EMPLOYEE BENEFIT PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2012 and 2011

NOTE 1 - PLAN DESCRIPTION

The following description of the Commodity Truck Acquisition, LLC ("Company") Employee Benefit Plan (the "Plan") general information. Participants should refer to the Plan document for a complete description of the Plan's Provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have completed three months of service and has attained the age eighteen yeas or older. An employee may enroll in the plan on the first day of the month coinciding with or next following the date eligibility was satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). During the year ending December 31, 2012 the Plan changed custodians from John Hancock Life Insurance Company to Great-West Life & Annuity Insurance Company.

Contributions

Each year, participants may contribute pre-tax annual compensation, as defined in the Plan. Total contributions per participants may not exceed $17,000 and $16,500 for the years ended December 31, 2012 and 2011, respectively. Participants who are a least 50 years of age were allowed an additional "catch-up contribution" up to $5,500 for the year ended December 31, 2012 and 2011. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts as investment options for participants. The company may provide a matching contribution equal to a percentage of salary deferrals, determined each payroll period by the employer. There were no matching contributions made for the years ended December 31, 2012 and 2011. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution (if elected) and (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on eligible earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon and the Company's qualified matching and qualified nonelective contribution accounts. Vesting in the Company's nonelective and nonqualified matching contribution portion of their accounts is based on years of continuous service as follows:

Years of Service	Percentage Vested (%)
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Vesting (Continued)
Notwithstanding the above, if a participant was employed by the Company on the date of (1) attaining normal retirement age, (2) death, or (3) terminated employment as a result of becoming disabled, the Company matching contributions become 100% vested without regard to years of service.

Note Receivables from Participant
Participants may borrow from their fund accounts the lesser of 50% of their account balance or $50,000. Minimum amount is $1,000 and a participant may have no more than one loan outstanding at any one time. The loans are secured by the balance in the participant's account and are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits
On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. However, the vested account balance will be automatically distributed as a lump sum distribution if less than $1,000. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures
At December 31, 2012 and 2011, cash accounts represented forfeited non-vested accounts totaling $18,030 and $28,305, respectively. Forfeitures of the unvested balance of the Company's contribution by terminated participants are first used to pay administrative expenses. Any remaining amounts will be used to reduce future employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting.

Note Receivables from Participant
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)
The Plan has investments in the Key Guaranteed Portfolio Fund ("Guaranteed Fund") offered by the Custodian that is considered to be an investment contract. The underlying assets of the Guaranteed Fund are held in the general account of the Custodian. Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Accordingly, for fully benefit-responsive investment contracts, the relevant accounting guidance requires the presentation of the amount representing the difference between fair value and contract value for such investments on the face of Statements of Net Assets Available for Benefits so that the statements are ultimately presented at contract value. Management has determined the Guaranteed Fund to be fully benefit-responsive. However, at December 31, 2012 and 2011, the contract value of the investment equals its fair value, and therefore, there is not an adjustment from fair value to contract value presented in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2012 and 2011.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits
Benefits are recorded when paid.

Operating Expenses
All expenses of maintaining the Plan are paid by the Company.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 are valued using inputs other than quoted prices (see below) and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 or Level 2 inputs because they generally provide the most reliable evidence of fair value. At December 31, 2012 and 2011, the fair value amounts of all of the Plan's investments held by the custodian are based upon Level 2 inputs, with one outside investment based upon Level 3 inputs.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Pooled Separate Accounts

Pooled separate accounts classified as Level 2 are valued using inputs other than quoted prices. These inputs are observable, either directly or indirectly. Level 2 inputs include: quoted prices for similar investments in active markets; quoted prices for identical or similar investments in markets that are not active, that is (1) markets in which there are few transactions for the investment, (2) the prices are not current or (3) price quotations vary substantially either over time or among market makers or in which little information is released publicly or inputs other than quoted prices that are observable for the investment. The Guaranteed Fund is determined based on the valuation method disclosed in the contract, as calculated by the custodian.

Guaranteed Fund

The Guaranteed Fund is not actively traded and significant other observable inputs are not available. Thus, the fair value of the Guaranteed Fund is determined using an income approach by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Diversified Fund

The Plan has investments in the Diversified Pacific Opportunity Fund I, LLC ("Diversified Fund"), which is a limited partnership investment fund that is not publicly traded. Diversified Pacific Opportunity Fund I, LLC invests in real estate assets. Fair value of the investment is based upon the Plan's interest in the net assets of the fund.

For those assets with fair value measured using Level 3 inputs, the Plan Administrator determines the fair value measurement policies and procedures in consultation with the Company's chief financial officer and the Plan trustee. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012 and 2011.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2012, there were no significant transfers into or out of Level 3.

During 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $153,589 represented by pooled separate accounts and the outside investment.

Mutual funds	$ 153,563
Net limited partnership interest	26

NOTE 5 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Guaranteed Fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Custodian, as the issuer of the Guaranteed Fund, is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the Guaranteed Fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Guaranteed fund. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2012 and 2011, was $5,246 and $7,208, respectively. The crediting interest rate is based on an agreed-upon formula with the issuer, but it may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

NOTE 5 - INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

Certain events limit the Plan's ability to transact at contract value with Great-West. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with Plan participants is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

	2012	2011
Average yields:		
Based on actual earnings	1.65%	3.00%
Based on interest rate credit to participants	1.65%	3.00%

NOTE 6 - SUMMARY OF UNAUDITED INFORMATION

The Plan administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodians have certified that the following information in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the Statement of Net Assets Available for Benefits as of December 31, 2012 and 2011, except for the Diversified Fund which was $173,134 and $173,108, respectively;
- Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2012, except for investment income related to the Diversified Fund;
- The information regarding fair value measurements disclosed in Note 3, and the investment contract information disclosed in Note 5, except for the Diversified Fund which was $173,134 and $173,108, respectively;
- Investments that represent 5% or more of the Plan's net assets available for plan benefits as of December 31, 2012 and 2011, as reflected in Note 4, except for the Diversified Fund which was $173,134 and $173,108, respectively;
- Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2012, except for the Diversified Fund which was $173,134 and $173,108, respectively.

NOTE 7 - RELATED PARTY TRANSACTIONS

Certain Plan investments in pooled separate accounts and the Guaranteed Fund are managed by the Custodians. Additionally, fees paid by the Plan to the Custodians for investment management services amounted to $15,058 for the year ended December 31, 2012. These transactions qualify as exempt party-in-interest transactions under ERISA.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions, if applicable.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2012 and 2011, to the amount per Form 5500:

	2012	2011
Net assets available for benefits per the financial statements	$ 1,853,634	$ 1,651,448
Less: employee contributions receivable	(4,920)	(6,148)
Net Assets Available for Benefits Per the Form 5500	$ 1,848,714	$ 1,645,300

The following is a reconciliation of employee contributions received per the financial statements for the year ended December 31, 2012, to the amount per Form 5500:

Employee contributions received per the financial statements	$ 120,498
Add: prior year employee contributions receivable	6,148
Less: current year employee contributions receivable	(4,920)
Employee Contributions Received Per Form 5500	$ 121,726

The following is a reconciliation of the net increase in net assets available for benefits for the year ended December 31, 2012, to the amount per Form 5500:

Increase in net assets available for benefits per the financial statements	$ 202,186
Less: 2012 contribution receivable	(4,920)
Add: 2011 contribution receivable	6,148
Increase in Net Assets Available for Benefits Per Form 5500	$ 203,414

NOTE 10 - TAX STATUS

The Plan adopted the Volume Submitter Profit Sharing Plan with CODA, which obtained its latest opinion letter on March 31, 2008. In this letter, the Internal Revenue Service states that the Plan is acceptable under Section 401 of the Code for use by the employers for the benefit of their employees. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the plan is currently designed and being operated in compliance with applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 11 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 12 - NON-EXEMPT TRANSACTIONS

Plan management determined that certain participant contributions were not remitted timely during 2012 under Department of Labor Regulations. These late remittances constitute prohibited transactions as defined by ERISA. In 2013 management remitted to the Plan the lost earnings of approximately $30 related to these late contributions.

NOTE 13 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 11, 2013, the date that the financial statements were available to be issued. No significant subsequent events have been identified that would require adjustment of or disclosure in the accompanying financial statements.
