DEN-TEX CENTRAL, INC. EMPLOYEE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2013

1. DESCRIPTION OF PLAN

The following description of the Den-Tex Central, Inc. Employee 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a participant directed defined contribution 401 (k) profit sharing plan covering salaried employees (excluding highly-compensated individuals) of Den-Tex Central, Inc. (the Company) who have attained six months of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

The Plan was established effective October 1, 1998, and restated effective January 1, 2002 to reflect certain provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA).

B. Employee Contributions

Each calendar year, participants may contribute up to 30% of their total compensation to the 401(k) Plan deferral, subject to federal limitations. Rollover contributions are accepted by the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

The Company made discretionary matching contributions of twenty-five cents ($0.25) for each dollar contributed up to a maximum of the first 4% of compensation deferred.

C. Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, and allocations of Plan earnings and losses. Allocations are based upon participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Eligible participants can enter the Plan on the first day of the next calendar quarter of the Plan year following six months of employment.

D. Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. In the event of termination of employment for reasons other than death, retirement, or disability, a participant shall have a vested right in all Company generated portions of his or her account based on years of continuous employment with the Company as follows:

25% after 2 Years of Service
50% after 3 Years of Service
75% after 4 Years of Service
100% after 5 Years of Service

If a participant is not fully vested in the employer matching contribution on the date of separation, the non-vested portion will be forfeited and used to pay plan expenses or reduce future employer matching contributions.

E. Participant Loans

Participants may borrow from their fund accounts and repay the amount borrowed, with interest, into their 401(k) account through payroll deductions. Participants may borrow a minimum of $1,000 from their accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, whichever is less. Loans may be repaid over a maximum period of five years. Any loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with market rates for similar loans.

F. Payment of Benefits

After election by the participant or their representative, benefits are payable upon termination of employment or by death, retirement or disability of the participant as soon as it is administratively feasible.

If a participant ceases employment with a vested account balance of $5,000 or less, the amount will be paid at that time. If the vested amount is greater than $5,000, there are options available regarding payout.

Deferred contributions may be available for withdrawal due to financial hardship, as defined by the plan.

Distributions of vested or rollover amounts are permitted in – service after age $59^{1/2}$ (limited to one withdrawal during any one-year period).

G. Forfeitures

In the event of a forfeited account balance, forfeitures may be used to pay Plan expenses. See additional information under D. above.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the plan are prepared on an accrual basis.

B. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities.

C. Investment Valuation and Income recognition

The Plan's assets are held in mutual funds and a contract with an insurance company. The contract with the insurance company is valued at contract value, which approximates market value. All accounts are valued daily.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net investment gain or loss includes those on investments bought and sold as well as held during the year.

The investments in all of the funds are presented at fair market value, based on quoted market prices of the underlying securities within each fund at March 31, 2013 and 2012. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

D. Payments of Benefits

Benefits are recorded when paid.

E. Administrative Expenses

Administrative costs of the Plan other than the asset fees or fees directly charged to a participant for a benefit payment are paid directly by the Company.

F. Risk and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

3. INVESTMENTS

The following presents investment accounts that represent five-percent or more of the Plan's net assets as of March 31, 2013 and 2012:

	2013	2012
Principal Bond & Mortgage Separate	$ 206,249	$ 183,827
Principal Lifetime 2030 Separate	82,951	-
Principal Large Cap Growth II Separate	82,703	76,470
Principal S & P 500 Index Separate	259,261	216,396

These investments represent 51% and 47% of the Plan's net assets as of March 31, 2013 and 2012.

The funds are invested in mutual funds. The Plan had a net investment gain of $196,794 for the year ended March 31, 2013 for these mutual funds. There was a net investment loss of $5,234 for the year ended March 31, 2012.

There are no reportable conditions that need to be disclosed in conjunction with Federal Form 5500, Schedule H, part 4, line 4j.

The Plan provides for investments in mutual funds that, in general, are exposed to various risks such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

4. TAX STATUS

The Internal Revenue Service has determined and informed the Company, through the custodian, by letter dated March 31, 2008, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan document is a prototype plan provided by Principal Financial Group, a related entity to Principal Life Insurance Company.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

5. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company, the Plan's custodian, has certified that the following data included in the accompanying financial statements and schedule is complete and accurate:

a) Investments, as presented in the accompanying statements of net assets available for benefits as of March 31, 2013 and 2012.
b) Net appreciation in fair value of pooled separate accounts and interest from the guaranteed interest account contract, as presented in the accompanying statements of changes in net assets available for benefits for the year ended March 31, 2013 and 2012.
c) The schedules of assets held for investment purposes at March 31, 2013 and 2012, as presented on the accompanying supplemental schedule.

6. PARTY-IN-INTEREST TRANSACTIONS

Principal Life Insurance Company manages all investments of the Plan. As Principal Life Insurance Company is the custodian of the Plan, these transactions qualify as party-in-interest transactions. See supplemental schedule 1.

7. TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and their balances will be distributed in accordance with the Plan agreement.

8. SUBSEQUENT EVENTS

Subsequent events were evaluated through the issuance date. No events were identified that would require disclosure in the accompanying financial statements.

9. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

At March 31, 2013 and 2012, the Plan's investments were held by the Trustee. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The fair value of investments at March 31, 2013 and 2012 as reported by the trustee is detailed in the accompanying supplemental schedule.
