Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Yavapai Regional Medical Center Tax-Sheltered Annuity Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 and notes receivable from participants and related interest income, which was certified by ING Life Insurance and Annuity Company (ING), the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and notes receivable from participants and executes transactions related to these assets. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule listed in the table of contents is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974* and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Yavapai Regional Medical Center Tax-Sheltered Annuity Plan

Notes to Financial Statements

December 31, 2012 and 2011

Note 1: Description of the Plan

The following description of Yavapai Regional Medical Center Tax-Sheltered Annuity Plan (the Plan) provides only general information. Participants should refer to the Plan document and *Summary Plan Description*, which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Yavapai Regional Medical Center (the Organization) for the benefit of its employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). ING Life Insurance and Annuity Company (ING) serves as the trustee and custodian of the Plan.

Contributions

The Plan permits eligible employees, through a salary deferral election, to have the Organization make annual contributions of up to 50% of eligible compensation. Employee rollover and catch-up contributions are permitted. The Plan allows for the Organization to make matching contributions for employees with a minimum of 1,000 hours of service in the calendar year. The Organization makes matching contributions to the eligible employees of 100% of employees' salary deferral amounts up to 5% of employees' compensation. Contributions are subject to certain limitations. Forfeitures are used to reduce Organization contributions.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Organization's contribution, plan earnings and forfeitures of terminated participants' nonvested accounts. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, plus earnings thereon. Vesting in the Organization's matching contribution portion of their accounts, plus earnings thereon, is based on hours and years of service. A participant is fully vested after five years of service during which the hours of service requirement has been met. The nonvested balance is forfeited upon termination of service. Forfeitures are used to reduce Organization contributions.

Yavapai Regional Medical Center Tax-Sheltered Annuity Plan

Notes to Financial Statements

December 31, 2012 and 2011

Payment of Benefits

Upon termination of service, an employee may elect to receive either a lump-sum payment, partial distributions, installment payments (joint and survivor annuity), or purchase of an annuity contract equal to the value of his or her account.

Participants may withdraw amounts from their accounts subject to certain limitations imposed by the Plan. Such withdrawals are also subject to certain taxes and penalties as assessed by the Internal Revenue Service.

Notes Receivable from Participants

The Plan document includes provisions authorizing loans from the Plan to active eligible participants and in accordance with the Organization's established loan procedures. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. All loans are secured by the participant's vested interest in the Plan and are repayable over a period not to exceed 57 months (except for loans used to acquire or construct a principal residence). Payments are automatically deducted from payroll. Interest on the loans is based on the prime rate as published in the Wall Street Journal.

Plan Termination

Although it has not expressed an intention to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination in accordance with the Internal Revenue Code, participants will become 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Yavapai Regional Medical Center Tax-Sheltered Annuity Plan

Notes to Financial Statements

December 31, 2012 and 2011

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments. The separate accounts are individually-controlled variable annuities and are valued at the unit value of the accumulation units held by the Plan, as provided by ING. The accumulation unit value is determined daily by ING based on the net asset value of shares of the underlying fund, the fund's dividends and the contract's separate account charges. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end. The money market account is valued at cost, which approximates fair value.

The investment contracts with the insurance company are valued at contract value, which approximates fair value as estimated by ING. Contract value represents contributions made under the contract, plus interest at the contract rate, less funds used to pay retirement benefits and administrative expenses. The investment contracts with ING are not considered fully benefit-responsive investment contracts and have minimum guaranteed interest rates. The ING Fixed Plus Account, ING Fixed Plus II Account, ING Fixed Plus III Account and ING General Accumulation Account have minimum guaranteed interest rates of 3.0%. The ING Fixed Account has a minimum guaranteed interest rate of 4.0%. The investment contracts with ING contain liquidity restrictions and certain surrender charges.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year, as well as reinvested dividends.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Plan Tax Status

As the Internal Revenue Service (IRS) does not currently have procedures in place for a 403(b) plan to apply for an individual determination letter, the Plan has not requested or obtained a determination letter on the document that was in place during 2009. However, the plan administrator believes that the Plan was designed and operated in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax.

Yavapai Regional Medical Center Tax-Sheltered Annuity Plan

Notes to Financial Statements

December 31, 2012 and 2011

The Plan operates under an ERISA Specimen 403(b) Plan adoption agreement in connection with a prototype 403(b) plan and trust sponsored by ING Life Insurance and Annuity Company. This prototype plan document has not been filed with the appropriate agency, as the IRS does not currently have an approval program for 403(b) prototype documents. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax.

With a few exceptions, the Plan is no longer subject to U.S. federal, state and local or non-U.S. income tax examinations by tax authorities for years before 2009.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Organization or the Plan, at the Organization's discretion.

Transfers between Fair Value Hierarchy Levels

Transfers in and out of Level 1 (quoted market prices), Level 2 (other significant observable inputs) and Level 3 (significant unobservable inputs) are recognized on the last day of the Plan year.

Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.

Note 4: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee Organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

The Plan invests in several funds managed by ING Life Insurance and Annuity Organization, which is the trustee of the Plan.

The Plan incurs expenses related to general administration and record keeping. The Organization pays these expenses and certain accounting and auditing fees relating to the Plan and provides administrative services at no cost to the Plan.

Note 5: Plan Amendment

Effective October 26, 2011, the Plan was amended and restated. The Plan was amended in the following way:

- The maximum duration for general purpose use notes receivable from participants was reduced from 60 months to 57 months

Note 6: Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2012. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. See the table below for inputs and valuation techniques used for Level 3 securities.

Fair value determinations for Level 3 measurements of securities are the responsibility of the Controller's office. The Controller's office contracts with a pricing specialist to generate fair value estimates on a monthly or quarterly basis. The Controller's office challenges the reasonableness of the assumptions used and reviews the methodology to ensure the estimated fair value complies with accounting standards generally accepted in the United States.

Unobservable (Level 3) Inputs

The following table presents quantitative information about unobservable inputs used in recurring Level 3 fair value measurements.

	Fair Value at December 31, 2012	Valuation Technique	Unobservable Inputs	Range (Weighted Average)
Fixed Account III	\$ 35,077,418	Discounted cash flow	Contractual interest rate	3.0%
Fixed Plus Account II	307,691	Discounted cash flow	Contractual interest rate	3.0%
Fixed Account	15,462	Discounted cash flow	Contractual interest rate	4.0%
Fixed Plus Account	4,589	Discounted cash flow	Contractual interest rate	3.0%

Note 7: Significant Estimates and Concentration

Current Economic Conditions

The current protracted economic decline continues to present employee benefit plans with difficult circumstances and challenges, which in some cases have resulted in large and unanticipated declines in the fair value of investments. The financial statements have been prepared using values and information currently available to the Plan.

Given the volatility of current economic conditions, the values of assets recorded in the financial statements could change rapidly, resulting in material future adjustments in investment values that could negatively impact the Plan.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.
