1 – DESCRIPTION OF PLAN

GENERAL

Garden Ridge Associate Retirement Plan (the "Plan") is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established and adopted effective January 1, 1999 for the benefit of eligible employees of Garden Ridge Management, Inc. (the "Company"). Fidelity Management Trust Company, ("Fidelity"), in conjunction with Fidelity Institutional Operations Company, serves as the trustee and record-keeper of the Plan, respectively. The following descriptions provide only general information. Participants should refer to the Plan document for more complete description of the Plan's provisions.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

All non-union and non-leased employees of the Company who have attained an age of eighteen and have completed one year of service are eligible to participate in the Plan. Subject to certain limitations on annual additions, each participant's account is credited with employee elective deferrals, Company matching contributions, and an allocation of Plan earnings and charged with certain administrative expenses. Participants may modify investment elections, transfer existing account balances, and obtain information regarding the investments on a daily basis.

CONTRIBUTIONS

The Plan is funded through employee elective deferrals and Company contributions. A participant may elect to contribute a portion of his or her pretax compensation from 1% to 60% and 1% to 100% of bonus compensation, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($16,500 for the calendar year ended 2011). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($5,500 for 2011). Rollover contributions, representing distributions from other qualified defined benefit or contribution plans, are permitted by the Plan.

The Plan also allows for employer discretionary matching contributions in amounts to be determined by the Company. For the year ended December 31, 2011, employer discretionary matching contributions totaled $37,428.

INVESTMENT OPTIONS

The Plan provides for participants to direct both their contributions and employer contributions into a variety of investment options in accordance with participant investment elections and the provisions of the Trust agreement. Participants should refer to the Plan website for additional fund information.

1 – DESCRIPTION OF PLAN

DISTRIBUTIONS TO PARTICIPANTS

Upon normal retirement age, death, disability, or termination, a participant's benefits are payable in either installment payments or a lump-sum amount equal to 100% of the participant's vested account balance. Employees may also make hardship withdrawals on the balance of their account related to their elective deferral contributions. Account balances of $1,000 or less at the time of distribution will be "cashed out" as either an involuntary lump sum payment or by direct rollover into an individual retirement account or other eligible retirement plan.

VESTING

Participants are immediately vested in both their contributions and actual earnings thereon. Vesting in the Company's matching contributions plus actual earnings, thereon, is based on years of continuous service. Participants vest 20% per year beginning after two years of qualified service, and are 100% vested after six years of qualified service or upon occurrence of the participant's retirement, death, or disability, as defined by the Plan document.

FORFEITURES

Any non-vested employer contributions and earning thereon upon a participant's termination of employment will be forfeited and may be used by the Plan to pay administrative expenses and to offset future employer contributions. The amount of forfeitures as of December 31, 2011 and 2010 totaled $36,025 and $18,381, respectively. During 2011, no forfeitures were utilized to pay administrative expenses.

NOTES RECEIVABLE FROM PARTICIPANTS

Borrowings are available to all participants. Notes receivable from participants are limited to a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service ("IRS"). A onetime origination fee is charged at inception of the note receivable. The notes receivable from participants are secured by the vested balance in the participant's account and the rate of interest is determined by the Plan Administrator. Terms range from 1-5 years, unless for the purchase of a primary residence which may be up to 10 years. As of December 31, 2011, maturity dates on notes receivable range from March 2012 through July 2016, and notes bear interest at a rate of 6.00%. As of December 31, 2010, maturity dates on notes receivable range from January 2011 through December 2014, and note bear interest at a rate of 6.00%. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections.

1 – DESCRIPTION OF PLAN

ADMINISTRATIVE EXPENSES

Distribution and loan fees are charged directly to the requesting participant's account. All other costs and expenses of the Plan and its administration, including all fees and expenses of the Trustee, are paid by the Company or through the use for forfeitures.

PLAN TERMINATION

Although the Company expects to continue the Plan, it may be terminated by the Company at any time subject to the provisions of ERISA. In the event the Plan is terminated, each of the participants will have a non-forfeitable 100% vested interest in his or her account balance, including all Company contributions, subject to payment of liquidation costs and expenses.

2 – SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method in accordance with United States generally accepted accounting principles ("U.S. GAAP").

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances, plus any accrued unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document or loan policy of the Plan.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as, held during the year.

NOTE 3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring and reporting the fair value of investments. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following methodologies were used for each type of investment:

Money market fund: Valued at cost of $1 per unit, which represents the net asset value ("NAV") at year end.

Mutual funds of registered investment companies: Valued at the NAV or quoted market prices of shares held by the Plan at year end.

3 – FAIR VALUE MEASUREMENTS

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011:

Total assets at fair value	$ 3,387,818	$ -	$ -	$ 3,387,818

3 – FAIR VALUE MEASUREMENTS

In May 2011, the FASB issued ASU No. 2011-04 "Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS" ("ASU 2011-04"). ASU 2011-04 includes common requirements for measurement of and disclosure about fair value between U.S. GAAP and IFRS. ASU 2011-04 will require reporting entities to disclose quantitative information about the unobservable inputs used in the fair value measurements categorized within Level 3 of the fair value hierarchy. In addition, ASU 2011-04 will require reporting entities to make disclosures about amounts and reasons for all transfers in and out of Level 1 and Level 2 fair value measurements. The new and revised disclosures are effective for interim and annual reporting periods beginning after December 15, 2011. Plan management has evaluated the implications of ASU 2011-14 and does not believe it will have a material impact on the financial statements.

4 – FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by Fidelity Management Trust Company, the Trustee and a party-in-interest as defined by ERISA, as of December 31, 2011 and 2010, and for the year ended December 31, 2011, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedules. This information consists of the following:

6 – TAX STATUS OF THE PLAN

The Plan is based on a prototype plan developed by Fidelity. Fidelity received a favorable opinion letter dated March 31, 2008 from the IRS stating that the Fidelity volume submitter plan constitutes a qualified plan under Section 401 of IRC. The Company believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2008.

7 – PARTY IN INTEREST TRANSACTIONS

Plan investments include shares of money market fund and mutual funds of registered investment companies managed by Fidelity. Fidelity is the Recordkeeper and Trustee as defined by the Plan and therefore, these investments qualify as party-in-interest investments. Fees paid by the Plan for various administrative expenses, including investment management services, amounted to $819 for the year ended December 31, 2011.

8 – DELINQUENT CONTRIBUTIONS

During 2010, 2009, and 2008 employee withholdings in the amounts of $10,664, $61,674, and $52,474, respectively, were late in being transferred to the Plan. The delays were unintentional, and the Company deposited funds representing lost earnings to the Plan in February 2012 in line with the requirements of the DOL's Voluntary Fiduciary Correction Program.

9 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in a money market fund and mutual funds of registered investment companies. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

10 – EXCESS PARTICIPANT CONTRIBUTIONS PAYABLE

The Plan initially failed the discrimination test for the years ended December 31, 2011, 2010, 2009, and 2008. As a result, excess contributions payable amounting to $218,565 and $200,631 are recorded as liabilities in the accompanying statements of net assets available for benefits as of December 31, 2011 and 2010, respectively, and as a reduction to contributions of $17,934 in the related statement of changes in net assets available for benefits for the year ended December 31, 2011. In accordance with "Employee Plans Compliance Resolution System" and because of the timing of the excess contribution refunds in 2012, the Company is required to contribute the same dollar amount as a one-for-one employer contribution to the Plan for excess contributions from 2008 to 2010. The required employer contributions are allocated on a pro-rata basis, based on compensation, to all eligible non-highly compensated employees. The corresponding one-for-one employer contribution receivable of $200,631 is included as a component of employer contributions receivable in the accompanying statements of net assets available for benefits as of December 31, 2011 and 2010. The Company contributed $205,104 of qualified non-elective contribution on April 27, 2012.

11 – RECONCILIATION TO THE 2011 FORM 5500, SCHEDULE H

There are no reconciling items between the net assets reported in the audited financial statements and the Schedule H of the Form 5500 for the year ended December 31, 2011.

12 – SUBSEQUENT EVENTS

The Company has evaluated events and transactions occurring after December 31, 2011, the Statement of Net Assets Available for Benefits date, through August 17, 2012, the date of the financial statements were issued, and determined no such events or transactions which would impact the financial statements for the year ended December 31, 2011.

1 – DESCRIPTION OF PLAN

GENERAL

Garden Ridge Associate Retirement Plan (the "Plan") is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established and adopted effective January 1, 1999 for the benefit of eligible employees of Garden Ridge Management, Inc. (the "Company"). Fidelity Management Trust Company, ("Fidelity"), in conjunction with Fidelity Institutional Operations Company, serves as the trustee and record-keeper of the Plan, respectively. The following descriptions provide only general information. Participants should refer to the Plan document for more complete description of the Plan's provisions.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

All non-union and non-leased employees of the Company who have attained an age of eighteen and have completed one year of service are eligible to participate in the Plan. Subject to certain limitations on annual additions, each participant's account is credited with employee elective deferrals, Company matching contributions, and an allocation of Plan earnings and charged with certain administrative expenses. Participants may modify investment elections, transfer existing account balances, and obtain information regarding the investments on a daily basis.

CONTRIBUTIONS

The Plan is funded through employee elective deferrals and Company contributions. A participant may elect to contribute a portion of his or her pretax compensation from 1% to 60% and 1% to 100% of bonus compensation, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($16,500 for the calendar year ended 2011). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($5,500 for 2011). Rollover contributions, representing distributions from other qualified defined benefit or contribution plans, are permitted by the Plan.

The Plan also allows for employer discretionary matching contributions in amounts to be determined by the Company. For the year ended December 31, 2011, employer discretionary matching contributions totaled $37,428.

INVESTMENT OPTIONS

The Plan provides for participants to direct both their contributions and employer contributions into a variety of investment options in accordance with participant investment elections and the provisions of the Trust agreement. Participants should refer to the Plan website for additional fund information.

1 – DESCRIPTION OF PLAN

DISTRIBUTIONS TO PARTICIPANTS

Upon normal retirement age, death, disability, or termination, a participant's benefits are payable in either installment payments or a lump-sum amount equal to 100% of the participant's vested account balance. Employees may also make hardship withdrawals on the balance of their account related to their elective deferral contributions. Account balances of $1,000 or less at the time of distribution will be "cashed out" as either an involuntary lump sum payment or by direct rollover into an individual retirement account or other eligible retirement plan.

VESTING

Participants are immediately vested in both their contributions and actual earnings thereon. Vesting in the Company's matching contributions plus actual earnings, thereon, is based on years of continuous service. Participants vest 20% per year beginning after two years of qualified service, and are 100% vested after six years of qualified service or upon occurrence of the participant's retirement, death, or disability, as defined by the Plan document.

FORFEITURES

Any non-vested employer contributions and earning thereon upon a participant's termination of employment will be forfeited and may be used by the Plan to pay administrative expenses and to offset future employer contributions. The amount of forfeitures as of December 31, 2011 and 2010 totaled $36,025 and $18,381, respectively. During 2011, no forfeitures were utilized to pay administrative expenses.

NOTES RECEIVABLE FROM PARTICIPANTS

Borrowings are available to all participants. Notes receivable from participants are limited to a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service ("IRS"). A onetime origination fee is charged at inception of the note receivable. The notes receivable from participants are secured by the vested balance in the participant's account and the rate of interest is determined by the Plan Administrator. Terms range from 1-5 years, unless for the purchase of a primary residence which may be up to 10 years. As of December 31, 2011, maturity dates on notes receivable range from March 2012 through July 2016, and notes bear interest at a rate of 6.00%. As of December 31, 2010, maturity dates on notes receivable range from January 2011 through December 2014, and note bear interest at a rate of 6.00%. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections.

1 – DESCRIPTION OF PLAN

ADMINISTRATIVE EXPENSES

Distribution and loan fees are charged directly to the requesting participant's account. All other costs and expenses of the Plan and its administration, including all fees and expenses of the Trustee, are paid by the Company or through the use for forfeitures.

PLAN TERMINATION

Although the Company expects to continue the Plan, it may be terminated by the Company at any time subject to the provisions of ERISA. In the event the Plan is terminated, each of the participants will have a non-forfeitable 100% vested interest in his or her account balance, including all Company contributions, subject to payment of liquidation costs and expenses.

2 – SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method in accordance with United States generally accepted accounting principles ("U.S. GAAP").

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances, plus any accrued unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document or loan policy of the Plan.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as, held during the year.

NOTE 3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring and reporting the fair value of investments. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following methodologies were used for each type of investment:

Money market fund: Valued at cost of $1 per unit, which represents the net asset value ("NAV") at year end.

Mutual funds of registered investment companies: Valued at the NAV or quoted market prices of shares held by the Plan at year end.

3 – FAIR VALUE MEASUREMENTS

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011:

	Level 1	Level 2	Level 3	Total

3 – FAIR VALUE MEASUREMENTS

In May 2011, the FASB issued ASU No. 2011-04 "Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS" ("ASU 2011-04"). ASU 2011-04 includes common requirements for measurement of and disclosure about fair value between U.S. GAAP and IFRS. ASU 2011-04 will require reporting entities to disclose quantitative information about the unobservable inputs used in the fair value measurements categorized within Level 3 of the fair value hierarchy. In addition, ASU 2011-04 will require reporting entities to make disclosures about amounts and reasons for all transfers in and out of Level 1 and Level 2 fair value measurements. The new and revised disclosures are effective for interim and annual reporting periods beginning after December 15, 2011. Plan management has evaluated the implications of ASU 2011-14 and does not believe it will have a material impact on the financial statements.

4 – FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by Fidelity Management Trust Company, the Trustee and a party-in-interest as defined by ERISA, as of December 31, 2011 and 2010, and for the year ended December 31, 2011, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedules. This information consists of the following:

6 – TAX STATUS OF THE PLAN

The Plan is based on a prototype plan developed by Fidelity. Fidelity received a favorable opinion letter dated March 31, 2008 from the IRS stating that the Fidelity volume submitter plan constitutes a qualified plan under Section 401 of IRC. The Company believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2008.

7 – PARTY IN INTEREST TRANSACTIONS

Plan investments include shares of money market fund and mutual funds of registered investment companies managed by Fidelity. Fidelity is the Recordkeeper and Trustee as defined by the Plan and therefore, these investments qualify as party-in-interest investments. Fees paid by the Plan for various administrative expenses, including investment management services, amounted to $819 for the year ended December 31, 2011.

8 – DELINQUENT CONTRIBUTIONS

During 2010, 2009, and 2008 employee withholdings in the amounts of $10,664, $61,674, and $52,474, respectively, were late in being transferred to the Plan. The delays were unintentional, and the Company deposited funds representing lost earnings to the Plan in February 2012 in line with the requirements of the DOL's Voluntary Fiduciary Correction Program.

9 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in a money market fund and mutual funds of registered investment companies. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

10 – EXCESS PARTICIPANT CONTRIBUTIONS PAYABLE

The Plan initially failed the discrimination test for the years ended December 31, 2011, 2010, 2009, and 2008. As a result, excess contributions payable amounting to $218,565 and $200,631 are recorded as liabilities in the accompanying statements of net assets available for benefits as of December 31, 2011 and 2010, respectively, and as a reduction to contributions of $17,934 in the related statement of changes in net assets available for benefits for the year ended December 31, 2011. In accordance with "Employee Plans Compliance Resolution System" and because of the timing of the excess contribution refunds in 2012, the Company is required to contribute the same dollar amount as a one-for-one employer contribution to the Plan for excess contributions from 2008 to 2010. The required employer contributions are allocated on a pro-rata basis, based on compensation, to all eligible non-highly compensated employees. The corresponding one-for-one employer contribution receivable of $200,631 is included as a component of employer contributions receivable in the accompanying statements of net assets available for benefits as of December 31, 2011 and 2010. The Company contributed $205,104 of qualified non-elective contribution on April 27, 2012.

11 – RECONCILIATION TO THE 2011 FORM 5500, SCHEDULE H

There are no reconciling items between the net assets reported in the audited financial statements and the Schedule H of the Form 5500 for the year ended December 31, 2011.

12 – SUBSEQUENT EVENTS

The Company has evaluated events and transactions occurring after December 31, 2011, the Statement of Net Assets Available for Benefits date, through August 17, 2012, the date of the financial statements were issued, and determined no such events or transactions which would impact the financial statements for the year ended December 31, 2011.
