As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Sponsor instructed us not to perform, and we did not perform, any auditing procedures with respect to the net assets held for investment, which were certified by Transamerica Life Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Sponsor that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Sponsor has obtained a certification from the trustee as of and for the year ended December 31, 2010, that the information provided to the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with U. We have compiled the accompanying statement of net assets available for benefits of the Thank You Nurses, Ltd 401(k) Profit Sharing Plan as of December 31, 2009, and the related statement of changes in net assets available for benefits for the year then ended in accordance with *Statements on Standards for Accounting and Review Services* issued by the American Institute of Certified Public Accountants.

A compilation is limited to presenting in the form of financial statements information that is the representation of management. We have not audited or reviewed the accompanying statement 2009 financial statements, and, accordingly, do not express an opinion or any other form of assurance on them.

Notes to Audited Financial Statements
December 31, 2010

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The accounting records of the Thank You Nurses, Ltd 401(k) Profit Sharing Plan (the "Plan") are maintained on the accrual basis.

Recognition of Income: The basis of investments held by the Plan are adjusted annually to closing market value and unrealized gains and losses are recorded as part of this adjustment. Realized gains and losses on investments are computed using adjusted basis (beginning of year market value) on the first-in, first-out method. Security transaction expenses are considered in computing realized gains and losses on investments.

Investments: Investments in mutual funds are carried at the current market value (net asset value), as determined by quoted prices of comparable assets in an active market. Net appreciation (depreciation) in the fair market value of investments is reflected in the statement of changes in net assets available for plan benefits. Dividends are considered in the fair market value determination.

Participants' Notes Receivable: Participants' notes receivables are stated at their unpaid principle balance plus any accrued interest. Interest is recognized as accrued. An allowance was not required at December 31, 2010. If participants cease to make a loan repayment and the Plan administrator deems the participant loan is in default, the loan balance is reduced and a benefit payment to the participant is recorded.

Payment of Benefits: Benefits are recorded when paid.

Concentration of Credit Risks: Concentration of credit risk with respect to mutual funds is reduced as a result of the diversity of the underlying investments.

Subsequent Events: Subsequent events have been evaluated by management through the date of the independent auditor's report. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

New Accounting Pronouncements: Management is not aware of any new accounting pronouncements that have been released, and are not yet effective, which will have a significant impact to its financial position or results of operations in future periods.

Use of Estimates: The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

NOTE B - DESCRIPTION OF PLAN

The following description of the Than You Nurses, Ltd 401(k) Profit Sharing Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and covers substantially all employees of the Plan Sponsor who are age twenty-one or older and have one year of service.

NOTE B - DESCRIPTION OF PLAN - continued

Although it has not expressed an intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Contributions: Each year participants may elect to contribute up to 100% of pretax annual compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan Sponsor may elect to contribute a matching contribution, the amount of which is determined by the Board of Directors and allocated based on each participant's contributions. Participants also direct the investment of any matching contribution received. For the year ended December 31, 2010, the Plan Sponsor elected to contribute 100% of the first 3% and .5% of the next 2% of compensation that a participant contributes to the Plan in accordance with its safe harbor provision.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Plan Sponsor's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are 100% vested at all times in their voluntary contributions, employer safe harbor contributions, and actual earnings thereon. A participant's interest in the discretionary contributions the employer makes to the Plan becomes 100% vested upon attaining the Plan's normal retirement age or if employment is terminated due to death or disability. If employment is terminated prior to normal retirement age for any reason other than death or disability, then the employee's interest in employer contributions becomes 100% vested following 6 years of employment in accordance with specific vesting schedules based on years of service as required by the Department of Labor Rules and Regulations..

Participants' Notes Receivable: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the Plan Administrator. Principal and interest is repaid no less frequently than quarterly by payroll deductions.

Payment of Benefits: On termination of service a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over a period of time detailed in the Plan.

Forfeited Accounts: Forfeited non-vested accounts totaled $0 at December 31, 2010. Forfeitures may be used to pay administrative expense and reduce employer contribution.

NOTE C – INVESTMENTS (Unaudited)

Individual investments that represent 5% or more of the Plan's net assets available for benefits are as follows at December 31, 2010:

AM Balanced Fund	$ 247,379
AM Growth Fund of America	36,287

NOTE D - INCOME TAX STATUS

The underlying non-standardized prototype plan has received an option letter from the Internal Revenue Service (IRS) dated March 31, 2008 stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC), and therefore, is tax exempt. In accordance with Revenue Procedure 2002-6 and Announcement 2001-77, the Plan Sponsor has determined that it is eligible to rely on the current IRS prototype plan opinion letter. The Plan has adopted required and discretionary amendments. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator has indicted that it will take any necessary steps to bring the Plan's operations into compliance, as periodically needed.

U. S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that is more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of the date of the independent auditor's report, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is currently undergoing a routine audit by the IRS. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE E - FAIR VALUE MEASUREMENTS

In accordance with U.S. generally accepted accounting principles, the Plan provides a fair value hierarchy that prioritizes the inputs for the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets active markets, including pooled separate accounts
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means
- if the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE E - FAIR VALUE MEASUREMENTS - continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010:

	Fair Value Measurements Using			
	Level 1	Level 2	Level 3	Total
Mutual funds:				
Growth and Income	$ -	$ 247,379	$ -	$ 247,379
Growth	-	80,291	-	80,291
Income	-	16,697	-	16,697
Bond	-	13,150	-	13,150
Money Market	-	750	-	750
Total investments at fair value	$ -	$ 358,267	$ -	$ 358,267

Gains and losses (realized and unrealized) included in changes in net assets are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

There have been no changes in methodologies used during 2010. The following is a description of the valuation methodologies used for assets measured at fair value:

Common Stocks, Corporate Bonds and U.S. Government Securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE F - TRANSACTIONS WITH PARTIES - IN - INTEREST

Certain administrative fees for 2010 have been paid for by the Plan Sponsor and are not included in the Plan's statement of changes in net assets available for benefits.

NOTE G – DELINQUENT PARTICIPANT CONTRIBUTIONS

The Plan Sponsor failed to remit participant contributions in a timely manner to the Plan. Contributions not remitted in a timely manner totaled $12,353 in 2010. The Sponsor has corrected these remittances and, in October 2013, made full correction of the lost earnings. The lost earning for Plan participants totaled to approximately $10 for 2010.
