NOTE A — DESCRIPTION OF PLAN

The following description of the Excel Hotel Group Inc. ("Excel" or the "Company") 401(k) Profit Sharing Plan and Trust ("Plan") provides only general information. Participants should refer to the Plan adoption agreement for a more complete description of the Plan's provisions.

General

Excel is a hotel management company that manages hotel properties in the United States of America. The Plan is a defined contribution, a prototype plan established by Principal Financial Group ("Principal") effective November 1, 2012 and a prototype plan established by Paychex Retirement Services ("Paychex") from January 1, 2012 through October 31, 2012, covering all eligible employees. An eligible employee is any person employed by the Company or by any of the participating 9 affiliated companies, and who has reached age 21 and has completed 1 year of service, as defined in the Plan. Participants are eligible to participate in the Plan immediately following eligibility. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Company. The Company has contracted with Principal to perform the administrative duties and recordkeeping duties of the Plan effective November 1, 2012. The Plan's trustee, Delaware Charter Guarantee and Trust Company d/b/a/ Principal Trust Company, has the authority and responsibility for the management and investment of the Plan assets. From January 1, 2012 to October 31, 2012, the Company contracted Paychex to perform the administrative duties and recordkeeping duties of the Plan. During that period, the then Plan's trustee, Counsel Trust Company dba Mid Atlantic Trust Company, had the authority and responsibility for the management and investment of the Plan assets. The Plan is an individual account plan where the participants have the opportunity to exercise control over the assets in their individual account and to choose to have their 401(k) deferral and match contributions allocated among a range of collective investment trusts funds (mutual funds through October 31, 2012), the manner in which the assets in their accounts are invested. There are no non-participant directed funds with the Plan.

Contributions

Each year, participants may contribute up to 75% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 7 Target Date collective investment trust funds (previously had 14 mutual funds and 2 money market funds) as investment options for the participants. The Company contributes an amount equal to 100% of the participant's elective deferral which does not exceed 3% of the compensation. Additionally, the Company may make discretionary profit sharing contributions to the Plan. The Company made total matching contributions of $30,643 and $31,872 in 2012 and 2011, respectively. No profit sharing contributions were made in 2012 and 2011. Contributions are subject to certain limitations.

NOTE A — DESCRIPTION OF PLAN (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

The portion of the participant's account attributable to elective deferral contributions and rollover contributions is 100% vested and non-forfeitable. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited services.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 95% of one-half the total vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is the prime interest rate plus 1%. In 2012 and 2011, loan interest rate was 4.25%. Principal and interest is paid ratably through bi-weekly payroll deductions. Interest income for 2012 and 2011 were $362 and $220, respectively.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant (or beneficiary) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of time. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

Unvested 401(k) amounts forfeited by terminated employees and from nonvested corrective distributions are allocated to the remaining participants or applied to future employer contributions and to administrative fees. At December 31, 2012 and 2011, forfeited nonvested accounts totaled $15 and $2,533, respectively. Forfeitures allocated to the participants were $2,533 and 4,596 in 2012 and 2011, respectively. Forfeitures utilized to pay administrative fees for 2012 and 2011 were $3,326 and $2,879, respectively. Forfeitures were not utilized to reduce employer contributions in 2012 and 2011.

Administrative Fees

The administrative fees charged by the Plan's recordkeeper are allocated pro-rata among the account balances of all participants in the Plan based on the ratio of each participant's account balance to the aggregate of all participants' accounts balances under the Plan. Fees to process distributions and loans are charged directly against the requesting participant's account balance. The Plan's total administrative fees for 2012 and 2011 were $6,954 and $4,500, respectively, parts of which were paid

from the forfeiture account. The Company may, but is not obligated to, pay all or part of the administrative fees of the Plan. The administrative expenses paid by the Company for 2012 and 2011 were $3,313 and $3,977 respectively.

NOTE B — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the Plan's significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

Basis of Accounting

The Plan uses the accrual basis of accounting in conformity with generally accepted accounting principles.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distribution based upon the terms of the plan document.

Investments Valuation and Income Recognition

The investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Cash accounts are stated at their stated value. Cash accounts include the Transition Holding Arrangement between Mid Atlantic Trust Company and Principal Trust Company.

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain amounts in the 2011 financial statements have been reclassified to conform with the 2012 presentation with no effect on previously reported net income.

NOTE C — INVESTMENTS

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Plan trustees in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The 2011 information was certified by Mid Atlantic Trust Company while the ending balances as of 2012 were certified by Principal Trust Company:

	2012	2011
Investments, at fair value	$ 26,900	$522,274
Held in a Transition Account	588,752	
Participants Loans	13,425	1,268
Investment Income (Loss)	62,163	(30,690)

The fair values of the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated by $52,401 and depreciated by $30,690 during 2012 and 2011, respectively. Interest and dividend income for 2012 and 2011 were $7,425 and $12,162, respectively.

The following investments represent 5% or more of the Plan's net assets available for benefits at December 31,

Description of Investment	2012	2011
Federated Total Return Bond C		$ 132,687
Franklin Growth Sales Class C		96,323
MFS Mass Investors Trust R1		95,139
American Europacific Growth R1		81,357

	$ -	$ 460,774

There were no investments representing 5% or more of the Plan Assets at December 31, 2012. See also Supplement Schedule H, Line 4i- Schedule of Assets (Held at End of Year)

NOTE D - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future value values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the

highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 3 inputs were available to the plan.

Level 1 Fair Value Measurements. The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements. The fair value of collective investment trusts (CITs) is based on Level 1 fair value measurements of the underlying investments in mutual funds held in the CITs. It is the Plan's assessment that the CITs meet the practical expediency and other requirements allowed by ASC 820 including the Plan's ability to redeem its investment in the CITs at Net Asset Value (NAV).

The following table sets forth by level within the fair value hierarchy the plan's assets at fair value as of December 31, 2012:

	Assets at Fair Value as of December 31, 2012			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 190			190
Collective Investment Trusts,		26,710		
Total assets at fair value	$ 190	26,710		26,900

The following table sets forth by level within the fair value hierarchy the plan's assets at fair value as of December 31, 2011:

	Assets at Fair Value as of December 31, 2011			
	Level 1	Level 2	Level 3	Total
Money market	$	17,602	$	17,602
Mutual funds		504,672		504,672
Total assets at fair value		$ 522,274		$ 522,274

During the transition from Mid Atlantic Trust Company to Principal Trust Company, investments in mutual funds were liquidated and temporarily held in a Transition Holding Arrangement prior to the transfer to Principal Trust Company. The account was deemed to be a cash equivalent and was therefore valued at its stated value $588,752

NOTE E - EXCESS CONTRIBUTIONS

In order to comply with the contribution limitations of Code Sections 401(k) and 415, the Plan from year to year will refund amounts to certain employees who have made contributions in excess of limits established by the IRC. As of December 31, 2012 and 2011, there were $492 and $4,088, respectively, in excess contributions due participants which refundable to or were refunded to participants in 2012 and 2011, respectively.

NOTE F — PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

At December 31, 2012 and 2011, the Plan's investments were held by the Trustees, Principal Trust Company and Mid Atlantic Trust Company. The following is a summary of the Plan's 2012 and 2011 financial information that is included in the financial statements based on information certified by the respective Trustees as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

See also Note C – Investments, and Supplementary Schedule H, Line 4i, Schedule of Assets Held at the end of the year, December 31, 2012

NOTE I — DELINQUENT PARTICIPANT CONTRIBUTIONS

In 2012 and 2011, certain participant contributions were not remitted to the Plan within allowable timeframe per the Code and ERISA. The Company is adhering to the Voluntary Fiduciary Correction Program established by the Department of Labor and has requested the administrator to determine the amount of the Plan lost participant earnings so the Company can restore lost participant earnings and pay any applicable IRS tax penalties. The amounts of lost participant earnings and IRS tax penalties for 2011 and 2012 have not been determined, but are estimated to total less than $500 and $1,000 for the years ended December 31, 2012 and 2011, respectively.

NOTE J — TAX STATUS

The Plan is using a Paychex Prototype Plan (from 1/01/2012 thru 10/31/2012) and a Principal Financial Group Prototype Plan effective 11/01/2012 and as such the Internal Revenue Service will not issue a determination letter with respect to this Plan. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE K — RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE K - SUBSEQUENT EVENTS

The plan has evaluated subsequent events through October 14, 2013, the date the financial statements were available to be issued.
