Graebel Employees' 401(k) Plan
Aurora, Colorado

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Graebel Employees' 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States (GAAS). Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Trustee as of December 31, 2012 and 2011, and for the years then ended, that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2012, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with GAAS and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Graebel Employees' 401(k) Plan

Notes to Financial Statements

Note 1 Description of Plan

The following description of the Graebel Employees' 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is effective as of October 1, 2011. It is an amendment and restatement of a pre-existing plan which was originally adopted effective January 1, 1990. It is a defined contribution plan covering substantially all full-time employees of Graebel Companies, Inc. and its subsidiaries (the "Companies"). Nonunion production employees become eligible to participate in the Plan on the first day of the month following the attainment of age 21 and completion of one year of service and 1,000 hours. Nonunion administrative employees become eligible to participate in the Plan on the first day of the month following the completion of one hour of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants are allowed to contribute up to 50% of pretax annual compensation, as defined by the Plan, up to the annual maximum allowed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan also allows for Roth contributions (effective October 1, 2011) and automatic enrollment for administrative participants of 3% of eligible pretax compensation if no election or waiver is made by the participant. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, a collective trust, and an option for participant self-directed brokerage accounts, which includes mutual funds and a money market fund, as investment options for participants.

The Companies may make a discretionary matching contribution to each participant based on their elective deferrals in a percentage set by the Companies. There were no discretionary matching contributions made during 2012 or 2011.

Note 1 Description of Plan (Continued)

Contributions (Continued)

The Companies may also contribute a discretionary contribution as determined annually by the Board of Directors. These contributions are allocated to each eligible participant who completes 1,000 hours of service during the plan year and is eligible on the last day of the plan year. The allocation is made on the last day of the plan year in proportion to the participant's compensation for the plan year. There were no discretionary employer contributions made during 2012 or 2011.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Companies' discretionary matching contribution and allocations of (a) the Companies' discretionary contribution and (b) plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings (losses) thereon. The Companies' contributions, plus earnings (losses) thereon, vest at a rate of 25% per year of service beginning with the first year of service. A participant is fully vested in the Companies' contributions after four years of vesting service. The Plan defines a year of vesting service as the completion of 1,000 hours of service in a plan year.

Notes Receivable From Participants

Participants may borrow from their fund accounts up to a maximum of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Interest rates on existing loans range from 3.25% to 9.50%. Principal and interest are paid ratably through payroll deductions or in installments at the end of each payroll period.

Note 1 Description of Plan (Continued)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, annual periodic payments or in an annuity if the account balance is greater than $5,000. If the participant's vested account balance does not exceed $5,000, it can be distributed only in a single lump-sum payment. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59½.

Forfeitures

Plan forfeitures arise as a result of participants who terminate service with the Companies before becoming 100% vested in the Companies' contributions. These forfeitures are used to first pay plan expenses and then reduce future Companies' contributions. The amount of forfeitures available at December 31, 2012 and 2011 were $5,203 and $3,908, respectively. In 2012 and 2011, forfeitures used to offset plan expenses were $5,417 and $5,000, respectively.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Note 2 Summary of Significant Accounting Policies (Continued)

Basis of Accounting (Continued)

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. Contract value for this collective trust is based on the net asset value of the fund as reported by the investment advisor. The statements of net assets available for benefits present the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The statements of changes in net assets available for benefits is prepared on a contract value basis.

Use of Estimates

The preparation of the accompanying financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 Summary of Significant Accounting Policies (Continued)

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

No allowances for credit losses have been recorded as of December 31, 2012 or 2011. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Companies absorb various plan expenses including third-party administration fees, audit fees, and investment advisory fees that exceed available current year forfeitures. Management fees are allocated proportionately to plan participants based on their respective account balances. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and were included in administrative expenses.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2013, which is the date the financial statements were available to be issued.

Note 3 Investments

The following presents investments that represent 5% or more of the Plan's net assets available for benefits.

	December 31,	
	2012	2011
Mutual funds:		
Fidelity Freedom 2020	$ 5,016,619	$ 4,423,490
Fidelity Freedom 2015	4,918,662	4,396,463
Fidelity Freedom 2025	4,469,098	3,600,536
PIMCO Total Return ADM	3,646,843	3,252,133
Fidelity Freedom 2030	3,641,001	3,194,808
Fidelity Freedom 2035	3,279,243	2,567,686
T. Rowe Price Mid-Cap Growth	2,836,593	2,320,731
T. Rowe Price Small-Cap Value	2,426,097	2,058,188
Collective trust - Fidelity Managed Income Portfolio, at contract value	4,135,895	3,604,715

During 2012 and 2011, the Plan's investments (including gains and losses on investments) appreciated (depreciated) in value by as follows:

	Net Change in Fair Value	
	2012	2011
Mutual funds	$ 3,622,471	$ (2,140,921)
Participant self-directed brokerage accounts	8,753	(6,539)

Note 4 Fair Value Measurements

Accounting standards provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4 Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds (including a money market fund). Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Collective trust - Fidelity Managed Income Portfolio. Valued at the NAV of units of the collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. Its objective is to seek the preservation of capital, as well as to provide a competitive level of income over time consistent with the preservation of capital. As of December 31, 2012 and 2011, there are no unfunded commitments on the funds. The funds are able to be redeemed with written notice, on a daily basis, for the years ended December 31, 2012 and 2011. The fund does not require a redemption notice period.

Note 4 Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2012 and 2011:

Graebel Employees' 401(k) Plan

Notes to Financial Statements

Note 5 Information Prepared and Certified by Trustee

The December 31, 2012 and 2011 statements of net assets available for benefits, the investment activities included on the statements of changes in net assets available for benefits for the years ended December 31, 2012 and 2011, the accompanying notes to the financial statements, and the supplemental schedule were prepared in part or entirely from information certified by the Fidelity Management Trust Company ("Fidelity"), the Trustee, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Trustee.

	2012	2011
Investments, at fair value:		
Mutual funds	$ 42,374,707	$ 36,043,511
Collective trust	4,257,740	3,695,870
Notes receivable from participants	1,273,971	1,326,084
Net investment income (loss)	4,815,184	(852,976)
Interest income on notes receivable from participants	60,297	61,145

Note 6 Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the plan document to discontinue its contributions and to terminate or partially terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Companies contributions.

Note 7 Tax Status

The IRS has determined and informed the Companies by a letter dated May 21, 2012, that the Plan and related trust are designed in accordance with applicable sections of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 8 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 Related-Party Transactions

Certain plan investments are managed by Fidelity. Fidelity is the Trustee as defined by the Plan and, therefore, these transactions qualify as party in interest. Fees paid by the Plan for investment services are offset against earnings. Specific detail of fees for investments services is not available from the Trustee.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

The Plan contracted with Mercer to provide investment advisory services and, therefore, these transactions qualify as party in interest. Fees paid to Mercer during 2012 and 2011 by the Plan for these investment advisory services totaled $5,417 and $5,000, respectively.

Note 10 Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2012 and 2011 to Form 5500:

	2012	2011
Net assets available for benefits per the financial statements	$ 47,784,573	$ 41,072,317
Adjustment from fair value to contract value for interest in collective trust related to fully benefit-responsive investment contract	121,845	91,155
Net assets available for benefits per the Form 5500	$ 47,906,418	$ 41,163,472

The following is a reconciliation of total additions per the financial statements for the years ended December 31, 2012 and 2011, to the Form 5500:

	2012	2011
Net increase (decrease) in net assets available for benefits per the financial statements	$ 6,712,255	$ (1,663,483)
Change in the adjustment from fair value to contract value for interest in collective trust related to fully benefit-responsive investment contract	30,690	64,333
Net increase (decrease) in net assets available for benefits per Form 5500	$ 6,742,945	$ (1,599,150)

Note 11 Reclassifications

Certain reclassifications have been made to the 2011 financial statements to conform to the 2012 classifications.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Graebel Employees' 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States (GAAS). Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Trustee as of December 31, 2012 and 2011, and for the years then ended, that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2012, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with GAAS and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Graebel Employees' 401(k) Plan

Notes to Financial Statements

Note 1 Description of Plan

The following description of the Graebel Employees' 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is effective as of October 1, 2011. It is an amendment and restatement of a pre-existing plan which was originally adopted effective January 1, 1990. It is a defined contribution plan covering substantially all full-time employees of Graebel Companies, Inc. and its subsidiaries (the "Companies"). Nonunion production employees become eligible to participate in the Plan on the first day of the month following the attainment of age 21 and completion of one year of service and 1,000 hours. Nonunion administrative employees become eligible to participate in the Plan on the first day of the month following the completion of one hour of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants are allowed to contribute up to 50% of pretax annual compensation, as defined by the Plan, up to the annual maximum allowed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan also allows for Roth contributions (effective October 1, 2011) and automatic enrollment for administrative participants of 3% of eligible pretax compensation if no election or waiver is made by the participant. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, a collective trust, and an option for participant self-directed brokerage accounts, which includes mutual funds and a money market fund, as investment options for participants.

The Companies may make a discretionary matching contribution to each participant based on their elective deferrals in a percentage set by the Companies. There were no discretionary matching contributions made during 2012 or 2011.

Note 1 Description of Plan (Continued)

Contributions (Continued)

The Companies may also contribute a discretionary contribution as determined annually by the Board of Directors. These contributions are allocated to each eligible participant who completes 1,000 hours of service during the plan year and is eligible on the last day of the plan year. The allocation is made on the last day of the plan year in proportion to the participant's compensation for the plan year. There were no discretionary employer contributions made during 2012 or 2011.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Companies' discretionary matching contribution and allocations of (a) the Companies' discretionary contribution and (b) plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings (losses) thereon. The Companies' contributions, plus earnings (losses) thereon, vest at a rate of 25% per year of service beginning with the first year of service. A participant is fully vested in the Companies' contributions after four years of vesting service. The Plan defines a year of vesting service as the completion of 1,000 hours of service in a plan year.

Notes Receivable From Participants

Participants may borrow from their fund accounts up to a maximum of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Interest rates on existing loans range from 3.25% to 9.50%. Principal and interest are paid ratably through payroll deductions or in installments at the end of each payroll period.

Note 1 Description of Plan (Continued)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, annual periodic payments or in an annuity if the account balance is greater than $5,000. If the participant's vested account balance does not exceed $5,000, it can be distributed only in a single lump-sum payment. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59½.

Forfeitures

Plan forfeitures arise as a result of participants who terminate service with the Companies before becoming 100% vested in the Companies' contributions. These forfeitures are used to first pay plan expenses and then reduce future Companies' contributions. The amount of forfeitures available at December 31, 2012 and 2011 were $5,203 and $3,908, respectively. In 2012 and 2011, forfeitures used to offset plan expenses were $5,417 and $5,000, respectively.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Note 2 Summary of Significant Accounting Policies (Continued)

Basis of Accounting (Continued)

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. Contract value for this collective trust is based on the net asset value of the fund as reported by the investment advisor. The statements of net assets available for benefits present the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The statements of changes in net assets available for benefits is prepared on a contract value basis.

Use of Estimates

The preparation of the accompanying financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 Summary of Significant Accounting Policies (Continued)

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

No allowances for credit losses have been recorded as of December 31, 2012 or 2011. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Companies absorb various plan expenses including third-party administration fees, audit fees, and investment advisory fees that exceed available current year forfeitures. Management fees are allocated proportionately to plan participants based on their respective account balances. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and were included in administrative expenses.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2013, which is the date the financial statements were available to be issued.

Note 3 Investments

The following presents investments that represent 5% or more of the Plan's net assets available for benefits.

	December 31,	
	2012	2011
Mutual funds:		
Fidelity Freedom 2020	$ 5,016,619	$ 4,423,490
Fidelity Freedom 2015	4,918,662	4,396,463
Fidelity Freedom 2025	4,469,098	3,600,536
PIMCO Total Return ADM	3,646,843	3,252,133
Fidelity Freedom 2030	3,641,001	3,194,808
Fidelity Freedom 2035	3,279,243	2,567,686
T. Rowe Price Mid-Cap Growth	2,836,593	2,320,731
T. Rowe Price Small-Cap Value	2,426,097	2,058,188
Collective trust - Fidelity Managed Income Portfolio, at contract value	4,135,895	3,604,715

During 2012 and 2011, the Plan's investments (including gains and losses on investments) appreciated (depreciated) in value by as follows:

	Net Change in Fair Value	
	2012	2011
Mutual funds	$ 3,622,471	$ (2,140,921)
Participant self-directed brokerage accounts	8,753	(6,539)

Note 4 Fair Value Measurements

Accounting standards provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4 Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds (including a money market fund). Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Collective trust - Fidelity Managed Income Portfolio. Valued at the NAV of units of the collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. Its objective is to seek the preservation of capital, as well as to provide a competitive level of income over time consistent with the preservation of capital. As of December 31, 2012 and 2011, there are no unfunded commitments on the funds. The funds are able to be redeemed with written notice, on a daily basis, for the years ended December 31, 2012 and 2011. The fund does not require a redemption notice period.

Note 4 Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2012 and 2011:

Notes to Financial Statements

Note 5 Information Prepared and Certified by Trustee

The December 31, 2012 and 2011 statements of net assets available for benefits, the investment activities included on the statements of changes in net assets available for benefits for the years ended December 31, 2012 and 2011, the accompanying notes to the financial statements, and the supplemental schedule were prepared in part or entirely from information certified by the Fidelity Management Trust Company ("Fidelity"), the Trustee, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Trustee.

	2012	2011
Investments, at fair value:		
Mutual funds	$ 42,374,707	$ 36,043,511
Collective trust	4,257,740	3,695,870
Notes receivable from participants	1,273,971	1,326,084
Net investment income (loss)	4,815,184	(852,976)
Interest income on notes receivable from participants	60,297	61,145

Note 6 Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the plan document to discontinue its contributions and to terminate or partially terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Companies contributions.

Note 7 Tax Status

The IRS has determined and informed the Companies by a letter dated May 21, 2012, that the Plan and related trust are designed in accordance with applicable sections of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 8 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 Related-Party Transactions

Certain plan investments are managed by Fidelity. Fidelity is the Trustee as defined by the Plan and, therefore, these transactions qualify as party in interest. Fees paid by the Plan for investment services are offset against earnings. Specific detail of fees for investments services is not available from the Trustee.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

The Plan contracted with Mercer to provide investment advisory services and, therefore, these transactions qualify as party in interest. Fees paid to Mercer during 2012 and 2011 by the Plan for these investment advisory services totaled $5,417 and $5,000, respectively.

Note 10 Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2012 and 2011 to Form 5500:

	2012	2011
Net assets available for benefits per the financial statements	$ 47,784,573	$ 41,072,317
Adjustment from fair value to contract value for interest in collective trust related to fully benefit-responsive investment contract	121,845	91,155
Net assets available for benefits per the Form 5500	$ 47,906,418	$ 41,163,472

The following is a reconciliation of total additions per the financial statements for the years ended December 31, 2012 and 2011, to the Form 5500:

	2012	2011
Net increase (decrease) in net assets available for benefits per the financial statements	$ 6,712,255	$ (1,663,483)
Change in the adjustment from fair value to contract value for interest in collective trust related to fully benefit-responsive investment contract	30,690	64,333
Net increase (decrease) in net assets available for benefits per Form 5500	$ 6,742,945	$ (1,599,150)

Note 11 Reclassifications

Certain reclassifications have been made to the 2011 financial statements to conform to the 2012 classifications.
