PROFIT SHARING 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Superior Air-Ground Ambulance Service, Inc. Profit Sharing 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all non-union employees of Superior Air-Ground Ambulance Service, Inc. (the "Company") who prior to October 1, 2012, had twelve months of service and were age eighteen or older. The Plan was restated effective October 1, 2012, to cover all non-union employees who have completed 90 days of eligible service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan. The Plan also allows for participants to utilize a Roth 401(k) option, or to contribute a percentage of their annual compensation on an after-tax basis. Participants may also contribute amounts representing rollover contributions or distributions from other tax-qualified plans. The Company may contribute a discretionary percentage of the employee's "salary reduction" as elected by the Employer. During 2012, the Company contributed 25% of the first 6% of base compensation that a participant contributed to the Plan. During 2012, there were $1,739,623.26 in participants' contributions and $401,278.37 in employer's matching contributions to this Plan. The Plan is required to make non-matching contributions to participants covered by a contract with the City of Elwood. These participants are subject to classification according to the contract and received non-matching contributions totaling $72,472.02 during 2012. Additional non-matching amounts may be contributed by the Company at their discretion. During 2012, the Company decided not to make a non-matching discretionary contribution. Contributions are subject to certain limitations.

Participant Accounts - Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, if any, (b) the Plan earnings, and (c) the forfeitures of terminated participants' non-vested accounts, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant is 100 percent vested after five years of credited service.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Expenses – During the year, the Company absorbed significant Plan expenses. Additionally, administrative expenses were paid from Plan assets to Principal Financial Group and Fifth Third Bank. These fees totaled $68,553.53 in 2012. The fees were based on the asset values in each fund and participant transaction fees.

Investment Options - Self-directed funds shall be permitted by participants with their account balances. Prior to September 28, 2012, investment options consisted of mutual funds in registered investment companies and common/collective trusts at Fifth Third Bank. Participants could change their investment options at any time through Fifth Third Bank's on-line account access.

Subsequent to September 28, 2012, investments consisted of registered investment companies, common/collective trusts and general insurance company funds at Principal Financial Group. Participants may change their investment options at any time through Principal Financial Group's on-line account access.

Payment of Benefits - Upon termination of service, death or permanent disability, a participant will receive a distribution equal to the value of his or her account in the form of a lump sum payment.

Forfeited Accounts - At December 31, 2012 and 2011, forfeited non-vested accounts totaled $16,239.78 and $3,648.37, respectively. These amounts will be used to reduce future employer contributions. For the year ended December 31, 2012, there was $14,996.60 forfeited by Plan participants.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared under the accrual basis method of accounting.

Contributions - Each participant's individual contributions are recorded when deducted from the employee's paycheck by the Company.

Estimates - The preparation of the financial statements in conformity with United States generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events – Management has evaluated subsequent events through October 15, 2013 the date the financial statements were available to be issued.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition - In accordance with the policy of stating investments at fair value, the net change in the unrealized appreciation or depreciation of investments for the year is reflected in the Statement of Changes in Net Assets Available for Plan Benefits. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded when received.

Investments in registered investment companies and common/collective trusts are stated at fair market value. Contributions to the registered investment companies purchase "shares". Contributions to the common/collective trusts purchase "units". Share and unit values are calculated based upon market value of the underlying assets.

The market value of registered investment companies and common/collective trusts are not guaranteed and normally depend on the market value of the particular assets in the registered investment company or common/collective trust, which can fluctuate according to market conditions. The investment results of each registered investment company or common/collective trust are passed directly through to the Plan and participants holding shares of that registered investment company or common/collective trust. The market value appreciation or depreciation of shares held in the funds is recorded as the difference between the opening and closing market value of the shares, taking into account the change in the number of shares owned throughout the year as a result of share-holder transactions.

The Plan follows the recommendations of the Financial Accounting Standards Board ("FASB") in its Accounting Standards Codification ("ASC") 820, Fair Value Measurements. Under FASB ASC 820, the Plan is required to report investments at fair market value. FASB ASC 820 also establishes a fair value hierarchy, which requires a plan to maximize the use of observable inputs that may be used to measure fair value:

Level 1 – All Level 1 inputs are quoted prices in active markets for identical assets or liabilities.

Level 2 – All Level 2 inputs generally are available indirect information, such as quoted prices for similar assets or liabilities in active markets, or quoted prices for identical or similar assets or liabilities in markets that are not active.

Level 3 – Level 3 inputs are valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable. All Level 3 assets are carried at fair value based on estimates using appropriate valuation techniques such as the market approach, the income approach and finally the cost approach.

PROFIT SHARING 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 – FULLY BENEFIT-RESPONSIVE CONTRACTS

Prior to September 28, 2012, the Plan had entered into a benefit-responsive investment contract with Fifth Third. Fifth Third Bank maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

Subsequent to September 28, 2012, the Plan entered into a benefit-responsive investment contract with Principal Financial Group. Principal Financial Group maintained the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. There are no adjustments necessary to bring the investments to fair-value as the contract value is the same as the fair value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2012 and 2011 was $307,416.75 and $770,194.22, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a monthly basis for resetting. Average yields based on the interest rate credited to participants were 1.44% in 2012 and 1.32% in 2011.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

SUPERIOR AIR-GROUND AMBULANCE SERVICE, INC.

PROFIT SHARING 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 6 - TAX STATUS

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and, accordingly, the trust's net investment income is exempt from income taxes. As of October 1, 2012, the Plan was restated in its entirety. The Plan is designed after a Prototype Non-Standardized Profit Sharing Plan with CODA. In no event did this restatement reduce benefits or lessen the rights of any employee with respect to the benefits accrued prior to the date of the Plan restatement. The Plan sponsor believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code. The Trustees of the Plan will make any changes deemed necessary to ensure that the Plan is granted tax-exempt status.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by the Department of Labor or the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The Plan was audited for the year ended December 31, 2008. The audit has since been completed and a final approval letter was issued by the IRS, with no changes made. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008; however the 2009-2011 tax years are eligible to be subject to examination.

NOTE 7 – PARTIES AT INTEREST

Principal Financial Group and Fifth Third Bank are the custodians of the Plan assets and charge fees relating to transactions and account balances. These fees were $12,874.15 and 55,679.38, respectively, in 2012.

NOTE 8 – MISSED PARTICIPANT DEFERRALS

During 2009, the Company failed to defer on compensation not otherwise excluded by the Plan document. The missed deferrals affected 8 participants and totaled $1,256.11 and $275.77 in missed deferrals and employer match, respectively. The Company is proceeding with a voluntary correction to restore any missed earnings as a result of the missed deferrals and match.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

NOTE 10 – EXCESS CONTRIBUTIONS PAYABLE

The Plan is required by law to have statutory compliance testing completed each year. The Plan may be required to refund excess contributions disallowed as a result of this testing. As of December 31, 2012, the Plan had $26,758.23 of excess contributions payable to Plan participants. These payments are required to be paid within two and one half months of the end of the Plan year. If the payments are made subsequent to this date, they become subject to a 10% excise tax. The 2012 excess contributions were not refunded until October 2013.
