NOTE 1 DESCRIPTION OF THE PLAN

The following description of the MEDTOX Laboratories, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan with a 401(k) feature sponsored by MEDTOX Laboratories, Inc. (Employer) and was established on January 1, 1989. The Plan was last restated effective November 3, 2009 and amended effective January 1, 2010. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan covers substantially all employees who have completed at least one month of service and attained age 18. At the beginning of every month, all eligible employees who have met the age and service requirements are admitted to the Plan and are eligible to make salary deferrals and participate in the matching contributions. Employees are also eligible to participate in the Employer discretionary non-elective contribution if they work 501 hours in a year and are an active employee on the last day of the Plan year. The Plan excludes leased employees, nonresident aliens with no U.S. source income, residents of Puerto Rico, and employees covered by a collective bargaining agreement. Employees of MEDTOX Diagnostics, Inc. are also permitted to participate under the provisions of the Plan.

On June 27, 2012, the Board of Directors authorized the merger of assets from the Plan to Laboratory Corporation of America Holdings 401(k) Plan. On January 31, 2013, assets in the amount of $20,720,450 were transferred from the Plan to the Laboratory Corporation of America Holdings 401(k) Plan. Effective Janauary 1, 2013, participants in the Medtox Laboratories, Inc. 401(k) Plan were eligible to participate in the Laboratory Corporation of America Holdings 401(k) Plan.

Contributions

The Plan provides for the following contributions:

Elective Deferrals

A participant may make elective pre-tax deferral contributions up to 50% of eligible compensation, subject to limitations established by the Internal Revenue Code (IRC). In addition, participants may elect to defer up to 100% of any cash bonuses as deferral contributions. Participants may also elect to make after-tax Roth contributions.

Rollover Contributions

Active participants who receive a distribution in a lump sum from a former employer's qualified retirement plan or from a conduit individual retirement account, subject to certain requirements, may deposit the distribution with the Plan.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

Employer Matching Contribution

The Employer may make a discretionary matching contribution which is determined annually based on a percentage of employee pretax contributions. The Employer allocated a matching contribution of 50% of the first 4% of compensation an employee contributed to the Plan for the years ended December 31, 2012 and 2011.

Employer Discretionary Non-Elective Contribution

The Employer may make a discretionary non-elective contribution (using a non-integrated formula) to eligible participants. The Plan allocates the contribution on a compensation-to-compensation basis, which means that a participant's proportionate share of the contribution is equal to the proportion that the participant's compensation for the year bears to the compensation of all participants for the year. There were no Employer discretionary non-elective contributions for the years ended December 31, 2012 and 2011.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocation of the Employer's contributions, allocation of Plan earnings or losses, and an allocation of forfeitures of terminated participant's non-vested accounts. Allocations are based on participant earnings or account balances, as defined. Income is allocated daily based on number of shares in the participant's account.

Vesting

A participant is immediately fully vested in elective deferrals, rollover contributions, and transfer contributions. A participant vests in Employer matching contributions and Employer discretionary non-elective contributions according to the following schedule, except in the events of reaching normal retirement age, Plan termination, freezing of contributions to the Plan, death, disability, or early retirement, in which cases the participant vests fully in such contributions.

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or More	100%

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Upon termination of service, death, disability, retirement (age 65), the participant may receive the value of vested interest in their account in the form of a lump-sum distribution or installment payments. If a participant terminates employment and the participant's account balance is not greater than $1,000, the Plan administrator will authorize the benefit payment without the participant's consent. The Plan also allows for in-service withdrawals in the case of financial hardship, as defined in the Plan, or at age 59½.

Notes Receivable from Participants

Participants may borrow from their vested accounts a minimum of $1,000 up to a maximum equal to the lesser of one-half of the participant's vested account balance or $50,000. Note terms range from one year up to five years. The notes are secured by the balance in the participant's account. All notes shall bear a reasonable rate of interest as determined by the Plan administrator based on the prevailing interest rates charged by persons in the business of lending money for notes which would be made under similar circumstances. The interest rate shall remain fixed throughout the duration of the note. Principal and interest are paid through payroll deductions. At December 31, 2012, interest rates on outstanding notes ranged between 4.25% and 8.25%. On January 31, 2013, all outstanding notes were transferred to an affiliated plan.

Forfeitures

Forfeitures are first used to pay Plan expenses and then to reduce Employer contributions. There were no forfeitures used to pay Plan expenses during 2013, 2012 and 2011. There were $-0-, $28,915 and $19,045 in forfeitures used to reduce Employer contributions during 2013, 2012 and 2011, respectively. The balance of the forfeiture account at January 31, 2013, December 31, 2012 and December 31, 2011 was $-0-, $2,336 and $1,915, respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared under on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value of Financial Instruments

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at January 31, 2013, December 31, 2012 and 2011.

Valuation of Investments and Income Recognition

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end. Investment in the collective trust fund is valued using the NAV of units, which are based on observable market prices for the underlying assets, held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Valuation of Investments and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of benefits paid, notes receivable from participants and other administration are charged directly to the participant's account and are included in the administrative expenses. Investment related expenses are included in the net appreciation (depreciation) of fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of income and expense during the reporting period. Actual results could differ from those estimates. There were no significant estimates made by management in the preparation of the financial statements.

Benefit Payments

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 1, 2013, the date the financial statements were available to be issued.

NOTE 3 INFORMATION CERTIFIED BY PLAN TRUSTEE

The Plan's trustee, Fidelity Management Trust Company, has supplied the Plan administrator with certifications as to the completeness and accuracy of the notes receivable from participants and all the investment information presented in the accompanying statements of net assets available for benefits as of January 31, 2013, December 31, 2012 and December 31, 2011, the statements of changes in net assets available for benefits for the month ended January 31, 2013 and years ended December 31, 2012 and 2011, and the supplemental schedule of assets (held at end of year) as of December 31, 2012.

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31:

	2012			
Investment Type	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective Trust Fund - Preservation	$ 1,693,511	$ -	Daily	Daily

	2011			
Investment Type	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective Trust Fund - Preservation	$ 1,743,504	$ -	Daily	Daily

The Collective Trust Fund's objective is to protect principal while providing a higher rate of return than shorter maturity investments, such as money market funds or certificates of deposit. To achieve this, the Fund invests in a fixed-income security or portfolio of fixed-income securities and a value guarantee (wrapper) provided by a third party.

NOTE 5 INVESTMENTS

The following table presents investments that represent 5% or more of the net assets available for the benefits at December 31:

	December 31, 2012	December 31, 2011
Mutual Funds (at Fair Value)		
Janus Balanced Fund	$ 1,373,903	$ 1,292,910
Fidelity Advisor Freedom 2030 Fund	1,065,622	*

Collective Trust Fund (at Contract Value)		
Wells Fargo Stable Value Fund M	1,645,723	1,699,322

** Investment did not exceed the 5% threshold of net assets available for benefits for the year.*

During 2013, 2012 and 2011, the Plan's investments (including investments bought, sold, and held during the year) appreciated (depreciated) in value by the following:

Investment Type	2013	2012	2011
Mutual Funds (Quoted Prices)	$ 700,363	$ 1,615,041	$ (828,314)
Collective Trust Fund (Estimated Fair Value)	1,730	24,939	14,199
Net Appreciation (Depreciation) in Fair Value	$ 702,093	$ 1,639,980	$ (814,115)

NOTE 6 PLAN TERMINATION

On June 27, 2012, the Board of Directors authorized the merger of assets from the Plan to Laboratory Corporation of America Holdings 401(k) Plan (see Note 1).

NOTE 7 PLAN TAX STATUS

The Plan adopted a volume submitter defined contribution plan which received a favorable determination letter from the Internal Revenue Service (IRS) on March 31, 2008 which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since relying on the volume submitter determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of January 31, 2013, December 31, 2012 and December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan provides for investment in a variety of investment funds. In general, investments are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 TRANSACTIONS WITH PARTIES-IN-INTEREST

The investments are managed by Fidelity Management Trust Company, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest.

A former director of the Employer was also a director of Heartland Funds. There were two Heartland Funds offered as investment options within the Plan. Therefore, the transactions with these funds qualify as party-in-interest. There is no compensation or fees received by the director with the investment of the funds.
