EAST VALLEY DIAGNOSTIC IMAGING, L.L.C.
401(k) PROFIT SHARING PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the East Valley Diagnostic Imaging, L.L.C. 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan and Trust Agreement (Plan Document) for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) Profit Sharing Plan covering all full-time employees of East Valley Diagnostic Imaging, L.L.C., Associated Radiologists, Ltd., and Desert Endovascular Center, Inc. (the Companies). Employees become eligible to make salary deferrals and are eligible to receive employer contributions on the first day of each Plan year and on the first day of the seventh month of each Plan year after completing one year of eligible service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). East Valley Diagnostic Imaging, L.L.C. functions as the Plan Administrator.

Contributions

Participants may contribute the lesser of 60% of their annual compensation or the maximum contribution limit provided by the Internal Revenue Code, currently $17,000. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Each year, the Companies may make discretionary matching contributions based on a percentage of the participant contributions. The percentage of such matching contributions, if any, is to be determined annually. Participant contributions in excess of 6% of eligible compensation are not considered for matching contributions. Each year the Companies may also make a discretionary profit sharing contribution in an amount, if any, to be determined at year-end. For the year ended December 31, 2012, no discretionary employer matching contributions or profit sharing contributions were made.

Required "top-heavy" contributions are made by the employer when the total of discretionary matching and profit sharing contributions are insufficient to meet Internal Revenue Code top-heavy requirements. The Plan is not top-heavy as of December 31, 2012 because the account balances of participants who are key employees did not exceed 60% of the aggregate account balances of all participants under the plan. Under ERISA regulations, in any year in which a defined contribution plan is top-heavy, the employer contribution, including matching contributions and discretionary profit sharing contributions, for each participant who is not a key employee must be at least 3% of such participant's compensation.

Eligible employees who do not elect a different salary deferral contribution are automatically enrolled in the Plan beginning either on the first day of each Plan year or on the first day of the seventh month of each Plan year after completing one year of eligible service with a salary deferral contribution equal to 3% of compensation. Employees have the option to elect a zero percent salary deferral or to change their salary deferral percentage in accordance with the Plan.

NOTE 1 - DESCRIPTION OF THE PLAN, CONTINUED

Participant Accounts

Each participant's account consists of the participant's contribution (salary deferral), the Companies' discretionary matching contribution and the allocation of the Companies' discretionary profit sharing contribution, if any, required top-heavy contributions, forfeitures of terminated participants' non-vested accounts, and earnings on the invested balances. Allocations of discretionary profit sharing contributions and forfeitures to participants' accounts are based on participant compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are 100 percent vested in their salary deferral contributions, rollovers, and earnings thereon. The vesting for the Companies' matching contributions, profit sharing contributions, required top heavy contributions, and earnings thereon is based on years of service as follows:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

The Plan is designed to provide benefits at the time of retirement. However, if employment is terminated because of death, disability, or for any other reason, participants may request a distribution of their vested account balance from the Plan Administrator. Furthermore, upon approval of the Plan Administrator, participants may be entitled to take distributions of salary deferral contributions and rollover contributions to satisfy certain immediate and heavy financial needs. Participants can elect to withdraw all, or a portion of their account while still employed, upon attainment of age 59 ½. Finally, benefits are recorded when paid.

Forfeited Accounts

For the years ended December 31, 2012 and 2011, forfeited non-vested accounts totaled approximately $11,000 and $19,000, respectively. These amounts will be used to pay Plan expenses or reduce future employer contributions.

NOTE 1 - DESCRIPTION OF THE PLAN, CONTINUED

Loans to Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.25%, which are commensurate with local prevailing rates as determined by the Plan administrator. Loans must be repaid in level payments on at least a quarterly basis over a five-year period unless it is for the purchase of a principal place of residence. In such cases, the loan may be repaid over a ten-year period.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Subsequent Event

Management has evaluated subsequent events through July 16, 2013, the date the financial statements were available to be issued. No subsequent events occurred that would require disclosure.

Estimates

The preparation of financial statements in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The accounting records of the Plan are maintained on the accrual basis. Revenues are recognized when earned, and expenditures are recognized when incurred.

Participant loans

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Administrative Costs

The Plan has entered into service contracts with outside consultants and agencies to perform certain administrative services for the Plan. The fees for these services are paid by the Plan Administrator. Fees related to administration of participant loans and Brokerage Link is deducted from the participants' applicable accounts.

Market Risk

The Plan invests in various investments which, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Furthermore, due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes, could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Investment Valuation and Income Recognition

Investments are reported at fair value. Other than for fully benefit responsive investment contracts described below, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Recent Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2010-06, *Fair Value Measurements and Disclosures (Topic 820) – Improving Disclosures about Fair Value Measurements*. The guidance, which was effective for reporting periods beginning after December 15, 2009, required additional disclosures about transfers between levels within the fair value hierarchy, and clarified existing disclosure requirements regarding classes of assets and liabilities measured at fair value. Additional guidance which is effective for reporting periods beginning after December 15, 2010 requires the Plan to present information about purchases, sales, issuances, and settlements on a gross basis in the reconciliation of the beginning and ending balance of Level 3 fair value measurements.

In May 2011, the FASB issued ASU No. 2011-04, *Fair Value Measurement (Topic 820) - Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*. ASU No. 2011-04 requires disclosure of valuation techniques for Level 2 and Level 3 measurements and for Level 3 measurements requires disclosure of valuation processes used by the reporting entity and quantitative information about significant unobservable inputs. ASU No. 2011-04 removes the requirement for nonpublic companies to disclose information about transfers between Level 1 and Level 2 of the fair value hierarchy. The new guidance is effective for reporting periods beginning after December 15, 2011.

NOTE 3 – CERTIFICATION FROM THE TRUSTEE (UNAUDITED)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Fidelity Management Trust Company (Fidelity), the trustee of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2012 and 2011, the statement of changes in net assets available for benefits for the year ended December 31, 2012, and the supplemental schedule of assets (held at the end of the year) as of December 31, 2012.

NOTE 4 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable market prices for the underlying assets or similar assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs were only used when Level 1 inputs were not available. No Level 3 inputs were used, since Level 1 or Level 2 inputs were available for all investments.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks and securities held in Brokeragelink are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements

The common/collective trusts are valued using the net asset value of units, which are based on observable market prices for the underlying assets, held by the Plan at year-end.

NOTE 4 – FAIR VALUE MEASUREMENTS, CONTINUED

NOTE 4 – FAIR VALUE MEASUREMENTS, CONTINUED

The Fidelity Managed Income Portfolio's objective is to seek the preservation of capital, as well as to provide a competitive level of income over time consistent with the preservation of capital. To achieve this, the Fund invests in instruments which are not expected to experience significant price fluctuation in most economic or interest rate environments. The fund invests primarily in a diversified portfolio of conventional and synthetic investment contracts, debt obligations issued or guaranteed by the U.S. government, debt obligations of domestic and non-U.S. corporations, mortgage backed securities, asset backed securities and obligations issued or guaranteed by local, city and state governments.

NOTE 5 - INVESTMENTS

Upon enrollment in the Plan, a participant may direct contributions into any of the thirty one investment fund options maintained by Fidelity Management Trust Company. Participants can individually direct both employee and employer contributions made on their behalf. Additionally, participants may choose to invest in any stock listed on a major U.S. exchange, other mutual funds, bonds and other fixed income investments, and money market funds through the use of Brokerage Link which is maintained by Fidelity Management Trust Company.

The carrying values of individual investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2012 and 2011 are as follows:

NOTE 5 – INVESTMENTS, CONTINUED

As stated in Note 4, the Fidelity Managed Income Portfolio Fund, which is deemed to be fully-benefit-responsive, is stated at fair value in the Statement of Net Assets Available for Benefits, with a corresponding adjustment to reflect contract value. The fair value of this fund as of December 31, 2012 was $426,707. The contract value of the fund as of December 31, 2012, which is a component of net assets available for benefits, was $414,496.

During 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $2,729,770 as follows:

	2012
Brokeragelink	$ 112,410
Mutual funds	2,629,571
Net appreciation in fair value of investments	2,741,981
Adjustment from fair value to contract value for fully benefit-responsive investment	(12,211)
	$ 2,729,770

NOTE 6 – TAX STATUS

The Plan has received an opinion letter from the Internal Revenue Service dated December 5, 2001 stating that the written form of the underlying plan document is qualified under Section 401(a) of the Internal Revenue Code (the Code), and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan it is no longer subject to income tax examinations for the years prior to the 2009 plan year.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the plan, any party rendering services to the plan, the employer, and certain others. During 2012 and 2011, administrative fees of $18,390 and $14,983, respectively, were paid by the Plan to Fidelity Management Trust Company. The Plan's sponsor paid fees for accounting services.

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these investments qualify as party-in-interest transactions.
