefits

On termination of service, retirement, death or disability of a participant, the participant will receive the payment of all benefits in the form of a lump sum distribution, if the total benefits are less than $5,000. For distributions in excess of $5,000, the participant is entitled, with the consent of the administrator, to elect an optional form of distribution of monthly, quarterly, semi-annual or annual cash installments up to a period of 10 years. Payment of benefit is made no later than administratively practical following the close of the Plan year in which the event causing the distribution occurs, unless the participant elects to the contrary.

Administrative Cost

The Company pays the administrative costs associated with the Plan.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Valuation of Investments

Quoted market prices are used to value investments. Participant loans are valued at cost which approximates fair value.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits
Benefits are recorded when paid.

3- PARTICIPANT LOANS

Participants may request that the Plan make a loan to them out of the funds of their account. The maximum amount of loans outstanding may not exceed the lesser of 50% of the amount in the participant's account or $50,000. A participant may not request a loan for less than $1,000. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at the currently prevailing rate charged by representative local commercial banks. Interest rates range from 4.00% to 6.94%. Principal and interest are paid ratably through payroll deductions.

4- INVESTMENTS

The Plan's investments are held by the trustees for each participant with one custodian, John Hancock Life Insurance Company. The Following table presents the fair values of investments.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants are 100% vested in their accounts at all times.

6- TAX STATUS

The trust established under the Plan to hold the Plan's net assets is qualified pursuant to Section 501(c)(9) of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes. The Sponsor has obtained a favorable tax determination letter from the Internal Revenue Service and the Sponsor believes that the Plan, as amended, continues to qualify and to operate as design.

7- RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
