EMPLOYEES 401(K) PLAN, which comprise the statement of net assets available for benefits as of April 30, 2013, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by MG Trust Company, LLC, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of and for the year ended April 30, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements referred to in the first paragraph.

Other Matter - Supplemental Schedule

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of April 30, 2013, which is

the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2013 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Their report, dated September 6, 2012, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole, and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

For the years ended April 30, 2013 and 2012, the Company made discretionary matching contributions of 3% of eligible participant compensation up to a maximum of $1,000. Discretionary matching contributions of $94,826 and $92,645 were made during the years ended April 30, 2013 and 2012, respectively.

Participant Accounts and Allocations – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's discretionary matching contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – A participant's vested interest in his or her rollover and employee contribution account balance is 100% at all times. In the event of death, disability, or retirement at designated ages, participants become fully vested in Company contributions. A participant's vested interest in Company matching contributions is determined in accordance with the following schedule:

Vesting Service (whole years)	Vested Percentage
Less than 2	0%
2-3	20%
3-4	40%
4-5	60%
5-6	80%
6 or more	100%

1. Description of Plan (Cont.)

Payment of Benefits – On termination of service, a participant may elect to receive a single, lump-sum payment equal to the value of his or her vested account balance, installments over a specified period of time, or a direct rollover distribution. Participants may elect to withdraw any funds upon attaining age 59½ or becoming disabled. Participants with account balances less than $5,000 automatically receive a lump-sum distribution of their vested balance upon termination of employment.

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 5.25% to 10.25%, which is commensurate with local prevailing rates for this type of loan as determined by the plan administrator. The loan period cannot exceed five years, unless the proceeds of the loan are used to purchase a primary residence.

Forfeitures – All forfeitures will be applied to reduce employer discretionary matching contributions to the Plan or to pay the Plan's ordinary and necessary administrative expenses during the plan year. Any remaining forfeitures are to be allocated to participants in the manner described in the Plan.

For the years ended April 30, 2013 and 2012, forfeiture balances of $1,000 and $3,184, respectively, were used to offset employer contributions to the Plan. At April 30, 2013 and 2012, forfeited amounts of $2,180 and $1,000, respectively, were available to offset future employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are stated at fair value as further described in Note 5. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Certain investment management fees are included in the net appreciation (depreciation) in fair value of investments.

Fully Benefit-Responsive Investment Contract – Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common/collective trust. The statement of net assets available for benefits presents the fair value of the collective trust as well as the adjustment of the investment in the

collective trust from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on the contract value basis. Contract value represents contributions made under the contract plus earnings, less withdrawals and administrative expenses. For the years ended April 30, 2013 and 2012, the average yield earned by the fund was 4.34% and 6.45%, respectively. The crediting rate to participants for the years ended April 30, 2013 and 2012 was 2.74% and 3.37%, respectively.

Payment of Benefits – Benefit payments to participants are recorded when paid.

Administrative Expenses – Certain plan administrative expenses are paid by the Company. All loan, transaction, and investment custodial fees are paid by the Plan.

Notes Receivable from Participants – Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

Fair Value Measurements – In May 2011, the Financial Accounting Standards Board issued guidance in Accounting Standards Update No. 2011-04, *Fair Value Measurements (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs* (ASU No. 2011-04). ASU No. 2011-04 was issued to improve comparability of fair value application, measurements and disclosures between U.S. GAAP reporting and IFRS reporting. ASU No. 2011-04 clarifies fair value definitions and enhances fair value measurement guidance with respect to highest and best use measurements, equity instrument measurements, and measurement of financial instruments that are managed within a portfolio. Additionally, ASU No. 2011-04 expands disclosures for unobservable inputs used in Level 3 fair value measurements. ASU No. 2011-04 is effective for annual periods beginning after December 15, 2011. The Plan has adopted this guidance in its year ending April 30, 2013.

3. Information Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, MG Trust Company, LLC, the trustee of the Plan, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, with the exception of the fully benefit-responsive investment contract which was certified at contract value, as shown in the statements of net assets available for benefits as of April 30, 2013 and 2012.

- Dividend income, net appreciation (depreciation) in fair value of investments, and interest from participant notes receivable as shown in the statements of changes in net assets available for benefits for the years ended April 30, 2013 and 2012.

- The investments, at fair value, excluding the fully benefit-responsive investment contract in the common/collective trust, which was certified at contract value, included in the supplemental schedule of assets (held at end of year) as of April 30, 2013.

	2013	2012
Registered investment companies	$ 1,454,800	$ (216,626)
Common/collective trust	12,086	14,147
	$ 1,466,886	$ (202,479)

5. Fair Value Measurements

Generally accepted accounting principles provide a uniform framework for the definition, measurement and disclosure of fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The financial accounting standards establish a fair value hierarchy which requires the plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The financial accounting standards describe three levels of inputs that may be used to measure fair value:

Level 1: Quoted market prices (unadjusted) for identical assets or liabilities in active markets that the plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted market prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

5. Fair Value Measurements (Cont.)

Level 3: Significant unobservable inputs that reflect the plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at April 30, 2013 and 2012.

The fair value of shares of registered investment companies is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The fair value of participation units held by the Plan in a common/collective trust is based on its net asset value, as reported by the manager, Reliance Trust Company, and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. The fair value of common/collective trusts that invest only in securities traded on nationally recognized securities exchanges and active dealer markets is classified within Level 2 of the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of April 30, 2013 and 2012:

(a) This common/collective trust invests in a group annuity contract issued by Reliance Trust Company. The primary objective of the fund is to preserve principal while generating earnings at rates competitive over time with short-term high quality fixed income investments. The investment may be redeemed daily, without prior notice, at the current net asset value per share based on the fair value of the underlying assets.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the value of their accounts.

7. Risks and Uncertainties

The Plan provides for investments that, in general, are exposed to various risks such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Transactions with Parties-in-Interest

Fees of $8,763 and $8,888 paid by the Plan for the years ended April 30, 2013 and 2012, respectively, for legal, accounting, and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

9. Income Tax Status

The Plan has adopted a nonstandardized prototype plan sponsored by CPI Qualified Plan Consultants Inc., which received a favorable opinion letter from the Internal Revenue Service dated March 31, 2008. The Plan has been amended since receiving the opinion letter; however, plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to the year ended April 30, 2010.

10. Reclassifications

Certain amounts in the 2012 financial statements have been reclassified to agree with the 2013 presentation with no effect on net assets available for benefits or changes in net assets available for benefits.

11. Subsequent Events

Management has evaluated subsequent events through November 20, 2013, the date which the financial statements were available to be issued.
