## Part I Service Provider Information

### 1a & b. Information on Persons Receiving Only Eligible Indirect Compensation

| Service Codes | Direct Compensation | Indirect Compensation | Sources | Sources EIN | Description |
|---|---|---|---|---|---|
| - | $0 | $0 | - | - | - |

*Note: For certain plans, self funded products are administered by more than one legal entity. In that event, indirect compensation may be aggregated to just one of those legal entities, as method used to derive those fees is determined separately from the administrative entity.*

The following footnotes are applicable only if listed above.

1 Administration fees are based on enrollment at a given point in time and may vary based on timing of enrollment adjustments. To the extent your plan has access to the Blue Card network, and depending upon the terms of your agreement, your plan may be billed and we may receive Blue Card access fees. However, system constraints currently make it impractical to separately identify and report these fees in an automated fashion and are therefore not included in the direct compensation figure herein. For additional information on the fees, if any, billed in connection with your plan, please contact your account administrator.

2 Prescription Drug Rebates and related administrative fees if applicable; are estimated for the reporting period based on a historical average of rebates received by the service provider, divided by the total number of units of all prescription drugs claims (including those drugs that may not be subject to a drug rebate program) incurred by plans or policies administered by that service provider over that period, to arrive at an average rebate for each drug claim unit. This average, times the plan's actual units of .000 for the period, results in the estimated amount of rebates received by the service provider in connection with the plan. Estimated rebates do not take into consideration any rebate revenue returned to the plan or used as an offset to administrative fees; see your administrative services agreement for additional information.

3 Therapy Management, Compliance and Persistency consist of compensation received for educational and outreach services to providers and participants to help improve outcomes. This compensation is calculated based on the total number of outreach contacts per group times the average rate per contact agreed upon by the service providers. For the reporting period these fees are from Pfizer, Inc and Merck.

4 Pharmacy Data Sales Revenue is calculated based on the total revenue received for the claims data divided by the total claims sent (mail order only) to determine an average claim rate that is multiplied by the sent claims per account to determine revenue for each account.

5 Fees may include Bonus, Override and Non Monetary compensation. Purpose of these fees is incentives, education, communication and training. We are reporting commission payments separately from overrides, bonus payments and other compensation that may be paid to your broker or consultant. These payments (overrides, bonuses and other compensation), if any, are reflected in the overall administrative cost structure and were not directly included in the determination of rates. These overrides, bonuses and other compensation were allocated to your coverage(s) on a pro rata basis to all policies enrolled through the broker or consultant which contribute to eligibility for the amounts awarded. Payments are reported as of the date we consider the payment paid or processed.
