Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the New Star Metals, Inc. 401(k) Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2012, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2012 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by TD Ameritrade Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2012 financial statements.

Other Matter - Supplemental Schedule

The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2012 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Other Matter - 2011 Financial Statements

The financial statements of the Plan as of December 31, 2011 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated June 27, 2012, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2012 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

1. Plan Description

The following description of the New Star Metals, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement or summary plan description for a more complete description of the Plan’s provisions.

General

The Plan was established on December 10, 2010 by New Star Metals, Inc. (the “Company” or “Employer”) to provide retirement, disability, and death benefits for eligible employees and their beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). In August 2012, the Company sold its wholly owned subsidiaries Miami Valley Steel Services, Inc. (“MVS”) and U.S. Metals and Supply, LLC (“USM”). As a result of the sale, the accounts of all MVS employees were transferred out of the Plan and the Plan ceased accepting all future employee and employer contributions for all USM employees.

Eligibility

Generally, employees of the Company become eligible to participate in the Plan on an entry date, (1st of every month), following the later of the date they attain age 18 or the date they have completed 250 hours of service within the first 3 months of employment or 1 year of service, whichever comes first. Eligible employees, as determined by the Company, are automatically enrolled with a salary deferral percentage of 4%. In order to change this, or elect not to participate in the Plan, an eligible employee must submit such changes to the Plan Administrator or recordkeeper.

Participant Contributions

In compliance with the plan agreement, participants may contribute up to the maximum allowable amount of compensation (subject to Internal Revenue Service (“IRS”) limitations) that would not cause the plan to fail non-discrimination testing to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions

In compliance with the plan agreement, the Company’s matching contribution is made at 50% of the first 4% of base compensation that a participant contributed to the Plan during the year, excluding all highly compensated employees and employees who may be expected to become highly compensated employees. Additional profit sharing amounts may be contributed at the option of the Company’s board of directors.

Participants’ Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contributions and (b) individual account earnings. Allocations are based on participant earnings or account balances, as defined.

New Star Metals, Inc. 401(k) Plan

Notes to Financial Statements

Notes Receivable from Participants

Active participants may borrow from their vested interest in the Plan a minimum of \$1,000 up to the lesser of 50% of the participant's account balance or \$50,000. The loan repayment period may not be less than one year and may not exceed five years unless the loan is used to purchase a participant's principal residence for which the period may not exceed ten years (and 15 years for loans that were transferred into the Plan during 2011). Interest is charged at a reasonable rate determined by the administrative committee.

Vesting

All participants are 100% vested in employee and employer matching contributions to the Plan and the earnings thereon.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments if the participant had retired. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to discontinue its contributions and to terminate the Plan at any time subject to the provisions of ERISA. In the event the Plan is terminated, the interest of any participant will not be diminished or adversely affected.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America ("GAAP").

Investment Valuation and Income Recognition

The Plan's investments are held by the trustee (see Note 3) and are stated at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investment bought and sold as well as held during the year.

New Star Metals, Inc. 401(k) Plan

Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of increases and decreases in net assets available for plan benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Benefit Payments

Benefit payments are recorded when paid.

Administrative Expenses

Certain recordkeeping and loan origination fees associated with notes receivable from participants, are paid by the Plan. Other plan administrative expenses are paid by the Plan Sponsor.

Subsequent Events

The Plan evaluated subsequent events through October 15, 2013, the date the financial statements were approved for issuance. No material subsequent events have occurred through October 15, 2013 that required recognition or disclosure in the financial statements.

3. Information Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TD Ameritrade Trust Company, the Plan's trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as follows:

- a. Investments and notes receivable, as shown in the accompanying statements of net assets available for benefits as of December 31, 2012 and 2011.

New Star Metals, Inc. 401(k) Plan

Notes to Financial Statements

- b. Investment income, as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2012.
- c. The Schedule of Assets (Held at End of Year) as of December 31, 2012, as shown on Schedule H, Line 4(i).

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Investments

The fair market value of individual investments that represent 5% or more of the Plan's total assets as of December 31, 2012 and 2011 is as follows:

<i>December 31,</i>	<i>2012</i>
Russell LifePoints Growth Strategy R1	\$ 1,029,345
Russell LifePoints Bal Strat R1	788,309
Russell LifePoints Eq Growth Strategy R1	293,985
Vanguard Target Retirement 2030 Inv	262,984
Russell LifePoints Mod Strat R1	177,634
<i>December 31,</i>	<i>2011</i>
Vanguard Index 500 Investor Fund	\$ 1,436,154
Oakmark International I Fund	1,407,439
Leuthold Asset Allocation Instl	1,337,831
Hussman Strategic Growth Fund	850,700
Permanent Portfolio	735,791
Wasatch Long/Short Fund	692,516

5. Fair Value Measurements

The Plan follows the provisions of Accounting Standards Codification ("ASC") 820, "*Fair Value Measurements and Disclosures*," which establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;
- Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

New Star Metals, Inc. 401(k) Plan

Notes to Financial Statements

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. All of the Plan's investments at fair value are classified as Level 1.

The following table summarizes investment assets measured at fair value:

<i>December 31,</i>	Investment Assets at Fair Value	
	2012	2011
Mutual funds		
Large blend funds	\$ 3,315,083	\$ 6,086,245
Large value funds	-	37,415
Medium value funds	-	692,516
Medium growth funds	-	143,308
Small value funds	-	9,416
Nontraditional bond funds	-	24,374
Currency funds	-	336,351
Target date funds	-	1,643,166
Money market	3,484	36,394
Total Investments as Fair Value	\$ 3,318,567	\$ 9,009,185

The following is a description of the value methodologies for the Plan assets measured at fair value. There have been no changes to the methodologies used at December 31, 2012 and 2011.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Funds - Valued at \$1 per unit using the penny round method.

6. Tax Determination

On March 31, 2008, the Internal Revenue Service stated that the prototype plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
