1. Plan Description

The following description of the MA Laboratories, Inc. 401(k) Plan & Trust (the "Plan") provides only general information. Interested parties should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees who are employed by MA Laboratories, Inc. (the "Plan sponsor") and affiliates. The Plan was formed January 1, 2007 and most recently amended and restated on January 27, 2009. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and to certain sections of the Internal Revenue Code ("IRC"). All employees who have reached the age of 21 and who have completed 6 consecutive months of service are eligible to participate in the Plan.

Plan Administration

The Plan sponsor is the administrator of the Plan. As administrator, the Plan sponsor has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan (including the authority and responsibility to invest, manage, and control the assets of the Plan specifically allocated to the trustee). Reliance Trust Company ("Reliance") is the trustee for the Plan, and acts at the direction of the Plan's administrator. The Plan sponsor pays the majority of all necessary and proper expenses incurred in the administration of the Plan. Such expenses are primarily comprised of legal fees, auditing fees, and expenses relating to the maintenance of the Plan's records.

Contributions

Employees who elect to participate in the Plan may contribute a portion (1% - 90%) of their salary up to the limits imposed by Section 402(g) of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan sponsor may make discretionary elective matching contributions based on employee deferrals. The Plan sponsor did not make or approve any employer matching contributions for 2012. Additionally, the Plan allows non-elective contributions at the discretion of the Plan sponsor; no such contributions were made or approved for 2012.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Plan sponsor's discretionary matching contribution (if any), Plan earnings or losses, and rollovers from other qualified plans. Plan earnings or losses are allocated based upon each participant's account balance.

Certain fees are charged to the fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

Continued

1. **Plan Description**, continued

Vesting

Participant contributions, rollovers, and net earnings on these contributions, are fully vested when made or earned.

Discretionary employer matching and non-elective contributions, if any, as well as all earnings on these contributions vest according to the following schedule:

Years of Service	Vesting Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Forfeitures

Forfeitures (if any) that occur during a Plan year will be used to reduce future employer contributions or to pay Plan expenses. There were no forfeitures or forfeiture activity during 2012 or 2011.

Payment of Benefits

When participants leave the employer upon retirement or for any other reason, those participants (or their beneficiaries) may receive the full value of their salary deferrals, vested employer contribution, rollovers, and the net earnings thereon in a single lump-sum payment. In-service distributions are available to participants at age 59½. Financial hardship distributions are available for certain immediate and heavy financial needs. Participants should refer to the Plan document for the specific needs that qualify for a financial hardship distribution.

In order to receive distributions, participants (or their beneficiaries) are required to file the appropriate forms with the Plan administrator. Account values will be determined as of the day the distribution is made.

Distributions under the Plan shall generally be made as soon as possible after the date of retirement, date of death, or termination of employment. In the event of a mandatory distribution greater than $1,000, if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the Plan administrator will pay the distribution in a direct rollover to an Individual Retirement Account designated by the Plan administrator.

Participant Notes Receivable

Participants are allowed one loan at any time and may borrow from their fund accounts a minimum of $500 up to 50% of the value of their account balance, or $50,000, whichever is less. Participant notes receivable terms range from one to five years, except for loans used to purchase a primary residence, which have a maximum term of thirty years. Participant notes receivable are secured by no more than 50% percent of the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time the loan originates. Interest rates on participant notes receivable at December 31, 2012 was 5.25% per annum. Principal and interest are paid in equal installments through bi-weekly payroll deductions.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions in a specific percentage or dollar amount, into a series of mutual funds and a money market fund offered by the Plan. Participants may change their investment options at any time.

2. **Summary of Significant Accounting Policies**

Method of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment contracts held by a defined-contribution pension plan are required to report investments at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As of December 31, 2012 and 2011 the Plan did not invest in any benefit-responsive contracts.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investment bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

5. Fair Value Measurements

Accounting Standards for fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under these accounting standards are described below:

- Level 1: inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3: inputs are unobservable inputs for the asset or liability.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

	Assets at Fair Value as of December 31, 2012			
	Level 1	Level 2	Level 3	Total
Mutual Funds:				
Large Cap	$ 1,982,006	$ -	$ -	$ 1,982,006
International	1,591,906	-	-	1,591,906
Mid-Cap	899,290	-	-	899,290
Income	727,038	-	-	727,038
Specialty	310,623	-	-	310,623
Blended	147,309	-	-	147,309
Money Market Fund	827,396	-	-	827,396
	$ 6,485,568	$ -	$ -	$ 6,485,568

	Assets at Fair Value as of December 31, 2011			
	Level 1	Level 2	Level 3	Total
Mutual Funds:				
Large Cap	$ 1,533,252	$ -	$ -	$ 1,533,252
International	1,483,252	-	-	1,483,252
Income	682,482	-	-	682,482
Mid-Cap	439,727	-	-	439,727
Blended	199,076	-	-	199,076
Specialty	147,804	-	-	147,804
Money Market Fund	664,104	-	-	664,104
	$ 5,149,697	$ -	$ -	$ 5,149,697

The Plan's valuation methodology used to measure the fair values of mutual and money market funds were derived from quoted market prices as all of these instruments have active markets.

6. Party-In-Interest Transactions

Certain Plan investments are managed by Reliance, the trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7. Tax Status

The Plan sponsor adopted a prototype Plan document. The Plan document obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving that opinion letter, however the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to the applicable statute of limitations.

8. Plan Termination

The Plan sponsor has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Plan sponsor reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balances and distributions would be made to participants as described in the Plan agreement.

9. Risks and Uncertainties

The Plan provides for various investment options in any combination of mutual funds and a money market fund offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term that could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefit.

10. Excess Contributions Refundable

At December 31, 2012 and 2011, payables of approximately $17,500 and $32,000, respectively, are recorded for amounts refundable by Plan participants for contributions made in excess of amounts allowed by the IRS.

Management concluded that no material subsequent events have occurred since December 31, 2012 that require recognition or disclosure in such financial statements.
