INDEPENDENT AUDITORS' REPORT

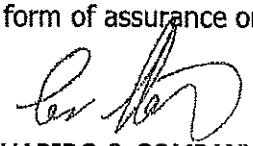

Trustees of the
Medpoint Management, Inc. 401(k) Plan
Woodland Hills, California

We were engaged to audit the statements of net assets available for benefits of the Medpoint Management, Inc. 401(k) Plan (the "Plan") as of December 31, 2011, and the statement of changes in net assets available for benefits for the year ended December 31, 2011, and the schedules provided pursuant to the Department of Labor Rules and Regulations (Schedule H-Part IV(4)(i)) which is provided for supplementary purposes only. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Retirement Services Division of Massachusetts Mutual Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the December 31, 2011 financial statements and schedules. The plan administrator has informed us that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The statement of net assets available for benefits as of December 31, 2010 were prepared by the Retirement Services Division of Massachusetts Mutual Life Insurance Company, and we did not audit or review those financial statements and, accordingly, express no opinion or other form of assurance on them.

NOTE 1 – PLAN DESCRIPTION

The following brief description of the Medpoint Management, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more specific provisions.

General

The Plan is a defined contribution plan covering all full time employees of Medpoint Management, Inc. (the "Company") who have completed 90 days of service as defined in the plan articles. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and meets the requirements of Internal Revenue Code Section 401(k).

Contributions

Each year, participants may contribute from 1% to 100% of pretax annual compensation, subject to the annual limits of Code Sections 401(k), 404 and 415.
Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions (rollovers) from other qualified defined benefit or contribution plans. Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan does not provide for any employer matching contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions plus actual earnings thereon.

Payment of Benefits

On termination of service due to retirement, death, disability, or other reasons, a participant may receive his or her benefits in lump sum amount equal to the value of his or her account.

Investments Options

The Plan permits the participants to direct the investment of their accounts to certain investment categories of the custodian, Retirement Services Division of Massachusetts Mutual Life Insurance Company.

NOTE 1 – PLAN DESCRIPTION (continued)

Loans

Under certain circumstances, participant loans are permitted under the Plan. The minimum loan amount is $1000. The maximum loan amount is of the lesser of (a) $50,000 or (b) 50% of the participant's vested account balance.

Loan transactions are treated as a transfer from the investment fund to the participant loan fund. Loans are fully amortized and must be repaid before the earlier of (a) 5 years from the date of the loan or (b) prior to the participant's normal retirement age. A loan for the purchase of a principal residence of the participant may be paid back over a longer repayment term at the discretion of the administrator, but will not go beyond a participant's normal retirement age. The loans are secured by the balance in the participant's account and bear interest of 4.25% to 8.75%, which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is ratably paid through payroll deductions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The assets of the Plan are stated at fair value as of December 31, 2011 and 2010. Receivables are stated at their face value and the financial statements of the Plan are prepared under the accrual method of accounting.

Valuation of Investments

The Plan's investments are stated at fair value as determined by Retirement Services Division of Massachusetts Mutual Life Insurance Company, except for participant loans. The participant loans are valued at cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Realized Gain on Investments

The realized gain or loss on investments is determined using the carrying value of the asset as its basis, which is the fair value at the beginning of the year or its cost if acquired during the year, plus reinvested earnings.

Expenses

All expenses of the plan are allocated to the participants based on the value of the account balances.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent Events

The company evaluated subsequent events and transactions for potential recognition of disclosure in the financial statements through September 28, 2012, the date the financial statements were issued, and did not identify any significant events that warrant additional disclosure.

NOTE 3 – FAIR VALUE MEASUREMENTS

The following information included in the accompanying financial statements and schedules were obtained from data that has been prepared and certified to as complete and accurate by the custodian. The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses the appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

NOTE 3 – FAIR VALUE MEASUREMENTS (continued)

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at the year-end.

Level 3 Fair Value Measurements

MassMutual Retirement Services (MMRS) general investment account investment option for defined contribution plans is a guaranteed interest account provided through a group annuity contract. Under the terms of the group annuity contract, a crediting rate is established for amounts invested in the guaranteed interest account.

For those assets with fair value measured using Level 3 inputs, the plan administrator determines the fair value measurement policies and procedures in consultation with the Company's chief financial officer and the Plan trustee. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and third party information. MassMutual gave the plan the option of using either: (a) the Moody's market value formula without regard to capital gains and losses, or (b) the Barclays market formula including an adjustment for capital gains or losses, depending on which produces a higher value. As of December 31, 2011, the Barclays market value formula produced a higher value than the Mood's market value formula. Accordingly, this good faith estimate of Fair Value presented below is based on the Barclays market value formula even though it may not be presently included in your contract.
