**To the Plan Administrator
Seadrift Coke, L.P. Savings Plan**

We have conducted a DOL limited-scope audit of the financial statements of the Seadrift Coke, L.P. Savings Plan (the Plan) for the period January 1, 2011 to April 30, 2011, and have issued our report thereon dated October 22, 2013. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements taken as a whole. We did, however, audit the form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated August 5, 2013. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Policies

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2011. We noted no transactions entered into by the Plan during the period for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Significant Audit Findings (Continued)

Qualitative Aspects of Accounting Policies (Continued)

The Plan was amended (effective January 1, 2011) to freeze participant contributions, employer contributions, establishment of participant loans and the acceptance of rollover contributions. In addition, eligible participants of the Plan became eligible to participate in the GrafTech International Holdings Inc. Savings Plan (Successor Plan) with any prior service a participant had with the plan sponsor being recognized for purposes of vesting. All assets were transferred from the Plan into the Successor Plan through April 30, 2011.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. There were no misstatements detected as a result of audit procedures.

Disagreements With Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 22, 2013.

Management Consultations With Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the information and use of the plan administrator and management of the Plan, and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

A handwritten signature in black ink that reads "ALPERN ROSENTHAL". The letters are written in a cursive, slightly stylized font.

Independent Auditors' Report

To the Participants and Administrator
Seadrift Coke, L.P. Savings Plan
Port Lavaca, Texas

We were engaged to audit the accompanying statements of net assets available for plan benefits of the Seadrift Coke, L.P. Savings Plan as of April 30, 2011 and December 31, 2010, and the related statements of changes in net assets available for plan benefits for the period January 1, 2011 to April 30, 2011 and for the year ended December 31, 2010. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by State Street Bank and Trust Company and JPMorgan Chase Bank, N.A., the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that State Street Bank and Trust Company held the Plan's investment assets and executed investment transactions from June 25, 2010 to April 30, 2011 and that JPMorgan Chase Bank, N.A. held the Plan's investment assets and executed investment transactions for the period from January 1, 2010 to June 25, 2010. The plan administrator has obtained a certification from the trustees as of April 30, 2011 and December 31, 2010 and for the period January 1, 2011 to April 30, 2011 and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the investment information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, except as noted in the preceding paragraph, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

To the Participants and Administrator

SEADRIFT COKE, L.P. SAVINGS PLAN

Notes to the Financial Statements

Note 1 - Plan Description

The following description of the Seadrift Coke, L.P. Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

Effective November 30, 2010, Seadrift Coke, L.P. (the Company and Plan Sponsor) merged with GrafTech International Ltd., which was renamed GrafTech Holdings Inc. and became a wholly owned subsidiary of GrafTech International Ltd.

Effective January 1, 2011, the Plan was merged into the GrafTech International Holdings Inc. Savings Plan (Successor Plan). The assets of the Plan were transferred to the Successor Plan through April 30, 2011. The transferred assets of approximately \$9,898,000 have been recognized in the accounts of the Successor Plan at their balances previously carried in the accounts of the Plan.

A. General

The Plan is a participant-directed defined contribution plan covering all employees of the Company. The Company is the plan administrator that controls and manages the operation and administration of the Plan.

Effective January 1, 2011, eligible participants of the Plan became eligible to participate in the Successor Plan with any prior service a participant had with the Plan Sponsor being recognized for purposes of vesting (Note 1D). Prior to January 1, 2011, an employee became eligible to participate in the Plan on the first day of the month following the date the employee is hired.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions

Effective January 1, 2011, the Plan was amended to freeze participant and employer contributions.

Prior to January 1, 2011, participants were permitted to contribute up to 84% of their annual eligible compensation to the Plan, subject to certain Internal Revenue Code (IRC) limitations. Participants were also permitted to contribute amounts representing distributions from other qualified plans. In addition, in any calendar year in which a participant is 50 years of age or older, an additional "catch-up contribution" (limited to \$5,500 in 2010) was permitted to be made.

SEADRIFT COKE, L.P. SAVINGS PLAN

Notes to the Financial Statements (Continued)

Note 1 - Plan Description (Continued)

B. Contributions (Continued)

Prior to January 1, 2011, the Company matched 100% of participant contributions up to 6% of the participant's eligible compensation. In addition, the Company was permitted to make a discretionary profit sharing contribution to the Plan.

C. Participant Accounts

The plan administrator maintains separate participant accounts for each participant. Each participant's account is credited, as applicable, with the participant's contributions, Company matching contributions, plan earnings, and with an allocation of the Company's discretionary profit sharing contributions, and charged with an allocation of plan expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting

Participants are immediately vested in their contributions and the Company's discretionary profit sharing contributions, plus actual earnings thereon. The participants become fully vested in the Company's matching contributions, and earnings thereon, upon completion of three years of service (Note 1A).

Forfeited amounts may be used to reduce future matching contributions made by the Company. There were no forfeited amounts applied for the period ended April 30, 2011. Forfeitures totaled approximately \$48,000 for the year ended December 31, 2010.

E. Benefits

On termination of service due to death, disability, retirement, or for other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installment payments. If a participant's account balance is less than or equal to \$1,000 at the time of termination, the employee will automatically receive a lump-sum payment.

The retirement benefit of any participant, who is a 5% owner of the Company during the plan year ending in the calendar year and who attains age 70½, must commence no later than the first day of April of the calendar year following the plan year in which the participant attains age 70½ even if they continue to be employed by the Company.

SEADRIFT COKE, L.P. SAVINGS PLAN

Notes to the Financial Statements (Continued)

Note 1 - Plan Description (Continued)

E. Benefits (Continued)

Subject to limitations of the plan document, a plan participant may apply for a hardship withdrawal. A hardship withdrawal may be granted to a plan participant for an event considered to be an immediate and heavy financial need of the participant, in accordance with the IRC.

At April 30, 2011 and December 31, 2010, there were no significant amounts allocated to the accounts of individuals who have withdrawn from the Plan but have not been paid.

F. Notes Receivable From Participants

Effective January 1, 2011, the Plan was amended to freeze the establishment of participant loans.

Prior to January 1, 2011, participants were permitted to borrow up to the lesser of 50% of their individual vested account balance or \$50,000, reduced by the participant's highest outstanding loan balance during the prior 12 months. The minimum amount a participant was permitted to borrow was \$500. A participant may not have more than one loan outstanding at any time. Loan repayment terms may not exceed 60 months unless the loan is granted for the purpose of acquiring the participant's principal residence; in such instances, the plan administrator will establish a reasonable repayment period in increments of one year when the loan is negotiated. Interest on loans is charged at the prime rate plus 1%.

G. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become 100% vested in their accounts.

Note 2 - Summary of Significant Accounting Policies

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

SEADRIFT COKE, L.P. SAVINGS PLAN

Notes to the Financial Statements (Continued)

Note 2 - Summary of Significant Accounting Policies (Continued)

B. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. Investment Valuation, Income Recognition and Risks

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at a measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers the assumptions that market participants would use when pricing the asset or liability.

The three levels of inputs that may be used to measure fair value are as follows:

- Level 1 - Observable inputs such as quoted prices in active markets for identical investments that the Plan has the ability to access.
- Level 2 - Inputs include:
 - a. Quoted prices for similar assets or liabilities in active markets;
 - b. Quoted prices for identical or similar assets or liabilities in inactive markets;
 - c. Inputs, other than quoted prices in active markets, that are observable either directly or indirectly;
 - d. Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.
- Level 3 - Unobservable inputs in which there is little or no market activity for the asset or liability, which require the reporting entity to develop its own estimates and assumptions relating to the pricing of the asset or liability including assumptions regarding risk.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at April 30, 2011 and December 31, 2010.

SEADRIFT COKE, L.P. SAVINGS PLAN

Notes to the Financial Statements (Continued)

Note 2 - Summary of Significant Accounting Policies (Continued)

C. Investment Valuation, Income Recognition and Risks (Continued)

Mutual funds are public investment vehicles valued using the net asset value provided by the administrator of the fund on the last day of the Plan's year end using a quoted price in an active market and are classified within Level 1 of the fair value hierarchy.

The Plan holds an interest in a stable value fund (the fund) which invests in a collective investment trust whose underlying assets are fully benefit-responsive investment contracts. The fund is presented at fair value with an adjustment to contract value. Investment contracts are generally permitted to be valued at contract value, rather than fair value, to the extent they are fully benefit-responsive because contract value is the amount participants would receive if they were to initiate permitted transactions under terms of the Plan. Fully benefit-responsive investment contracts are included at fair value in the investments of the Plan and are adjusted to contract value in the statements of net assets available for benefits. The statements of net assets available for benefits are prepared on a contract value basis. Collective investment trusts are public investment vehicles valued using the Net Asset Value (NAV) provided by the trustee on the last day of the Plan's year end. The NAV is based on the value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within Level 2 of the fair value hierarchy. The Plan's participants may exchange units in the fund on a daily basis with minimal restrictions.

Collective investment trusts are valued using NAV as determined by the Plan's trustee on the last day of the Plan's year end. The NAV is based on the value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within Level 2 of the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Gains and losses on securities sold or redeemed are determined on specific identification. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

SEADRIFT COKE, L.P. SAVINGS PLAN

Notes to the Financial Statements (Continued)

Note 2 - Summary of Significant Accounting Policies (Continued)

C. Investment Valuation, Income Recognition and Risks (Continued)

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with these investments and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in the near term could materially affect the amounts reported in the statements of net assets available for plan benefits and the statements of changes in net assets available for plan benefits.

D. Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

E. Administrative Expenses

Administrative expenses are paid by the Company or the Plan, as provided by the plan document.

F. Benefit Payments

Benefits are recorded when paid.

G. Subsequent Events

The Plan Sponsor evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 22, 2013, the day the financial statements were approved and authorized for issue.

Note 4 - Certification of Financial Information

State Street Bank and Trust Company, the trustee of the Plan, has certified that the information related to investments and notes receivable from participants summarized in the statements of net assets available for plan benefits as of April 30, 2011 and December 31, 2010, and investment income in the statement of changes in net assets available for plan benefits for the period June 25, 2010 to April 30, 2011 is complete and accurate.

JPMorgan Chase Bank, N.A., the former trustee of the Plan, has certified that investment income in the statement of changes in net assets available for plan benefits for the period January 1, 2010 to June 25, 2010 is complete and accurate.

SEADRIFT COKE, L.P. SAVINGS PLAN

Notes to the Financial Statements (Continued)

Note 5 - Exempt Party-in-interest Transactions

During 2011, certain plan investments are shares of a stable value fund and collective investment trusts managed by State Street Global Advisors, an affiliate of State Street Bank and Trust Company, the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Fees paid by the Plan for trustee and recordkeeping services were not significant for the periods ended April 30, 2011 and December 31, 2010. These transactions are not, however, considered prohibited transactions under Section 408(b) of the ERISA regulations.

Note 6 - Tax Status

The Plan Sponsor has adopted a prototype plan of Automatic Data Processing (ADP). ADP obtained a letter dated May 3, 2002, in which the Internal Revenue Service stated its opinion that the form of the prototype plan is acceptable under Section 401(a) of the IRC for use by employers for the benefit of their employees. The Plan has since been amended. However, the plan administrator, the trustee and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a taxing authority. The Company has analyzed the tax positions taken by the Plan and has concluded that, as of April 30, 2011, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes the Plan is no longer subject to income tax examinations for years prior to 2008.
