HILLENBRAND, INC. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2012 and 2011

NOTE 1 – PLAN DESCRIPTION AND SIGNIFICANT ACCOUNTING POLICIES

The following description of Hillenbrand, Inc. Savings Plan (the Plan) provides only general information. Plan participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan was organized effective April 1, 2008, as a defined contribution retirement savings plan covering all eligible employees of Hillenbrand, Inc. and its subsidiaries (the Employer) who have at least one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Merger: On October 10, 2012, the Pension Finance and Pension Administration Committees of the Plan Sponsor voted to merge the Plan with the HMIS, Inc. 401(k) and Profit Sharing Plan (HMIS) effective December 31, 2012. All investment assets of HMIS were transferred to the Plan. The transfer also included all outstanding notes receivable from participants. As the Plan does not allow for loans to participants, all notes receivable transferred will be serviced to maturity, but no new loans will be allowed under the merged plans.

Basis of Accounting: The financial statements of the Plan are prepared on the modified cash basis of accounting. This method of accounting differs from accounting principles generally accepted in the United States in that contributions and income are recorded when received, rather than when earned and expenses are recorded when paid, rather than when the obligation is incurred.

Estimates: The preparation of financial statements in accordance with the modified cash basis of accounting requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions: Bargaining Plan participants may authorize the Employer to contribute to the Plan up to 20% of their eligible annual compensation, as defined in the Plan Agreement. The Employer contributes to each bargaining participant's account an amount equal to 40% of the first 5% of compensation that each participant contributes to the Plan.

Nonbargaining Plan participants may authorize the Employer to contribute to the Plan up to 40% of their eligible annual compensation, as defined in the Plan Agreement. The Employer contributes 3% or 4% of each eligible nonbargaining participant's compensation, depending on the classification of each eligible participant.

Nonbargaining employees hired after July 1, 2003, are no longer eligible to participate in the Hillenbrand, Inc. Pension Plan (the Pension Plan). Employees hired prior to July 1, 2003, made an election to continue to participate in the Pension Plan or to freeze their Pension Plan accruals effective December 31, 2003. Continuing Plan participants (those who did not elect to freeze their Pension Plan benefit accruals) and commissioned participants receive 3% Employer contributions to the Plan. Participants with a hire date on or after July 1, 2003, and frozen Pension Plan participants receive 4% Employer contributions and Employer matching contributions of 50% of eligible compensation that each participant contributes to the Plan up to 6%. The benefits of Pension Plan frozen participants will be paid out in accordance with the Pension Plan provisions with future service considered only under the Plan.

NOTE 1 – PLAN DESCRIPTION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Plan includes an auto-enrollment provision whereby all newly eligible nonbargaining employees are automatically enrolled in the Plan unless an affirmative election not to participate in the Plan is executed. Automatically enrolled nonbargaining participants have their contribution rate set at 6% of eligible compensation and their contributions are invested in a designated fund until an investment election is made by the nonbargaining participant.

Participant contributions are subject to annual limitations under the United States or Puerto Rico Internal Revenue Codes.

Participants may also make rollover contributions from amounts representing distributions from other qualified plans. Puerto Rico participants may only make rollover contributions from another Puerto Rico and United States dual qualified plan.

Participants direct the investment of their contributions, as well as those made by the Employer, into various investment options offered by the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions and Employer contributions, as well as allocations of Plan earnings. Participant accounts may also be charged with an allocation of certain administrative expenses of the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their account is based on years of service. A participant becomes 100% vested after three years of credited service.

At December 31, 2012 and 2011, forfeited nonvested accounts of terminated participants totaled \$41,343 and \$3,781, respectively. These accounts will be used to reduce future Employer contributions or pay Plan expenses. In 2012, forfeited nonvested accounts of \$43,692 were used to reduce Employer contributions.

Notes Receivable from Participants: Participants merged in from HMIS could have borrowed from their account a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The terms of the notes range up to 5 years except notes issued to purchase a principal residence, for which the terms could not exceed 15 years. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through regular payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are treated as distributions based upon the terms of the Plan Agreement.

Payment of Benefits: Upon the occurrence of a distributable event due to separation from service by termination, death, disability, or retirement, as defined by the Plan Agreement, a participant may elect to receive a lump-sum cash distribution equal to the value of the participant's vested interest in his or her account. Hardship and in-service withdrawals, as defined in the Plan Agreement, are also permitted from a participant's account. Benefits are recorded by the Plan when paid.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for a discussion of fair value measurements.

NOTE 1 – PLAN DESCRIPTION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As discussed in Note 4, the Plan invests in a collective trust fund which is a fully benefit-responsive fund. The Plan's statements of net assets available for benefits presents the fair value of this investment, as well as the adjustment of this investment from fair value to contract value. The Plan's statement of changes in net assets available for benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Expenses: Administrative expenses for maintaining the Plan may be paid by the Employer or the Plan, at the Employer's discretion. Loan administration fees are charged directly to the participant's account and are included in administrative expenses.

Plan Termination: Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants will become 100% vested in their accounts.

Tax Status: The Internal Revenue Service (IRS) has determined and informed the Employer by a letter dated April 12, 2012, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2012, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements.

The Puerto Rico Internal Revenue Service determined and informed the Employer by a letter dated March 12, 2009, that the Plan and related trust are designed in accordance with applicable sections of the Puerto Rico Internal Revenue Code of 1994, as amended (PR Code). The Plan has been amended and restated since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the PR Code. Therefore, the Plan Administrator believes that the Plan is qualified and the related trust is tax-exempt.

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in process. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

Subsequent Events: The Plan Administrator has evaluated the financial statements for subsequent events occurring through October 10, 2013, the date the financial statements were available to be issued.

NOTE 2 – FAIR VALUE MEASUREMENTS

The Plan has categorized its assets and liabilities that are measured at fair value into a three-level fair value hierarchy. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement. In situations where there is little or no market activity for the asset or liability, the Plan makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Following is a description of the valuation methodologies used by the Plan for investment assets that are measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual Fund Shares and Money Market Fund Shares: Valued at the published net asset value (NAV), as reported by each fund, of the shares held by the Plan at the reporting date.

Collective Trust Fund: Valued at the net asset value (NAV) of units of a trust company collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

Guaranteed Investment Contract: Valued at fair value reported by the sponsoring insurance company based on the fair value of the bonds held by the collective trust fund which underlies the guaranteed investment contract (GIC). The guaranteed interest rate provided to participants at contract value for the synthetic GIC is adjusted periodically by the insurer to reflect the current yields on similar instruments with comparable durations, considering the creditworthiness of the issuer. The fair value of the underlying bonds are based on quoted market prices when available or by pricing models and matrix pricing which maximizes the use of observable inputs. See below for significant unobservable inputs used and the related quantitative information.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain assets could result in a different fair value measurement at the reporting date.

NOTE 2 – FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a summary, by major nature and risks class within each level of the fair value hierarchy, of the Plan's investment assets that are measured at fair value on a recurring basis as of December 31, 2012 and 2011:

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values
Prudential Stable Value Fund	<u>\$29,775,676</u>	Market value	Interest rates Bond ratings Duration	0% - 10.35% AAA - BBB 1 month – 38.5 years

Valuation processes and procedures are the responsibility of the Pension Finance Committee, which reports to the Board of Directors. The committee meets at least quarterly with the Plan's registered investment advisor to discuss how investments are valued and any changes made in the valuation techniques or unobservable inputs.

NOTE 4 – JOINT INVESTMENT IN SYNTHETIC GIC CONTRACT

In December 2011, the Plan Sponsor entered into a contract with The Prudential Insurance Company of America to invest in the Prudential Stable Value Fund on the behalf of: Hillenbrand, Inc. Savings Plan, Hillenbrand, Inc. Sales Executives' Pension Plan, K-Tron 401(k) Plan and Size Reduction Group 401(k) Plan. The assets were purchased in January 2012.

The synthetic GIC contract held total assets of \$34,681,270 at December 31, 2012 and earned interest income of \$509,633 in 2012. The Plan's interest and activity in the contract as of December 31, 2012 and 2011, and for the year ended December 31, 2012, is presented in Note 3 and included interest income of \$437,431 for 2012.

NOTE 5 – INVESTMENT IN GUARANTEED INVESTMENT CONTRACT AND COLLECTIVE TRUST FUND

The Plan had an investment in the Prudential Stable Vale Fund as of December 31, 2012 and the Fidelity Managed Income Portfolio II as of December 31, 2011, which are benefit-responsive funds. As described in Note 1, because these funds are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fund. Contract value, as reported to the Plan by Prudential Insurance Company of America and Fidelity Management Trust Company, respectively, represents contributions made to the fund, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the issuer or otherwise. The average yield rate based on actual earnings of the fund was approximately 1.17% for 2012 and 1.92% for 2011, and the average interest rate credited to participants was approximately 1.47% for 2012 and 1.60% for 2011.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) communications from the Plan's sponsor designed to induce participants to transfer from the fund, (4) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (5) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTE 6 – PLAN AMENDMENTS

Effective January 1, 2012, the Plan Agreement was amended to implement an automatic enrollment feature and to update the Plan's hardship withdrawal provisions.

Effective May 8, 2012, the Plan Agreement was amended to further describe the bargaining group of employees who are designated as "Enhanced Contribution Bargaining Participants" under the Plan.

NOTE 6 – PLAN AMENDMENTS (CONTINUED)

Effective September 1, 2012, the Plan Agreement was amended to permit most participants who terminate on or after retirement age to be able to defer distribution of their benefit until as late as April 1 of the year following the year in which the participant attains age 70 ½.

Effective December 31, 2012, the plan was amended to merge HMIS, Inc. 401(k) and Profit Sharing Plan into the Plan and to conform the Plan to the provisions of the Internal Revenue Code for a New Puerto Rico, as amended by Act. No. 232 of December 10, 2011.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments are managed by Fidelity Management Trust Company, the trustee of the Plan; therefore, transactions in these investments qualify as exempt party-in-interest transactions under ERISA. The Trustee also receives indirect fees from investments which are deducted from investment returns. Direct fees paid by the Plan to the Trustee and its affiliate totaled \$35,864 in 2012.

The Employer provides certain accounting, administrative and investment management services to the Plan for which it receives no compensation.

Notes receivable from participants are permitted party-in-interest transactions.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per Form 5500 at December 31, 2012 and 2011:
