Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Sole Proprietor, Inc. Cash Balance Defined Benefit Pension Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Sole Proprietor, Inc. Cash Balance Defined Benefit Pension Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, the statement of accumulated plan benefits as of January 1, 2012 and 2011, and the statement of changes in accumulated plan benefits for the year ended January 1, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Lincoln National Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Assets Held at End of Year, as of December 31, 2012, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SOLE PROPRIETOR, INC. CASH BALANCE DEFINED BENEFIT PENSION PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2012 AND 2011

1. DESCRIPTION OF PLAN

The following description of Sole Proprietor, Inc. Cash Balance Defined Benefit Pension Plan (the "Plan") provides general information only. Participants should refer to the Plan document for more complete information.

General – The Plan is a cash balance defined benefit plan, established in January 2002 and amended as of January 1, 2009, covering all employees of Sole Proprietor, Inc. ("the Company" or "the Employer") who are age twenty-one or older and have one year of service, provided they work at least 1,000 hours during such plan year. The Plan is subject to the provisions of ERISA.

Funding Policy – The Company contributes such amounts as are necessary on an actuarial basis to provide the Plan with assets sufficient to meet the benefits to be paid to Plan participants, and to meet minimum funding requirements established by ERISA. The Plan has met the ERISA minimum funding requirements for the years ended December 31, 2012 and 2011.

Pension Benefits – A cash balance account shall be established and maintained for each applicable participant. Credits shall be made to the cash balance account in accordance with the provisions set forth in Plan agreement. At the end of each period in which an individual participant satisfies the requirements, an employer credit shall be added to such participant's cash balance account. Prior to October 31, 2008, the employer credit was generally 2.5% of a participant's eligible compensation. An interest credit shall be made to the cash balance account on the last day of each determination period and shall be calculated by multiplying the balance in the participant's cash balance account on the first day of such determination period by the applicable interest crediting rate for the determination period. The interest credit is based on the 30-year treasury constant maturity rate. Effective October 31, 2008, the Plan was frozen such that there shall be no further employer credit to each account and future employees will no longer become eligible to participate in the Plan.

Each participant's accrued benefit shall be the balance in his or her cash balance account determined as of his or her annuity starting date. The value of a lump sum distribution and the present value of the participant's benefit shall be the balance in the participant's cash balance account. The periodic amount of any other benefit shall be the actuarial equivalent of the cash balance account.

Payment of benefits – Upon termination of service for any reason, a participant may elect to receive either a lump-sum amount equal to the value of the vested interest in his or her account, or an annuity under terms defined by the Plan.

Vesting – Prior to October 31, 2008, a participant became 100% vested in his or her account after three years of service. As of October 31, 2008, all accounts became 100% vested.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require the plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties – Contributions to the Plan are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Actuarial Present Value of Accumulated Plan Benefits – Accumulated plan benefits are those estimated future periodic payments, including lump sum distributions, that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, and (b) present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries are determined by use of a certain formula as defined in the Plan and are based principally upon the accumulated cash balance prior to retirement. Benefits payable under all circumstances for retirement, death, disability, and termination of employment are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by consulting actuaries and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The accumulated cash balances are representative of the accumulated benefits obligations and the projected benefits obligations as of the valuation date. The more significant assumptions underlying the computations are as follows:

Interest rate	30-year treasury constant maturity rate with a five month look back (3.80% and 4.37% for the valuation years ended January 1, 2012 and 2011, respectively)
Mortality basis	2011 applicable mortality table
Normal retirement	Age 65 and 5 years of participation

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Actuarial Present Value of Accumulated Plan Benefits (continued) – Actuarial assumptions for the period before normal retirement include factors for mortality, termination of employment, disability and early retirement. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments – Benefits are recorded when paid.

Subsequent Events – The Company has evaluated subsequent events through October 9, 2013, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The information related to investments held by Lincoln National Life Insurance Company included in the accompanying financial statements and notes and the supplemental schedules was obtained from data that has been certified as complete and accurate to the plan administrator by Lincoln National Life Insurance Company, the custodian of certain plan assets. Incorporation of this financial information in the accompanying financial statements and supplemental schedules is based solely on that certification.

4. INVESTMENTS

Investments that represent 5% or more of the Plan's net assets available for benefits at December 31, 2012 and 2011 are as follows:

	2012	2011
Fixed annuity contracts:		
John Hancock FX06009613	\$ 413,975	\$ 401,852
American Equity 835514	195,155	189,193
Guaranteed interest contract -Lincoln	592,900	616,771
Pooled separate account - SA12 LVIP Delaware Bond	251,003	237,984

During the years ended December 31, 2012 and 2011, the Plan's investments in pooled separate accounts appreciated (depreciated) in value (including gains and losses on investments bought and sold, as well as held during the year) by \$140,599 and \$(639), respectively.

5. GUARANTEED INVESTMENT CONTRACT

The Plan invests in benefit responsive guaranteed investment contracts with Lincoln National Life Insurance Company (Lincoln). Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

The average credited interest rate for the guaranteed investment contract was 1.76% for 2012 and 3.37% for 2011. Certain events, such as market value adjustments and surrender charges, could limit the ability of the plan to initiate or complete a transaction at contract value.

6. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification (ASC 820), *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation method include: quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation method are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Pooled separate accounts – valued at quoted market values of the underlying assets in the separate accounts as reported on the active market on which the underlying assets are traded. These units are not traded on securities exchanges but are redeemable only by the issuer.

Guaranteed interest contract – valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

Fixed annuity contracts – valued at cost plus accrued interest which approximates fair value.

6. FAIR VALUE MEASUREMENTS (CONTINUED)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

2012	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 1,322,843	\$ -	\$ 1,322,843

7. TAX STATUS OF THE PLAN

The Plan obtained its latest determination letter on March 28, 2013, in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

8. TRANSACTIONS WITH PARTIES-IN-INTEREST

The Plan's investments include shares of pooled separate account and a guaranteed interest contract offered by Lincoln National Life Insurance Company, the custodian. The transactions in these investments and related fees qualify as party-in-interest transactions.

Fees paid by the Plan to Lincoln National Life Insurance Company for administrative expenses amounted to \$15,772 and \$17,010 in 2012 and 2011, respectively.

9. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of Plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder and the Plan document.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested, normal-age retirement benefits, early-retirement benefits, and certain disability and survivors' pensions. However, the PBGC does not guarantee all types of benefits under the Plan and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the levels in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit. For plans terminating in 2012, that amount is \$4,653 per month.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.
