Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Independent Auditors' Report

To the Finance and Pension Committee of the Board of Directors
Stanley Black & Decker, Inc.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Pension Plan for Employees of Lista International Corporation (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2012, and the related statement of changes in net assets available for benefits for the year then ended, and the statement of accumulated plan benefits as of December 31, 2011, and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR § 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Bank of America, N.A., the trustee of the Plan, except for comparing such information to the related information included in the 2012 financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certification from the trustee as of and for the year ended December 31, 2012, that the information provided to the Plan administrator by the trustee is complete and accurate.

Independent Auditors' Report (continued)

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2012 financial statements. Accordingly, we do not express an opinion on the 2012 financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule of reportable transactions for the year ended December 31, 2012, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Other Matter – 2011 Financial Statements

The financial statements of the Plan as of December 31, 2011, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated October 12, 2012, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2012 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Pension Plan for Employees of Lista International Corporation

Notes to Financial Statements

December 31, 2012 and 2011

1. Description of Plan

The following description of the Pension Plan for Employees of Lista International Corporation (the Plan) provides only general information. Participants should refer to the *Plan Document* and *Summary Plan Description* which are available from the Plan administrator for a more complete description of the Plan's provisions. Lista International Corporation (the Company) is the Plan sponsor; Black & Decker (U.S.) Inc. is the Plan administrator. Effective December 31, 2012, in connection with the Plan Merger (described below), Black & Decker (U.S.) Inc. became the Plan sponsor and Plan administrator.

General

The Plan is a noncontributory defined benefit plan covering all eligible employees of the Company who have completed at least a year of service for the Company (i.e. at least 1,000 hours of service in the twelve consecutive month period beginning as of the date of commencement of employment). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On January 3, 2012, the Company was acquired by Stanley Black & Decker, Inc., and became a wholly owned subsidiary of Stanley Black & Decker, Inc.

Eligibility

Participation in the Plan is limited to individuals who were already covered under the Plan on or before August 1, 2004. Participants credited with five or more years of service are considered fully vested under the Plan and are entitled to begin receiving annual pension benefits beginning the first day of the month coinciding with or next following attainment of normal retirement age. Normal retirement age under the Plan is the later of age 65, or the earlier of five years of service with the Company or the fifth anniversary of participation in the Plan.

Contributions

The Plan participants are not required or permitted to make contributions to the Plan. The Company's funding policy, and information concerning contributions made to the Plan by the Company for 2012 and 2011 is described in Note 2.

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Amendments

The Plan was originally effective January 1, 1979. On June 14, 2004, the Plan was amended so that effective August 1, 2004, eligibility to participate in the Plan was frozen.

Effective December 31, 2012, all of the assets and liabilities of the Plan were transferred to and merged into the Stanley Black & Decker Pension Plan, formerly known as The Black & Decker Pension Plan (Plan Merger). Notwithstanding the foregoing, a separate benefit formula continues to apply to Plan participants, as do certain other Plan provisions pertaining to benefit determinations.

Pension Benefits

Eligible employees are entitled to annual pension benefits, which are payable upon normal retirement age (the later of age 65, or the earlier of five years of service with the Company or the fifth anniversary of participation in the Plan). Payment of benefits will only be made to participants who are 100% vested in their accrued benefit. Generally, participants with five or more years of service are entitled to a monthly benefit beginning at normal retirement age, equal to the excess of (i) the product of 1.5% of the monthly amount of their Average Compensation multiplied by years of service (not to exceed 30 years), minus (ii) the lesser of: (a) .65% of the monthly amount of Final Average Compensation multiplied by years of service (not to exceed 30 years); or (b) .75% of Average Compensation, Final Average Compensation, or Covered Compensation, multiplied by years of service (not to exceed 30 years). "Average Annual Compensation" means the average of the participant's compensation during the highest five consecutive Plan Years (or, if less than five years, all complete calendar months) during the participant's employment with the Company. "Final Average Compensation" means the average of the participant's annual compensation for the three consecutive year period ending on the December 31 of the Plan Year coincident with or preceding the participant's termination of employment (provided that annual compensation in excess of the social security taxable wage base for each such Plan Year shall not be taken into account). "Covered Compensation" means the amount specified as compensation for the year of the participant's social security retirement age and based on the 35 year average of the taxable wage bases for the period ending in the calendar year in which the participant attains social security retirement age.

The Plan permits early retirement beginning at age 55. The normal form of benefit under the Plan is a single life annuity for unmarried participants and a 50% qualified joint and survivor annuity for married participants. Participants may, instead, elect (with spousal consent if applicable) to receive an optional form of benefit under the Plan.

1. Description of Plan (continued)

Pension Benefits (continued)

If a participant should terminate before being credited with 5 years of service, such participant will forfeit the right to receive the portion of their accumulated Plan benefits attributable to the Company's contributions.

Death Benefits

If an active employee dies after having attained his or her earliest retirement age under the Plan (age 55) and having accumulated five years of service for the Company, a death benefit will be paid to the participant's surviving spouse in the form of a 50% qualified pre-retirement survivor annuity, provided that, the participant has been married to the spouse for a period of at least one year. This benefit is immediately payable to the surviving spouse if the participant was already eligible for early retirement benefits. If the participant dies prior to becoming eligible for early retirement, payments to the surviving spouse commence as of the earliest age the participant could have received benefits.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted (GAAP) in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Pension Plan for Employees of Lista International Corporation

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Marketable securities within the Plan are stated at fair value. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the plan year; investments traded in the over-the-counter market and listed securities for which no sale was reported on that date are valued at the average of the last reported bid and ask prices.

Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Fair Value of Investments

The Plan follows Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurement and Disclosures (ASC 820), for all financial assets and liabilities and nonfinancial assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring basis. ASC 820 defines fair value, establishes a fair value hierarchy, and expands disclosures about fair value measurements.

ASC 820 defines fair value as the price that would be received upon sale of an asset or paid upon the transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability.

Pension Plan for Employees of Lista International Corporation

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Fair Value of Investments (continued)

The fair value is calculated based on assumptions that market participants would use in pricing the asset or liability, not on assumptions specific to the entity. In addition, the fair value of liabilities includes consideration of non-performance risk including the Plan's own credit risk.

In addition to defining fair value, ASC 820 expands the disclosure requirements around fair value and establishes a fair value hierarchy for valuation inputs. The hierarchy prioritizes the inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Each fair value measurement is reported in one of three levels which is determined by the lowest level input that is significant to the fair value measurement.

These levels are:

Level 1 – Inputs are based upon unadjusted quoted prices for identical instruments traded in active markets.

Level 2 – Inputs are based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability. The fair values are therefore determined using model-based techniques that include option pricing models, discounted cash flow models, and similar techniques.

2. Significant Accounting Policies (continued)

Fair Value of Investments (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Money Market – Valued at the NAV as of the close of business at the end of the plan year based on quoted active market prices of the underlying investments. Based on the valuation method these securities are categorized as Level 1.

Government Securities – Valued at the closing price reported in the active market in which the individual security is traded. Based on the valuation method these securities are categorized as Level 1.

Corporate Stocks – Valued at the last reported sales price on a national securities exchange (or reported on the NASDAQ national market) on the day of valuation. Based on the valuation method these securities are categorized as Level 1.

Corporate Bonds - Valued at the yields currently available on comparable securities of issuers with similar ratings. When quoted prices are not available for identical or similar bonds, the bond is valued under a discounted cash flows approach that maximized observable inputs such as current yields of similar instruments but includes adjustments for certain risks that may not be observable such as credit and liquidity risks. Based on the valuation method these securities are categorized as Level 2.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. These securities are categorized as Level 2 as the buying and selling of shares are restricted to certain institutional investors.

Pension Plan for Employees of Lista International Corporation

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Fair Value of Investments (continued)

Common/Collective Trusts - Valued at the estimated fair value based on the fair value of the underlying assets of the fund as based on information reported in the fund's audited financial statements at year end. Underlying asset-backed and mortgage-backed securities are generally valued by pricing services, which utilize pricing models that incorporate the securities' cash flow and loan performance data. These models also take into account available market data, including trades, market quotations, and benchmark yield curves for identical or similar securities. Factors used to identify similar securities may include, but not limited to, issuer, collateral type, vintage, prepayment speeds, collateral performance, credit ratings, credit enhancement and expected life. Asset-backed and mortgage-back securities for which quotations are readily available may also be calculated based upon an over-the-counter or exchange bid quotation. Short-term securities maturing in 60 days or less, if any, are valued at amortized costs, which approximate market value. Audited financial statements classify the underlying investments held by the common/collective trust fund primarily as Level 2 investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' compensation during their highest five consecutive years of credited service prior to the earlier of (1) the participants termination of service or (2) termination of the Plan. The accumulated plan benefits for active employees are also based on their average compensation during their highest consecutive five years of service as of the valuation date. Benefits payable under all circumstances - retirement, death, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits.

Pension Plan for Employees of Lista International Corporation

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Actuarial Present Value of Accumulated Plan Benefits (continued)

The actuarial present value of accumulated plan benefits is determined by an actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The actuarial valuation was performed as of January 1, 2012. There were no significant differences between December 31, 2011 and January 1, 2012 which would cause the actuarial valuation not to be representative as of December 31, 2011. The significant actuarial assumptions used in the valuation as of January 1, 2012 were (a) life expectancy of participants using the Internal Revenue Code (IRC) section 430(h)(3)(A) Static tables, (b) retirement age assumptions (the assumed average retirement age was 65), and (c) investment return of (0.71%). The January 1, 2012 valuation included mandated discount rates of 2.06% for segment 1, 5.25% for segment 2, and 6.32% for segment 3, with an effective interest rate of 5.69%. The January 1, 2011 valuation included an effective interest rate of 6.08%.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

Funding Policy

Contributions to provide benefits under the Plan are made solely by the Company. As of August 1, 2004 participation in the Plan has been frozen and as a result, benefits accrued as of such a date are frozen, and no further benefits are provided based upon service or compensation after such date. The Company's funding policy is to make annual contributions to the Plan in amounts such that all employees' benefits will be fully provided for by the time they retire. Additional employer contributions may be required based on the results of annual actuarial valuations. For 2012 and 2011, the minimum required contribution was \$452,842 and \$358,951, respectively. The Company made contributions to the Plan of \$479,496 and \$1,113,380, pertaining to 2012 and 2011, respectively. The Plan has met the ERISA minimum funding requirements.

Pension Plan for Employees of Lista International Corporation

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Administrative Expenses

To the extent permitted under ERISA, fees for actuarial and investment advisory expenses, Pension Benefit Guaranty Corporation premiums, and other specified expenses of administration of the Plan are paid from the Plan, unless paid by the Company.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Income Taxes

GAAP requires Plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require revenue recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2008.

Adoption of New Accounting Pronouncements

In May 2011, the FASB issued Accounting Standards Update (ASU) 2011-04, Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards. ASU 2011-04 was issued to provide a consistent definition of fair value and ensure that the fair value measurement and disclosure requirements are similar between U.S. GAAP and International Financial Reporting Standards. ASU 2011-04 changes certain fair value measurement principles and enhances the disclosure requirements particularly for Level 3 fair value measurements. This pronouncement is effective for reporting periods beginning on or after December 15, 2011. The new guidance requires prospective application. The adoption of ASU 2011-04 did not have a material impact on the Plan's financial statements.

Reclassifications

Certain reclassifications have been made to the 2011 financial statement presentation to correspond to the 2012 format.

Pension Plan for Employees of Lista International Corporation

Notes to Financial Statements (continued)

3. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- (a) Benefits attributable to participant contributions or rollovers, if any, under any prior plan, taking into account those paid out before termination.
- (b) Retirement benefits of retired participants and beneficiaries.
- (c) All other benefits insured by the Pension Benefit Guaranty Corporation (PBGC), a U.S. governmental agency.
- (d) All other vested benefits (that is, vested benefits not insured by the PBGC).
- (e) All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefits protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount an individual's monthly benefit that the PBGC guarantees. For Plan terminations occurring during 2012 and 2011, that ceiling is \$4,653 and \$4,500 per month, respectively. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

If participants receive all of their benefits pursuant to the termination of the Plan, any assets remaining after the benefits are provided will be returned to the Company.

5. Information Certified and Provided by Bank of America

The following is a summary of the Plan's asset information as of December 31, 2012 and 2011 and for the years then ended, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from the information provided by Bank of America, N.A. the trustee, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that information provided to the Plan administrator is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information which appears throughout the financial statements and supplemental schedule related to the following assets at December 31, 2012 and 2011:

	<u>2012</u>	<u>2011</u>
Investments, at fair value	\$ -	\$ 8,163,074
Interest receivable	-	9,851

Bank of America, N.A. also certified to the completeness and accuracy of \$708,826 of net appreciation in fair value of investments and \$229,920 of interest and dividends related to the aforementioned assets for the year ended December 31, 2012 and \$297,455 in net depreciation in fair value of investments and \$240,297 interest and dividends related to the aforementioned assets for the year ended December 31, 2011.

7. Party-In-Interest Transactions

The Plan's investments include shares of a common/collective trust fund managed by Bank of America, N.A. the trustee of the Plan. Transactions in such investments qualify as exempt party in interest transactions, as defined by ERISA. The Company also paid certain administrative expenses of the Plan.

8. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated December 16, 2002, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Taking into account certain corrections that have been made pursuant to the Employee Plans Compliance Resolution System (EPCRS), including certain amendments that have been submitted pursuant to the Voluntary Correction Program of the EPCRS, the Plan administrator, which consults regularly with counsel, believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. In connection with the submission made under the Voluntary Correction Program, the Plan administrator submitted an application for a determination letter from the IRS in 2012. (See Note 10).

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

10. Subsequent Events

The Plan has evaluated events occurring between December 31, 2012 and October 1, 2013, the date the financial statements were available to be issued.

In response to certain Plan amendments that were made pursuant the Voluntary Correction Program of the EPCRS in 2012, the Plan received a compliance statement in 2013. The Plan also received a favorable determination letter in 2013, as a result of an application for a determination letter made to the IRS in 2012. (See Note 8).

Effective January 1, 2013, in connection with the Plan Merger (Note 1), The Bank of New York Mellon is appointed successor trustee with respect to the Plan and certain other tax-qualified defined benefit pension plans that were merged, effective December 31, 2012, into the Stanley Black & Decker Pension Plan (formerly known as The Black & Decker Pension Plan), and all of the assets of the Plan held by Bank of America, N.A. under the trust agreement for the Pension Plan for Employees of Lista International Corporation, dated August 18, 1989, entered into between Lista International Corporation and The First National Bank of Boston (now known as Bank of America, N.A.), as trustee, are transferred to and held under The Stanley Works Pension Plan Master Trust (SW Master Trust).

Effective January 1, 2013, the SW Master Trust is amended and renamed the “Stanley Black & Decker, Inc. Pension Master Trust” (SBD Pension Master Trust). Effective January 1, 2013, the Stanley Black & Decker Pension Plan (formerly known as The Black & Decker Pension Plan) participates in the SBD Pension Master Trust. The SBD Pension Master Trust, as effective January 1, 2013, maintains the assets of the following defined benefit pension plans: Pension Plan for Hourly Paid Employees of Stanley Black & Decker, Inc., Stanley Black & Decker Pension Plan, and HSM Electronic Protection Services, Inc. Pension Plan.

Lista International Corporation

Plan

Pension Plan for Employees of Lista International Corporation

Effective Date and Most Recent Amendment

The plan was originally effective January 1, 1979. The plan was amended and restated January 1, 2011.

Plan Year

The twelve-month period ending December 31.

Eligibility

Employees are eligible to participate in the plan upon completion of one year of service, defined as a 12-consecutive-month computation period in which an employee is credited with 1,000 or more hours of service. Computation period commences on employee's date of hire.

Participation in the plan is frozen as of August 1, 2004.

Average Annual Earnings

Average Annual Earnings means the average of the participant's W-2 earnings during the highest five consecutive Plan Years during the participant's career.

Final Average Compensation

Final average compensation is the average of the participant's W-2 earnings over the consecutive three year period ending on December 31 of the Plan Year coinciding with or immediately preceding the participant's termination of employment. Final Average Compensation shall not exceed Covered Compensation as defined under Section 401(l)(5)(E) of the Internal Revenue Code and earnings shall not exceed the Taxable Wage Base in any year.

Normal Retirement Benefit

Eligibility: A participant is eligible for normal retirement on the first day of the month coinciding with the later of:

- (a) the participant's 65th birthday.
- (b) the earlier of either the fifth anniversary of Participation date or the completion of five years of Credited Service

Benefit Formula: The normal retirement benefit for a participant is 1.5% of Average Annual Earnings minus the lesser of:

- (a) 0.65% of Final Average Compensation
- (b) 0.75% of Average Annual Earnings, limited to Final Average Compensation, multiplied by years and months of credited service, to a maximum of 30 years.

Benefits are now frozen for all groups effective August 1, 2004.

Commencement Date: Participants whose employment has terminated shall have distribution of their benefits commence within sixty (60) days following their Normal Retirement Date, unless the Participants elects to defer receipt of his benefits.

The normal form of benefit is a life annuity. Actuarially equivalent optional forms are based upon the UP-84 mortality with a 3-year setback for beneficiaries at 7% interest.

Forms of payment:

Single employees – Life annuity, 10 years certain and life

Married employees – Life annuity, 50% 66 ²/₃% 75% and 100% joint and survivor annuity, and 10 years certain and life

Lump sums are available for amounts \$5,000 or less

Late Retirement

A Late Retirement Benefit equal to greater of the Accrued Benefit determined at actual retirement date and the benefit available at the participant's Normal Retirement Date actuarially increased to actual retirement date is available for participants who continue employment after their Normal Retirement Date.

Early Retirement Benefit

Eligibility: After attaining age 55 and 5 years of Credited Service an employee is eligible for Early Retirement.

Benefit: The Early Retirement benefit is equal to the Accrued Benefit, reduced actuarially for payment prior to Normal Retirement Date.

Forms of payment: Same as for normal retirement.

Disability Benefit

Not Applicable

Vested Benefits Upon Termination of Service

Eligibility: A participant whose employment is terminated before retirement is eligible for a vested deferred retirement benefit, provided the participant has at least 5 years of credited service.

Termination Benefit: The participant's accrued benefit under the normal retirement benefit formula is provided. Payments commence on the first day of the month coinciding with, or following the participant's normal retirement date. Benefits payable prior to normal retirement date are reduced as for early retirement.

Forms of payment: Same as for normal retirement.

Death Benefits for Participants Not Receiving Benefits

If a vested participant dies after becoming eligible for early retirement or a deferred vested benefit, the surviving spouse is entitled to an amount equal to the benefit the participant would have received had they terminated employment on the date of death and elected to receive benefits as a 50% Joint and Survivor annuity option. Monthly payments commence as of the later of the participant's date of death or age 55.

Pension Increases

Not Applicable.

Plan Participants' Contributions

Not Applicable.

Maximum on Benefits and Pay

All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are assumed for determining pension cost but not for determining contributions.

Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions except as follows. Towers Watson is not aware of any future plan changes which are required to be reflected.

Changes in Plan Provisions since Last Actuarial Valuation

None.

Schedule SB, Line 25 Change in Method

The discount rate was changed from the IRS prescribed three 24-month average corporate bond segment rates applicable for the valuation date to the IRS prescribed three 24-month average corporate bond segment rates applicable for September prior to the valuation date. The change is being made as elected by the plan sponsor and is automatically approved by the IRS pursuant to the final funding valuation regulations issued October 15, 2009.

The valuation software used to produce the actuarial information submitted on this schedule is different than used for the previous valuation due to a change in both the enrolled actuary for the plan and the business organization providing actuarial services to the plan, and such change in software may be considered to be a method change. The new method is substantially the same as the method used by the prior enrolled actuary and is consistent with the description of the method contained in the prior actuarial valuation report and Schedule SB of Form 5500 (disregarding the effects of any changes that are automatically approved under final IRC 430 regulations). The funding target and target normal cost (without regard to any adjustments for employee contributions and plan-related expenses), as determined for the prior plan year by the new enrolled actuary (using the actuarial assumptions of the prior enrolled actuary and disregarding the effects of any changes that are automatically approved under final IRC 430 regulations) are both within 5% of those values as determined by the prior enrolled actuary. Therefore the change in funding method receives automatic approval under IRS Announcement 2010-3.

Statement by Enrolled Actuary
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
