Auditor's Responsibility for the 2013 Financial Statements

Our responsibility is to express an opinion on the 2013 financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. Because of the matter described in the Basis for Disclaimer of Opinion on the 2012 Financial Statements paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Samuel Adams Pennsylvania Brewery Company 401(k) Plan

Notes to Financial Statements

For the Day Ended January 1, 2013

1. Description of the Plan

The following description of the Samuel Adams Pennsylvania Brewery Company (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

Effective June 2, 2008, Samuel Adams Pennsylvania Brewery Company adopted the Plan, a salary reduction plan pursuant to Section 401(k) of the Internal Revenue Code (the Code), for all eligible employees who are at least 21 years of age, and who have at least thirty days of service, as defined in the Plan.

During 2012, Fidelity Management Trust Company and Fidelity Workplace Services (Fidelity) served as the trustee and recordkeeper of the Plan, respectively. The Plan transferred participant accounts and investments from Fidelity to Putnam Investments, as the new plan record-keeper and custodian, effective January 1, 2013.

Effective January 1, 2013, the net assets of the Plan were merged into the Boston Beer Company 401(k) Plan.

Effective January 1, 2013, the Company merged the Plan into the Boston Beer Company 401(k) Plan, another plan sponsored by the Boston Beer Company. Employees of the Samuel Adams Pennsylvania Brewery Company began participating in the Plan effective January 1, 2013. As a result of this merger, net assets in the amount of \$8,475,299 were transferred to the Boston Beer Company 401(k) Plan as of the effective date.

Contributions

Participants may make contributions from 1% to 60% of their compensation, subject to certain limitations of the Code, as defined in the Plan. Employees over age 50 may contribute an additional \$5,500 in catch-up contributions for 2012 and 2013.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

The Plan provides for automatic enrollment, whereby an eligible employee is enrolled in the Plan thirty days after he or she satisfies the Plan's eligibility requirements. This feature automatically enrolls each participant into the Plan at a default rate of 3% of his or her eligible compensation on a pre-tax basis. Contributions are allocated to the Qualified Default Investment Alternative if the participant has not made an affirmative investment election. Following the first year, the rate of contribution of an eligible employee's compensation under the automatic enrollment feature increases annually in 1% increments, up to a maximum of 6%. Participants receive advance notice of their right to elect out of both of these automatic Plan features, and are permitted to stop or change either feature at any time.

The Company contributes 100% of the first 1% of eligible compensation contributed by employees, plus 50% of employee contributions in excess of 1%, up to the first 6% of eligible compensation. The company match is discretionary. The Company may also make a discretionary profit-sharing contribution annually, which is approved by the Board of Directors. The Company made no matching or profit-sharing contribution in 2013.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions, and plan earnings, and is charged with an allocation of applicable expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account, subject to vesting restrictions.

Vesting

Participants are immediately vested in their voluntary contributions and any rollover contributions, plus actual earnings thereon. Participants become vested in Company contributions according to the following schedule:

<u>Years of Service for Vesting</u>	<u>Vested Percentage</u>
0 to 2	0%
2 or more	100

Samuel Adams Pennsylvania Brewery Company 401(k) Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

If an employee terminates before becoming vested, aggregate Company contributions and investment income thereon are forfeited. Forfeitures are used to reduce subsequent Company contributions and/or administrative expenses required under the Plan. There were no forfeitures utilized to offset the Company's matching contribution or administrative expenses for the day ended January 1, 2013. Forfeitures utilized to offset the Company's matching contribution for the year ended December 31, 2012 were \$18,189. For the year ended December 31, 2012, forfeitures used to offset administrative expenses amounted to \$13. There were no forfeitures remaining for the day ended January 1, 2013. Forfeitures available at December 31, 2012 of \$2,582 were transferred to the Boston Beer Company 401(k) Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000, or 50% of their vested account balance. Loan terms range from one to five years, or up to ten years for the purchase of a primary residence, not to exceed ten years. The loans are secured by the vested balance in the participant's account, and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through regular payroll deductions.

Benefits

Employees are permitted to withdraw funds from their accounts upon attaining the age of 59 1/2, retirement, termination, financial hardship, disability, or death. The participant or beneficiary may receive a lump-sum cash payment or installment payments.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In the event of a Plan termination, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion of fair value measurements.

Investments in mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Substantially all administrative expenses are paid by the Company. Expenses relating to notes receivable from participants and investment fees are deducted directly from participant accounts, or charged to the particular fund to which the expenses relate.

Samuel Adams Pennsylvania Brewery Company 401(k) Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of January 1, 2013 and December 31, 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Subsequent Event (Plan Merger)

Subsequent Events

Management evaluated subsequent events for the Plan through November 22, 2013, the date the financial statements were available to be issued.

3. Investments

For the year ended December 31, 2012, all investment information disclosed in the accompanying financial statements, including investments held and notes receivable from participants at December 31, 2012, and net appreciation in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the year ended December 31, 2012, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

Samuel Adams Pennsylvania Brewery Company 401(k) Plan

Notes to Financial Statements (continued)

3. Investments (continued)

There were no individual investments that represented 5% or more of the Plan's net assets available for benefits at January 1, 2013 and December 31, 2013.

4. Fair Value Measurements

ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1), and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value by the Plan. There have been no changes in the valuation methodologies used as of January 1, 2013 and December 31, 2012.

Mutual funds

Valued at the quoted market price of shares held by the plan at year end.

Samuel Adams Pennsylvania Brewery Company 401(k) Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no investments held by the plan at January 1, 2013. The following table sets forth by level, within the fair value hierarchy, the Plan's investments carried at fair value as of December 31, 2012:

	Assets at Fair Value as of December 31, 2012			
	Level 1	Level 2	Level 3	Total
Mutual funds:				
Domestic ¹	\$ 1,315,755	\$ –	\$ –	\$ 1,315,755
Total assets at fair value	\$ 1,315,755	\$ –	\$ –	\$ 1,315,755

¹ Represents funds with a majority of country diversification in the United States

5. Related-Party Transactions

For the year ended December 31, 2012, the Plan held shares of mutual funds managed by Fidelity Management Trust Company, the trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

6. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS), dated June 2, 2011, stating that the Plan is qualified under Section 401(a) of the Code, and therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt.

Samuel Adams Pennsylvania Brewery Company 401(k) Plan

Notes to Financial Statements (continued)

6. Income Tax Status (continued)

GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of January 1, 2013 and December 31, 2012, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.
