Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CTR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employees Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note #3, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012, and 2011, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year and the supplemental schedule of delinquent participant contributions, which are the responsibility of Plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to, and we do not, express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ATM SOLUTIONS RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 and 2011

NOTE # 1 - DESCRIPTION OF PLAN

The following brief description of the ATM Solutions Retirement Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of ATM Solutions, Inc. (Company) who have 1 year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants may contribute up to the maximum percentage of their annual compensation and dollar amount permissible under Section 402(g) of the Internal Revenue Code not to exceed the limits under the applicable provisions of the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and an insurance investment contract as investment options for participants. Participants may change their investment options daily. The Company may make either a discretionary matching contribution or a discretionary profit sharing contribution. There was no company match during 2012 and 2011. There was no profit sharing contribution to the Plan during 2012 and 2011.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of Plan earnings (losses). Allocations are based on the participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

ATM SOLUTIONS RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 and 2011

NOTE # 1 - DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum of \$50,000 or 50% of their account balances. The loans are secured by the balance of the participant's account and bear interest at rates commensurate with local prevailing rates. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account, or leave the funds invested in the Plan and defer payment. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Hardship Withdrawals

The Plan allows for hardship withdrawals in the event of immediate and heavy financial need of up to 100% of the elected deferral account.

NOTE #2 - SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Subsequent events were evaluated through September 19, 2013, which is the date the financial statements were available to be issued.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

ATM SOLUTIONS RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 and 2011

NOTE #2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through common/collective trusts. Contract value for the common/collective trusts is based on the net asset value of the fund as reported by the trustee. The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note #10 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Reclassification

Certain amounts have been reclassified in the prior year to conform to the current year presentation.

Payment of Benefits

Benefits are recorded when paid.

NOTE #2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Operating Expenses

All expenses of maintaining the Plan are paid by the Company.

NOTE #3 - INFORMATION CERTIFIED BY THE TRUSTEE

The trustee for the Plan is State Street Bank and Trust Company (State Street Bank). The following is a summary of the unaudited information included in the Plan's financial statements that was prepared by the trustee and furnished to the Plan administrator. The Plan administrator has obtained a certification that such information is complete and accurate.

At December 31, 2012, and 2011, the Plan's investments consisted of the following:

ATM SOLUTIONS RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 and 2011

NOTE #3 - INFORMATION CERTIFIED BY THE TRUSTEE (CONTINUED)

Investments are reported at fair value as determined by quoted market price. During 2012 and 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) generated income of \$35,315 and \$3,109.

NOTE #4 - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by State Street Bank. State Street Bank is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees for the investment management services of the Plan are paid by the Company at no cost to the Plan. If not paid by the Company, administrative expenses become a liability of the Plan.

NOTE #5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE #6 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated May 22, 2003, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

NOTE #7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that the changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.

ATM SOLUTIONS RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 and 2011

NOTE #8 - INVESTMENTS

The following investments represent 5% or more of the Plan's net assets:

	2012	2011
FRANKLIN RISING DIVIDENDS - A	\$ 72,467	\$ 53,705
SSGA RUSS SC IDX VIII	43,971	39,495

ALGER MID CAP GROWTH INSTL - I	<5%	17,230
ALLIANZGI NFJ SMALLCAP VALUE A	<5%	18,254

NOTE #9 - GUARANTEED INVESTMENT CONTRACTS WITH COMMON/COLLECTIVE TRUSTS

The Plan invests in common/collective trusts, the State Street Bank and Trust Company Stable Fixed Income Fund for Employee Benefit Trusts (Funds). The Funds maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for the benefits attributable to the guaranteed investment contracts. The guaranteed investment contracts are presented on the face of the statements of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by State Street Bank, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rate is based on a formula agreed upon with the issuers but may not be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting.

ATM SOLUTIONS RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 and 2011

NOTE #9 - GUARANTEED INVESTMENT CONTRACTS WITH COMMON/COLLECTIVE TRUSTS
(CONTINUED)

Certain events limit the Plan's ability to transact at contract value with the Funds. Such events include the following: (a) amendments to the Plan document (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition of competing investment options or deletion of equity wash provision, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures of spin-offs of a subsidiary) that cause a withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Securities Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contracts do not permit the issuers to terminate the agreement prior to the scheduled maturity date. Averages were not available for the years 2012 and 2011 since there was no combined financial statement available for the combined collective trust.

Average yields:	<u>2012</u>	<u>2011</u>
Based on actual earnings	N/A	N/A
Actual interest rate credited to participants	N/A	N/A

NOTE #10 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are observable inputs other than quoted prices included within Level 1, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs were used when available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

ATM SOLUTIONS RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 and 2011

NOTE #10 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements

The fair value of common/collective trust funds is based on their underlying investments, which consist of collective trust funds and short-term investment funds whose value is derived by their respective net asset values. The collective trust funds consist of bonds and asset-backed securities whose value is derived from observable inputs based on the pricing of similar instruments that are publicly traded. The short-term investment funds have a maturity of one month or less and fair value is equal to cost as these funds are considered to be cash equivalents. Therefore, the Funds classify stable value funds as Level 2 securities in the fair value hierarchy.

Level 3 Fair Value Measurements

For those assets with fair value measured using Level 3 inputs, the Plan administrator determines the fair value measurement policies and procedures in consultation with the Company's chief financial officer and the Plan trustee. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.
