## **Independent Auditor's Report**

To the Participants and Plan Administrator  
of the Windsong Radiology Group, P.C. 401(k) Pension Plan

### **Report on the Financial Statements**

We were engaged to audit the accompanying financial statements of the Windsong Radiology Group, P.C. 401(k) Pension Plan (the "Plan") which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

### **Basis for Disclaimer of Opinion**

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Principal Life Insurance Company and Principal Trust Company, the asset custodians, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the asset custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the asset custodians as of and for the years ended December 31, 2012 and 2011 that the information provided to the plan administrator by the asset custodians is complete and accurate.

### **Disclaimer of Opinion**

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

### **Other Matter**

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of the year ended December 31, 2012, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

### **Report on Form and Content in Compliance with DOL Rules and Regulations**

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the asset custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

## **401(k) Pension Plan**

### *Notes to Financial Statements*

*December 31, 2012 and 2011*

#### **1. Description of the Plan**

The following brief description of the Windsong Radiology Group, P.C. 401(k) Pension Plan (the "Plan") is provided for general information purposes only. For more complete information, participants should refer to the plan agreement.

**General** – The Plan was established effective October 20, 1986 and is sponsored by Windsong Radiology Group, P.C. (the "Company"). The Plan is a contributory defined contribution plan and covers substantially all full-time, non per-diem employees of the Company. Employees become eligible to participate in the Plan on the first day of the quarter following the completion of one year of service and attainment of 21 years of age. Employees actively employed on the last day of the plan year are eligible to participate in discretionary employer contributions if they complete 1,000 hours of service during the respective plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

**Contributions** – Contributions to the Plan are made by the participants through pre-tax and after-tax salary reduction contributions, and by the Company through employer matching contributions and discretionary employer contributions. Participants may elect to contribute a specific percentage of their compensation between 1% and 100%, subject to certain limitations under Sections 401(k) and 415 of the Internal Revenue Code. Participants who are age 50 and over are able to elect to contribute an additional amount as a catch-up contribution allowed under Section 414(v). Forfeitures are used to reduce future employer contributions. Included in participant contributions for the year ended December 31, 2012 are \$6,338 that are considered rollovers from other qualified plans.

The Plan requires the Company to match 25% of the participant's contribution, for a maximum match of 1% of compensation.

During the year ended December 31, 2012, the Company provided a discretionary contribution to eligible employees equal to 12.200% of each radiologist or member of executive management's gross wages and 4.276% of all other employee's gross wages.

**Participant Accounts** – Individual accounts are maintained for each plan participant. Participant accounts are increased by participant contributions, the Company's contributions, and the participant's share of any plan earnings. Participant accounts are decreased by participant distributions and the participant's share of plan expenses and losses. The allocation of earnings and losses to participant accounts is based on procedures set forth in the plan document. Upon death, disability, retirement or termination of employment, the vested benefits of a participant are calculated based on the valuation of their account at the date of distribution.

**401(k) Pension Plan**  
*Notes to Financial Statements (continued)*  
*December 31, 2012 and 2011*

**1. Description of the Plan (continued)**

***Investment Allocation*** – The investments are allocated to any combination of various investment securities, as directed by the participants.

***Vesting*** – Participants are fully vested immediately in their and the Company's matching contributions plus actual earnings thereon. Participants are vested in the Company's discretionary contributions according to the following schedule:

| <u>Years of Service</u> | <u>Percentage</u> |
|-------------------------|-------------------|
| Less than 2 years       | 0%                |
| 2 years                 | 20%               |
| 3 years                 | 40%               |
| 4 years                 | 60%               |
| 5 years                 | 80%               |
| 6 years                 | 100%              |

If a participant is employed by the Company on the participant's normal retirement date (age 65), the date the participant becomes permanently disabled or the date that participant dies, the participant's vested interest in their account balance will be 100%.

***Payment of Benefits and Withdrawals*** – Withdrawals during employment from participant accounts are limited to cases of extraordinary financial hardship, as defined by the Plan, and represent taxable distributions to the participant.

***Notes Receivable From Participants*** – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 5.25 percent to 8.00 percent, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

***Income Taxes*** – The prototype plan sponsor, Principal Life Insurance Company, has obtained an opinion letter dated March 31, 2008 in which the Internal Revenue Service stated that the prototype plan document was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter and has not received a determination letter specific to the Plan itself, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in accordance with the Internal Revenue Code. Accordingly, no provision has been recorded for income taxes.

## **401(k) Pension Plan**

*Notes to Financial Statements (continued)*

*December 31, 2012 and 2011*

### **1. Description of the Plan (continued)**

***Income Taxes (continued)*** – Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012 and 2011, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

***Plan Termination*** – The Company may elect to discontinue the Plan at any time. Upon any such termination, the Company will distribute the Plan's assets to participants in accordance with the terms of the plan document.

### **2. Significant Accounting Policies**

***Basis of Accounting*** – The financial statements of the Plan are prepared on the accrual basis of accounting.

***Valuation of Investments*** – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

***Investment Income*** – Net appreciation or depreciation in the fair value of investments includes both realized gains and losses and unrealized appreciation and depreciation on the fair value of investments. Interest and dividend income is recognized as earned. Investment transactions are accounted for on the trade date.

***Notes Receivable From Participants*** – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

***Benefit Payments*** – Benefits are recorded when paid.

**401(k) Pension Plan**  
*Notes to Financial Statements (continued)*  
*December 31, 2012 and 2011*

**2. Significant Accounting Policies (continued)**

***Party-in-Interest Transactions*** – Certain plan investments are shares of pooled separate accounts and guaranteed interest accounts managed by Principal Life Insurance Company, an asset custodian, and accordingly qualify as party-in-interest transactions.

***Administrative Expenses*** – During the plan year ended December 31, 2012, the necessary expenses to administer the Plan were paid primarily out of plan assets.

***Management Estimates*** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits, changes therein and disclosure of contingent net assets at the date of the financial statements. Actual results could differ from those estimates.

***Risks and Uncertainties*** – The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the balances of participant accounts and the amounts reported in the statements of net assets available for benefits.

***Subsequent Events*** – The Plan has evaluated subsequent events through September 10, 2013, the date the financial statements were available to be issued and has identified no subsequent events for recognition or disclosure.

**3. Fair Value**

The Financial Accounting Standards Board ("FASB's") standard on fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standard are described as follows:

***Level 1*** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*December 31, 2012 and 2011*

**3. Fair Value (continued)**

*Level 2* – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

*Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used as of December 31, 2012 and 2011.

The Plan's investments are stated at fair value, based on the following methodologies.

*Pooled Separate Accounts* – Valued at the net asset value calculated based on the net assets of the underlying portfolio of securities determined by publicly quoted pricing inputs, some of which were obtained from pricing services.

*Mutual Funds* – Valued at current market value as measured by quoted market prices in an active market.

*Guaranteed Interest Account* – Valued at the contract value adjusted to reflect current market interest rates to the extent that such market rates exceed crediting rates, which is representative of fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**3. Fair Value (continued)**

***Level 3 Gains and Losses (continued)***

Gains and losses (realized and unrealized) included in changes in net assets for the year ended December 31, 2012 are reported in net appreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits.

In estimating the fair value of the Plan's Level 3 assets, plan management may use third-party sources or appraisers. In substantiating the reasonableness of the pricing data provided by third parties, plan management evaluates a variety of factors including review of methods and assumptions used by external sources, existing contracts, economic conditions, and industry and market developments.

***Changes in Fair Value Levels*** – The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the actual date of the event or change in circumstances that caused the transfer.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no significant transfers in or out of levels 1, 2 or 3 during the year ended December 31, 2012.
