As permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by ING Institutional Plan Services, LLC on behalf of Reliance Trust Company, the custodian, except for comparing such information with the related information included in the financial statements and supplemental schedule. The plan administrator has obtained certifications from the custodian as of December 31, 2010 and 2009 and for the years then ended that the information provided to the plan administrator by the custodian is complete and accurate.

1. DESCRIPTION OF PLAN

The following description of the Earth Friendly Products 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Venus Laboratories, Inc. (doing business as Earth Friendly Products) (the Company) who have three months of service and are age 18 or older; they are eligible to participate on the first day of the quarter. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 92% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Investment Options

Participants may direct all their contributions among one or more funds subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the plan provisions.

Participant Accounts

Each participant's account is credited with the participant's contribution, plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon.

1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Under certain conditions participants may receive a hardship distribution.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements is in conformity with accounting principles generally accepted in the United States of America and requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

Subsequent events are events or transactions that occur after year end but before financial statements are issued or are available to be issued. These events and transactions either provide additional evidence about conditions that existed at year end, including the estimates inherent in the process of preparing financial statements (that is, recognized subsequent events), or provide evidence about conditions that did not exist at year end but arose after that date (that is, nonrecognized subsequent events).

The Plan has evaluated subsequent events through November 1, 2013, which was the date that these financial statements were available for issuance, and determined that there were no significant nonrecognized subsequent events through that date.

3. INVESTMENTS

Investments that represent 5% or more of the Plan's net assets are separately identified below as of either or both year ends.

	2010	2009
Invesco Van Kampen Comstock Fund	$ 201,235	$ 215,223
Legg Mason ClearBridge Tactical Dividend Income Fund	224,751	242,793
Legg Mason Batterymarch US Small Cap Equity Portfolio Fund	75,447	68,744
ING MFS Total Return Portfolio	85,993	78,565
Legg Mason Western Asset Global High Yield Fund	96,734	89,239
Invesco Van Kampen Capital Growth Fund CL A	117,588	106,938
Invesco European Growth Fund	69,749	-
Western Asset Money Market Fund	214,050	197,527

During 2010 and 2009, the Plan's investments (including investments bought, sold, and held during the year) appreciated in value by $127,573 and $255,145, respectively.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) guidance on fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

5. CERTIFICATION OF FINANCIAL INFORMATION

The following financial data included in the accompanying financial statements and supplemental schedule has been certified as complete and accurate by The ING Life Insurance and Annuity Company on behalf of Reliance Trust Company, the custodian of the Plan, and has not been audited by the independent auditors for the Plan: investments at fair value, net appreciation in fair value of investments, and dividends.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

7. TAX STATUS

The Company adopted a standardized prototype from The ING Life Insurance and Annuity Company. This plan received a determination letter from the Internal Revenue Service on March 31, 2008 stating that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed in compliance with the applicable requirements of the IRC. The Company has identified an operational failure with respect to the Plan. This failure relates to the Plan's coverage of leased employees. The plan administrator and legal counsel for the Company are currently working to resolve the issues. The Company will make an estimated $15,000 contribution to the Plan to correct the operational failure. The Company is working with legal counsel to ensure all appropriate actions are taken to retain the Plan's qualification status in accordance with the Internal Revenue Service plan correction procedures.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010 and 2009, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

8. RELATED PARTY TRANSACTIONS

Certain plan investments are managed by The ING Life Insurance and Annuity Company, on behalf of Reliance Trust Company, the custodian and, therefore, these transactions qualify as party-in-interest. Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2010 and 2009:

Beginning of year	-	-
NET INCOME PER THE 5500	$ 81,401	$ 364,717

11. PROHIBITED TRANSACTIONS

During 2007 and 2010, the Company failed to remit to the Plan's trustee certain employee contributions totaling $5,194 within the period prescribed by Department of Labor's regulations. Delays in remitting contributions to the trustee were due to administrative errors, and the Company has made contributions during 2012 to the affected participants' accounts to compensate those participants for potential lost income due to the delays.
