NOTES TO FINANCIAL STATEMENTS

APRIL 5, 2013 AND DECEMBER 31, 2012

NOTE A – PLAN DESCRIPTION

PLAN TERMINATION – On December 13, 2012, the Board of Directors of Charter Films, Inc., the Plan's sponsor, resolved to terminate the Plan as soon as possible following the sale of the Plan sponsor's assets on December 21, 2012. Final distributions to participants were made on April 5, 2013 and were determined based on all participants being 100% vested. Accordingly, the accompanying financial statements for 2013 have been prepared as of April 5, 2013 and for the period from January 1, 2013 through April 5, 2013. Participants with outstanding loans were able to transfer their loans to the retirement plan of the company purchasing the assets of the Plan sponsor. In accordance with accounting principles generally accepted in the United States of America, the Plan changed its basis of accounting used to value Plan assets from the ongoing plan basis to the liquidation basis in 2012.

The following description of the Charter Films, Inc. 401(k) Savings Plan and Trust provides only general information with respect to the Plan's provisions through April 5, 2013. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL – The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employees are eligible to participate in the Plan and make elective contributions after attaining age 18 and completing six months of service, as defined. Employees are eligible to participate in nonelective contributions and safe harbor contributions by the employer after attaining age 18 and completing one year of service, as defined. Union employees and certain nonresident aliens are not eligible to participate in the Plan. The plan administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

CONTRIBUTIONS – Upon reaching eligibility, employees are automatically enrolled in the Plan at 3% of eligible compensation unless an election is made to waive enrollment. Participants may contribute up to the federal statutory maximum of pretax annual compensation. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Eligible employees receive a safe harbor contribution from the employer equal to 3% of the participant's compensation, as defined. Additional nonelective contributions may be made at the option of the employer and are invested in a portfolio of investments as directed by the employer. Nonelective contributions are allocated to participants based on compensation. Contributions are subject to certain IRS limitations.

CHARTER FILMS, INC.
401(k) SAVINGS PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

APRIL 5, 2013 AND DECEMBER 31, 2012

NOTE A – PLAN DESCRIPTION – Continued

PARTICIPANT ACCOUNTS – Each participant in the Plan has an individual account balance representing their interest in the Plan. Each participant's account is credited with the participant's contributions and an allocation of the employer contributions and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses. Allocations of Plan earnings or losses and administrative expenses are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING – Participants are immediately vested in their contributions and employer safe harbor contributions plus actual earnings thereon. Vesting in the employer discretionary and nonelective contributions plus actual earnings thereon is based on credited years of service, as defined. A participant is 100% vested after six years of credited service.

FORFEITURES – Upon a participant's termination of employment before normal retirement, disability, or death, the portion of their discretionary and nonelective employer contributions not then vested shall be forfeited. The forfeited portion of any participant's account will be allocated to eligible participants based on compensation. Forfeitures totaling \$33,728 were reallocated to eligible participants during 2013.

NOTES RECEIVABLE FROM PARTICIPANTS – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 2% above prime (5.25% at December 31, 2012). The loans are repayable from payroll deductions over the term of the loans, not to exceed five years. Participants pay a \$150 loan origination fee from their remaining vested account balance in addition to the requested loan amount.

PAYMENT OF BENEFITS – Upon termination of service, due to death, disability, retirement or for other reasons, a participant may receive either a lump-sum or installment payments equal to the value of his or her vested account balance. Those participants that have account balances of \$5,000 or more upon termination may elect to leave their balances in the Plan.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the preparation of the accompanying financial statements is set forth below.

BASIS OF ACCOUNTING – The Plan changed to the liquidation basis of accounting from the ongoing plan basis when the decision was made to terminate the Plan in December 2012, as described in Note A.

CHARTER FILMS, INC.
401(k) SAVINGS PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

APRIL 5, 2013 AND DECEMBER 31, 2012

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

USE OF ESTIMATES – The preparation of financial statements requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note C for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis.

Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

BENEFIT PAYMENTS – Benefits are recorded when paid.

OTHER – Audit fees and certain other administrative expenses are paid by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Certain administrative functions are performed by officers or employees of the Plan sponsor. No such officer or employee receives compensation from the Plan.

SUBSEQUENT EVENTS – The Plan has evaluated subsequent events through November 18, 2013, the date the financial statements were available to be issued.

NOTE C – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

CHARTER FILMS, INC.
401(k) SAVINGS PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

APRIL 5, 2013 AND DECEMBER 31, 2012

NOTE C – FAIR VALUE MEASUREMENTS – Continued

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012.

Common Stocks and Investments in Publicly Traded Limited Partnerships: Valued at the closing price reported on the active market on which the investments are traded.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE F – TAX STATUS

The employer has adopted a nonstandardized prototype plan sponsored by First National Bank Omaha. The Internal Revenue Service (IRS) has informed First National Bank Omaha by a letter dated March 31, 2008 that the form of the Plan is acceptable under section 401 of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

NOTE F – TAX STATUS - Continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to income tax examinations for years prior to 2011.

NOTE G – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Plan investments, consisting of mutual funds with fair values of \$393,577 at December 31, 2012 were managed by an investment group affiliated with First National Bank Omaha. Fees incurred by the Plan to First National Bank Omaha, which are included in administrative expenses, amounted to \$2,624 for the period ended April 5, 2013. First National Bank Omaha is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.
