We were engaged to audit the accompanying financial statements of the CCARE, Inc. 401(k) Profit Sharing Plan, which comprise the Statement of Net Assets Available for Benefits as of December 31, 2012, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2012, and related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2012, that the information provided to the plan administrator by the custodian is complete and accurate.

NOTE 1 DESCRIPTION OF PLAN

The following brief description of the CCARE, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan providing retirement benefits covering substantially all employees who meet certain eligibility requirements of CCARE, Inc. (the "Company"). Effective January 1, 2012, the Trust Agreement of the San Diego Pacific Oncology & Hematology Associates, Inc., was amended and the Trust Agreement was renamed the "Trust Agreement of CCARE 401(k) Profit Sharing Plan". The "Employer" refers to both "San Diego Pacific Oncology & Hematology Associates, Inc." and "California Cancer Associates for Research and Excellence, Inc.". (As of February 1, 2012, CCARE Management Services Organization, LLC (the MSO) became a participating Employer in the Plan). Substantially all employees who are age 21 years or older are eligible to participate after the completion of 1 year of qualified service. Effective July 1, 2012, Southwest Cancer Care merged into CCARE. Therefore, all hours of service completed as an employee of the predecessor employer, Southwest Cancer Care, Inc. effective July 2, 2012 are considered hours of service with the Employer for purposes of eligibility and vesting. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for the oversight of the Plan.

Contributions

Participants in the Plan may elect to defer up to 75% of compensation, subject to certain IRS limits. All elective deferrals will specify type (either Pre-Tax Elective Deferrals, After-Tax Roth Elective Deferrals, or a specific combination). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions, which are not eligible for employer matching contributions. Participants may also rollover distributions from other qualified defined benefit or defined contribution plans. Each Plan Year, the Employer shall contribute to the Plan and allocate to each eligible participant a non-elective safe harbor contribution equal to 3% of eligible participants' compensation during the Plan year. The Company has the discretion to make an Employer Discretionary Contribution to the Plan. For 2012, the Company elected to give non-highly compensated employees an additional 2% discretionary non-elective contribution.

Matching Contributions

The Company has the option of making discretionary matching profit sharing contributions to the Plan, which cannot exceed 4% of compensation for the Plan year.

NOTE 1 DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions and allocation of investment earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment funds offered by the Plan. Participants may also rollover distributions from other qualified defined benefit or defined contribution plans.

Vesting

Participants are immediately vested in all employee contributions plus actual earnings thereon.

Employer matching and discretionary profit sharing contributions and any earnings thereon are vested in accordance with the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeitures from nonvested participant accounts are used to reduce administrative expenses of the Plan and to supplement Employer contributions. During the year ended December 31, 2012, no forfeitures were used to reduce the Plan expenses. Forfeited, non-vested accounts totaled \$9,793 at December 31, 2012. The balance at December 31, 2012 of forfeitures that can be used to reduce employer match is \$25,525.

NOTE 1 DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their accounts up to the lesser of \$50,000 or 50% of the their vested account balances. Notes Receivable from Participants are secured by the respective participant's vested account balance and are subject to interest charges. Notes are paid ratably through payroll deductions over a term not to exceed five years, or ten years for Notes used for the purchase of a primary residence. Interest rates on Notes Receivable from Participants as of December 31, 2012 were 4.25% and mature through December 15, 2017.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to available investment options. Participants may change the investment mix on any business day, as defined by the Plan.

Payment of Benefits

Upon termination of service, a participant's vested account balance will be paid out in a lump-sum distribution if their vested interest in the Plan does not exceed \$1,000. For amounts over \$1,000, the balance will remain in the plan for sixty days until other options are selected. Participants may also receive distributions due to hardship, subject to approval, as defined by the Plan.

Investment and Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Investment and certain administrative expenses of the Plan are paid directly by the Company. Other expenses, such as loan fees, are nominal and are charged to the participant incurring the distribution. Other plan expenses are deducted from the Plan's investment gains.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Plan maintains its accounts on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles. The significant accounting policies followed are discussed below.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair market value. Fair market value is determined by using the quoted market price in an active market of the investments at the Plan's year end. Unrealized appreciation or depreciation in the fair market value of investments held at year-end is recognized in the Statement of Changes in Net Assets Available for Benefits using the value as of the previous year end, or purchase price if acquired during the year. Purchases and sales of investments are recognized on the date they are traded. Any gains or losses resulting from sales are recognized on the date they are traded. Any gains or losses resulting from sales are recognized based upon the average cost of the investment sold. Under SOP 94-4-1, issued by the AICPA, investment contracts that are fully benefit-responsive are to be reported at contract value. See Note 4 for discussion of fair value measurement.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The plan has evaluated subsequent events through October 5, 2013, the date of the financial statements were available to be issued.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recently Issued Accounting Pronouncements

FASB ASU No. 2011-04, Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs, which amends ASC 820, as of the beginning of the year ended December 31, 2012 (see Note 4). ASU 2011-04 is effective for financial statements issued for fiscal years beginning after December 15, 2011 and expands certain disclosures about fair value measurement.

The ASU requires the categorization by level for items that are only required to be disclosed at fair value and information about transfers between Level 1 and Level 2. It provides guidance on measuring the fair value of financial instruments managed within a portfolio and the application of premiums and discounts on fair value measurements. The ASU requires additional disclosure for Level 3 measurements regarding the sensitivity of fair value to changes in unobservable inputs and any interrelationships between those inputs. The effect of the adoption of ASU 2011-04 had no impact on the Plan's Statements of Net Assets Available for Benefits and Statement of Changes in Net Assets Available for Benefits.

NOTE 3 INVESTMENTS

The following investments represent five percent (5%) or more of the Plan's net assets as of December 31:

Russell Lifepoints 2020	\$ 1,789,471
Russell Lifepoints 2030	1,166,244
Vanguard Growth Index Signal	524,881

During the year ended December 31, 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated/(depreciated) in value as follows:

Mutual Funds	\$ 722,557
Common/Collective Trusts	1,275
Total net appreciation in fair value of investments	<u>723,832</u>

NOTE 4 FAIR VALUE MEASUREMENT

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Page 11

NOTE 4 FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012.

Common stocks: Valued at the closing price reported on the active market on which the individual security is traded.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

U.S. government securities: Valued using pricing models maximizing the use of observable inputs for similar securities.

Collective trust fund: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value as of December 31 2012:

	Level I	Level II	Level III	Total
Interest Bearing Cash	\$ 16,077	\$ 0	\$ 0	16,077
Mutual Fund	0	8,855,785	0	8,855,785
Collective Trust Fund	0	217,335	0	217,335
Total investments at fair value	\$ 16,077	\$ 9,073,120	\$ 0	\$ 9,089,197

NOTE 5 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6 TAX STATUS

The Plan is a volume submitter basic savings plan. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE 7 TERMINATED PARTICIPANTS

The amounts allocated to accounts of participants who have withdrawn from the Plan but were not yet paid as of December 31, 2012 is \$0.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are held and managed by Charles Schwab Bank. Charles Schwab Bank is the contract administrator as defined by the plan and, therefore, all purchases and sales of investments qualify as party-in-interest transactions.

NOTE 9 RISKS AND UNCERTAINTIES

The Plan's participants direct investments in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of these investment securities will occur in the near term and that such changes could materially affect Plan participants' account balances and the amounts reported in the Plan's Statement of Net Assets Available for Benefits. For more detailed information about any of the funds offered under the Plan, including risk factors, investment objectives and expenses, Plan participants should refer to the respective fund's prospectus.
