NOTE A - DESCRIPTION OF PLAN

The following description of the Phoenix Packaging Operations, LLC 401(k) Profit Sharing Plan Trust (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan, a 401(k) defined contribution plan, was originally adopted in 2010, and is intended to provide participants with future retirement benefits for those who meet the eligibility requirements as defined by the Plan. The Plan covers substantially all employees of Phoenix Packaging Operations, LLC who have attained the age of 21. Employees are eligible to participate immediately upon hire, provided they meet the age requirement, and must work 1,000 hours to earn a year of credited service.

Plan administration

An administrative committee (Committee) appointed by the Phoenix Packaging Operations, LLC, as Plan Sponsor, administers the Plan. The Plan's assets are maintained and managed by Mid-Atlantic Trust Company as trustee.

Contributions

Participants in the plan may contribute a percentage of their pre-tax annual compensation, as defined by the Plan, up to an established IRC maximum amount of $17,000 for 2012 and $16,500 for 2011. Participants are also allowed to contribute amounts representing distributions from other qualified plans (rollover contributions). Participants who have obtained the age of 50 are eligible for catch-up contributions and may contribute an additional $5,500 in 2012 and 2011.

The employer, at its discretion, may make matching contributions of participant deferrals, or a profit sharing contribution to be allocated to all eligible participants. There were no employer contributions for the years ended December 31, 2012 or 2011.

Forfeitures

Forfeitures can only be used to reduce employer contributions. At December 31, 2012 and 2011, there were no forfeitures in the Plan.

NOTE A - DESCRIPTION OF PLAN, CONTINUED

Participant accounts

Each participant's account is credited with the participant's contribution, including rollover contributions, and allocations of (a) the employer's contribution, and (b) Plan earnings, and charged with in-service distributions (as applicable) and an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their own contributions, including rollover contributions, plus actual earnings thereon. Vesting in employer contributions, and earnings thereon is based on years of continuous service, as defined by the Plan, and is as follows:

Years of Service	Vested Interest
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Additionally, participants become 100% vested in their account balance, including employer contributions, upon death or permanent disability.

Payment of benefits

Termination - Upon termination of service, a participant may elect to receive a lump sum payment equal to the value of the participant's vested interest in his account.

In-service - Participants may request in-service distributions upon attaining the age of 59 1/2. In-service distributions can only be made from accounts in which the participant is 100% vested. The Plan does not allow hardship distributions.

Death and permanent disability - Participants are eligible to receive a lump sum distributions immediately upon death or permanent disability.

NOTE A - DESCRIPTION OF PLAN, CONTINUED

Payment of benefits, continued

Additionally, the employer may initiate an involuntary lump-sum distribution for any participant, who upon termination, has a vested balance under $5,000.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of the plan termination, participants become 100% vested in their account balances.

Normal retirement

A participant is entitled to a benefit at the date of actual retirement and attainment of age 62, as defined, equal to 100% of the balance in the respective participant's account as of the date of distribution. Until a participant actually retires from the employer, the retirement benefit is not to be paid and the participant continues to be treated in all respects as a participant.

Early retirement

Upon reaching age 59 1/2, a participant may apply to the administrator (but not more than once during any 12-month period) for a lump sum distribution of any portion of the participant's accounts to the extent such accounts are fully vested.

Notes receivable from participants

Notes receivable represents loans made to participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested balance or $50,000, reduced by any outstanding loan balances. Loan term may generally not be longer than five years. At issuance, the loans bear interest at the prime rate, plus 1%. There were no loans outstanding at December 31, 2012. At December 31, 2011, interest on outstanding loans was 4.25%. The loans are secured by the balance in the participant's account. Principal and interest is repaid ratably through payroll deductions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Method of accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting. The Plan presents in the statements of changes in net assets available for benefits, the net appreciation (depreciation) in the fair value of its investments and consists of the realized gains and losses and the unrealized appreciation (depreciation) of those investments.

Use of estimates

The Plan's financial statements are prepared in conformity with accounting principles generally accepted in the United States of America. These principles require the Company to make estimates that affect the reported amounts of net assets available for benefits and reported amounts of changes in net assets available for benefits during the reporting period, such as those regarding fair value. Actual results could differ from those estimates.

Investment valuation and income recognition

Plan investments in pooled separate accounts are carried at fair value based on quoted market prices of the underlying securities. Participant notes receivable are valued at their outstanding balances, which approximates fair value.

Purchase and sales of securities are recorded on a trade date basis. Investment income is recognized when earned. Such amounts are reinvested and become part of the Plan's investment portfolio. Dividend income is recorded on the ex-dividend date.

Payment of benefits

Benefits are recorded as deductions from net assets available for benefits when paid.

Administrative expenses

Certain expenses of administering the Plan are paid by the Companies. For the years ended December 31, 2012 and 2011, fees totaling $65 each year were paid by the Plan. Certain Plan investments include mutual funds managed by the trustee, and these transactions qualify as party-in-interest.

NOTE C - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is likely that changes in the value of investment securities will occur in the near term, and there is a reasonable possibility that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE D - INVESTMENTS

The following table lists investments that represent 5% or more of the Plan's net assets at December 31, 2012 and 2011 The complete listing of investments is provided in the supplementary schedules.

	2012	(Unaudited) 2011
Columbia Acorn USA	$ 17,539	*
JPMorgan Mid Cap Value	$ 9,337	*
Henderson International Opportunties	$ 8,968	*
JPMorgan SmartRetirement 2020	$ 3,234	$ 2,227
Nw Inv Dest Mod Cnsrv Svc	*	$ 5,657

* designates fund is less than 5% at year end

For the years ended December 31, 2012 and 2011, the Plan's investments had the following appreciation in fair value:

	2012	(Unaudited) 2011
Mutual funds	$ 1,163	$ (46)

NOTE E - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") has established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

NOTE E - FAIR VALUE MEASUREMENTS, CONTINUED

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 - Inputs to the valuation methodology include:

* Quoted prices for similar assets or liabilities in active markets
* Quoted prices for identical or similar assets or liabilities in inactive markets
* Inputs other than quoted prices that are observable for the asset or liability
* Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011. The Plan had no financial liabilities as of December 31, 2012 and 2011.

NOTE F - INCOME TAX

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that Plan is designed and is currently being operated in compliance with the applicable requirements of the IRS, and therefore believe the Plan is qualified and the related trust is tax-exempt.

NOTE G - SUBSEQUENT EVENTS
