Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Retirement Plan for Employees of Veolia Transportation Phoenix (the Plan), which comprise the statements of net assets available for benefits as of March 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified or provided by Fidelity Management Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of and for the years ended March 31, 2013 and 2012, that the information provided to the Plan Administrator by the trustee is complete and accurate.

(Continued)

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental information on pages 22 through 23 as of and for the year ended March 31, 2013, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental information is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental information.

Report on Form and Content in Compliance with Department of Labor Rules and Regulations

The form and content of the information included in the financial statements and supplemental information, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
March 31, 2013 and 2012

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Retirement Plan for Employees of Veolia Transportation Phoenix (the "Plan") provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

1. General

The Plan is a defined benefit pension plan covering eligible employees of Veolia Transportation Services, Inc. (the "Company"), the Plan Sponsor. Eligible employees include certain salaried employees, mechanic union employees represented by the International Union of Operating Engineers Local 428, and operator union employees represented by the Amalgamated Transit Union-Local 1433 meeting certain service requirements as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective April 1, 2004, the Plan was amended to cease future participant contributions and benefit accruals for salaried employees participating in the Plan. These participants continue to accrue years of service for vesting and are currently receiving or awaiting eligibility to receive benefits.

Effective August 15, 2005, the Plan was amended to cease future participant contributions and benefit accruals for mechanic union employees participating in the Plan. These participants continue to accrue years of service for vesting and are currently receiving or awaiting eligibility to receive benefits.

Effective November 14, 2005, the Plan became frozen and was amended to cease future participant contributions and benefit accruals for operator union employees participating in the Plan. These participants continue to accrue years of service for vesting and are currently receiving or awaiting eligibility to receive benefits.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

2. Pension Benefits

Normal, early, and late retirement and deferred vested benefits are provided as follows:

a. Normal retirement benefits

Normal retirement is the first day of the month coincident with or next following the participant's attainment of age 65. The monthly retirement benefit is based upon specified percentages of the participant's compensation during certain credited years of service, as defined by the Plan. Participating salaried employees accrued benefits at rates ranging from 0.25% to 4.40% through April 1, 2004. Participating mechanic union employees accrued benefits at rates ranging from 0.75% to 2.50% through August 15, 2005. Participating operator union employees accrued benefits at rates ranging from 0.25% to 3.75% through November 14, 2005. The calculation is defined in detail in the plan document.

b. Early retirement

Early retirement is the first day of any month after attainment of age 55 and the completion of ten years of service. A participant who retires on an early retirement date is entitled to receive a monthly retirement benefit commencing at the normal retirement date determined as for normal retirement based upon specified percentages of the participant's compensation during certain credited years of service (as determined above in Note A-2-a). Benefit payments may commence prior to the normal retirement date and would be reduced by 1/12th of 5.00% from age 55 to 62 and 1/12th of 6.67% from age 62 to 65 for each month the early retirement date precedes the normal retirement date, as defined in the plan document.

2. Pension Benefits (Continued)

c. Late retirement and deferred vested benefits

If a participant terminates employment other than by death or retirement, the participant will be entitled to a monthly retirement benefit commencing on the earlier of the participant's actual retirement date, or upon attainment of age 70½. Such deferred benefit is determined as the greater of the retirement benefit calculated if the participant had retired at the normal retirement date if certain criteria are met, or a retirement benefit calculated as of the participant's late retirement date using actuarial equivalents with specified assumptions, as defined in the plan document. Participants may continue to accrue benefits after the late retirement date, as defined in the plan document.

3. Disability and Death Benefits

a. Disability benefits

Disability benefits are available on the date in which the participant has become totally disabled and the completion of ten years of service. The amount of the monthly benefit payable on disability retirement is determined in the same manner as for normal retirement, reduced by specified percentages if prior to the normal retirement date, and further reduced by an actuarial equivalent if prior to attainment of age 50, as defined in the plan document. Disability benefits are payable until the participant's normal retirement date or until recovery from said disability, if recovery occurs prior to the participant's normal retirement date.

b. Death benefits

If a participant who has been married for at least 1 year should die prior to retirement and had any vested interest in employer contributions, the surviving spouse, having in effect a joint and 50% contingent option naming the spouse as contingent beneficiary, will receive a lifetime pension of a specified percentage of the benefit to which the participant would have been entitled had normal or early retirement occurred immediately preceding the date of death, as defined in the plan document.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

4. Vesting and Forfeitable Benefits

Participants can no longer contribute to the Plan (as described in Note A-1). Participants are immediately fully vested in participant contributions previously made plus interest at a rate specified in the plan document. The portion of the participants' benefits attributable to the Company's contributions became 100% vested after five years of service.

An active participant has a non-forfeitable interest in their retirement benefit upon attainment of the normal retirement age. A participant who terminates service prior to the normal retirement date will forfeit any unvested portion of benefits attributable to the Company's contributions. Upon termination of service prior to the normal retirement date, a participant may elect to withdraw their benefits attributable to participant contributions.

5. Administrative Expenses

Administrative expenses of the Plan may be paid by the Plan or directly by the Company, at the Company's discretion. Administrative expenses paid by the Company approximated \$50,000 and \$134,000 for the years ended March 31, 2013 and 2012, respectively.

6. Refund from Pension Benefit Guaranty Corporation

During the year ended March 31, 2013, the Plan received a refund of \$400,796 from the Pension Benefit Guaranty Corporation ("PBGC") related to resubmitted PBGC filings for 2005, 2006 and 2007 which reflects a return of the variable rate premium due to the Plan's full funding limit exemption.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. Fair Value Measurements

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include the following:

- * Quoted prices for similar assets or liabilities in active markets;
- * Quoted prices for identical or similar assets or liabilities in inactive markets;
- * Inputs other than quoted prices that are observable for the asset or liability;
- * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used at March 31, 2013 and 2012.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**Retirement Plan for Employees of
Veolia Transportation Phoenix**
NOTES TO FINANCIAL STATEMENTS
March 31, 2013 and 2012

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

Commingled funds: Valued based on the NAV of shares of the commingled fund held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the commingled fund. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of March 31, 2013 and 2012.

2. Fair Value Measurements (Continued)

- (a) Invests primarily in global developed and emerging stocks, small cap stocks, developed and emerging bonds and currencies, global inflation protected bonds, U.S. high yield and credit mortgages, global swap spreads, and commodities. Due to these investments holding derivative instruments, there is off-balance sheet market and credit risk. Also, due to a few investors individually owning a large percentage of the holdings of these investments, there is a risk of loss if these investors were to request a redemption and the investment fund was forced to dispose of its holdings during inopportune market conditions. Interested parties should refer to the audited financial statements of the commingled funds for a more complete description of the risks associated with these investments.

3. Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

4. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have provided. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances (i.e., retirement, death, disability, and termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an actuary from AON Hewitt and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of April 1, 2012 are as follows:

4. Actuarial Present Value of Accumulated Plan Benefits (Continued)

Discount rate	6.34% per annum
Normal retirement age	Age 65
Asset valuation	Estimated fair value as defined in Note B-2

The significant actuarial assumptions used in the valuations as of April 1, 2011 are as follows:

Actuarial cost method	Standard Unit Credit Method
Discount rate	6.34% per annum
Normal retirement age	Age 65
Asset valuation	Estimated fair value as defined in Note B-2
Mortality rates	RP-2000 Mortality Table - Non-Annuitant / Annuitant

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

5. Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Unrealized gains or losses from appreciation or depreciation of investments are recognized as increases or decreases in net assets available for benefits.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

6. Payment of Benefits

Benefits are recorded when paid.

7. Accounting for Uncertainty in Income Taxes

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

NOTE C - FUNDING POLICY

The Company's funding policy is to make contributions to the Plan in amounts necessary to provide for employees' benefits by the time they retire. The Company made and accrued contributions totaling \$2,700,000 for the years ended March 31, 2013 and 2012. As a result of the Plan being frozen, as described further in Note A-1, participant contributions are no longer allowed by the Plan.

NOTE D - INVESTMENTS

Investments held at March 31, 2013 and 2012, net appreciation in the fair value of investments, and interest and dividends for the years then ended, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the trustee.

The following table presents the fair value of the investments in the Plan. Individual amounts representing more than 5% of the Plan's net assets as of March 31, 2013 and/or 2012, are separately identified.

NOTE E - PLAN TERMINATION

In the event that the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated.

1. Benefits attributable to participant contributions, taking into account those paid out before termination.
2. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.

**Retirement Plan for Employees of
Veolia Transportation Phoenix**
NOTES TO FINANCIAL STATEMENTS
March 31, 2013 and 2012

NOTE E - PLAN TERMINATION (Continued)

3. Other vested benefits insured by the PBGC, a U.S. government agency, up to the applicable limitations (discussed below).
4. All other vested benefits (that is, vested benefits not insured by the PBGC).
5. All nonvested benefits.

Benefits to be provided via contracts under which the custodian is obligated to pay the benefits would be excluded for allocation purposes.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. For plan terminations occurring during 2013, that ceiling was \$4,790 per month. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

The provisions of the Plan provide that, if the Plan terminated, participants will receive an amount equal to the sum of their accumulated participant contributions, if any, which are in excess of any retirement income previously paid. Participants will become fully vested to the extent then funded, in the order of priority specified by the Plan.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

NOTE F - ACCUMULATED PLAN BENEFITS AND CHANGES IN ACCUMULATED PLAN BENEFITS

The actuarial present value of accumulated plan benefits as of April 1, 2012 and 2011 and changes in the present value of accumulated plan benefits for the year ended April 1, 2012 are as follows:

	<u>2012</u>	<u>2011</u>
Vested benefits		
Participants currently receiving payments	\$ 42,864,807	\$ 42,714,830
Participants with deferred benefits	13,863,527	14,042,053

Benefits accumulated		<u>(1,360,856)</u>
Present value of accumulated plan benefits as of April 1, 2012		<u>\$ 73,036,390</u>

Prior to the Plan being frozen, as described further in Note A-1, the Plan allowed for employee contributions. Accumulated participant contributions amounted to approximately \$12,600,000 and \$12,300,000 as of April 1, 2012 and 2011, respectively. This includes interest credited at a rate of 5.00%.

NOTE G - MARKET RISK

The value of the Plan's investments is subject to market risk associated with potential fluctuations in the values of the underlying securities. Fluctuations in the market value of the Plan's investments could be material to the financial statements.

**Retirement Plan for Employees of
Veolia Transportation Phoenix**
NOTES TO FINANCIAL STATEMENTS
March 31, 2013 and 2012

NOTE H - INCOME TAX STATUS

The Plan obtained its latest determination letter on January 13, 2009, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

NOTE I - RELATED-PARTY TRANSACTIONS

Plan investments are managed by Fidelity Management Trust Company, the trustee, as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. In addition, certain plan administrative expenses paid to Fidelity Management Trust Company and AON Hewitt, the Plan's actuary, qualify as party-in-interest transactions.

NOTE J - COMPLIANCE MATTERS

The Plan has violated certain compliance regulations including incorrect benefit payments to certain participants. The Plan Sponsor has applied under the Voluntary Correction Program for Internal Revenue Service approval of the correction methods used by the Plan Sponsor to correct the violations. The initial application was approved by the Internal Revenue Service and a compliance statement was received. Subsequent to year end, the Plan Sponsor submitted a request for modification to the compliance statement as additional incorrect benefit payments were identified. The Plan Sponsor has not received a modified compliance statement from the Internal Revenue Service.

NOTE K - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through January 7, 2014, the date that these financial statements were available to be issued. Plan management has determined that no events or transactions, other than the item discussed in Note J, have occurred subsequent to the statement of net assets available for benefits date that require disclosure in the financial statements.

Schedule SB, Part V—Summary of Plan Provisions

Note: *The plan has been frozen since 2005. There are no new entrants to the plan, and no participants will accrue any additional benefits under the plan.*

The following summary describes plan provisions assumed in calculating the cost of your pension plan.

General Information

Original Effective Date:	January 1, 1975
Effective Date of Last Amendment:	April 1, 2004 for Salaried; August 15, 2005 for Mechanics; and November 14, 2005 for Operators.
Plan Year:	April 1 to March 31
Employer ID Number:	52-1493194
Plan Number:	009

Eligibility

All full-time Operator, Salaried or Mechanic employees who work 1,000 hours a year or more will participate in the Plan following completion of three months of service. Leased employees are not eligible to participate. Part-time Salaried employees may elect to participate. As of April 1, 2004, benefit accruals and employee contributions ceased for Salaried employees, and therefore, no new Salaried employees will enter the plan. As of August 15, 2005 and November 14, 2005, benefit accruals and employee contributions ceased for Mechanics and Operators, respectively, and therefore, no new Mechanics or Operators will enter the plan.

Service

A year of service is credited for each plan year in which an employee works 1,000 hours.

A break in service occurs at the start of any plan year in which the employee works 500 hours or less for the Employer in such year. Service will not be interrupted by:

1. A leave of absence not in excess of one year granted by the Employer.
2. A period of service in the Armed Forces of the United States under which employment rights are granted.
3. A period of disability during which the participant is being paid directly or indirectly by the Employer
4. A period of maternity or paternity leave not in excess of one year.
5. Transfer of employment from one participating Employer to another.

Schedule SB Attachment (Form 5500)—2012 Plan Year Retirement Plan for Employees of Veolia Transportation EIN: 521493194 PN: 009

An employee will be given credit for his pre-break service if either of the following occurs:

1. The employee had a vested interest in his accrued benefit at the time of his break in service, or
2. The employee's period of absence was less than the greater of five years or his prebreak service.

Credited service shall mean all years of service.

Normal Retirement Date

Normal retirement date is the first day of the month coincident with or next following the attainment of age sixty-five.

Employee Contributions

Employee contributions are calculated as follows:

1. Operators: 4.00% of total earnings each month before November 14, 2005; 0% thereafter
2. Salaried: 3.75% of total earnings each month before April 1, 2000, 4.85% from April 1, 2000 through March 31, 2004; 0% thereafter
3. Mechanics: 2.00% of total earnings each month through August 15, 2005; 0% thereafter.

Interest was credited at 6.85% for the 1998/99 plan year, 6.35% for the 1999/00, 8.08% for the 2000/01 plan year, 5.95% for the 2001/02 plan year, 5.6% for the 2002/03 plan year, and has been credited at 5.0% for each plan year since 2003/04. For the 2006/07 plan year, interest is credited at 5.68%. For the 2007/08 plan year, interest is credited at 5.54%. For the 2008/09 plan year through the 2010/2011 plan year, interest is credited at 5.00%.

Benefit Accrual Formula

Retirement benefit equals the accrued benefit as of April 1, 2000, plus a percentage of eligible pay each plan year as follows:

Operators:

Plan Years	Benefit Credits
April 1, 2000 – March 31, 2001	2.66% of earnings

Normal Form of Benefit

The Normal Benefit is the benefit accrued to retirement, reduced for early retirement as defined below. Each married participant who does not elect otherwise shall receive a reduced joint and one-half survivor benefit.

Early Retirement Benefit

Upon the completion of ten years of credited service and the attainment of age fifty-five, a participant may elect to retire. He may receive a monthly benefit for life beginning at his normal retirement date equal to the benefit accrued at early retirement date. Payments may begin immediately, with the benefit being reduced $6\frac{2}{3}\%$ for each of the first three years and 5% for each of the next seven years by which the payment date precedes the normal retirement date.

Delayed Retirement

A participant may continue in the employment of the Employer after his normal retirement date. In such event he will receive at actual retirement the greater of the actuarial equivalent of his normal retirement benefit and his accrued benefit calculated using contributions and compensation as of his actual retirement date.

Disability Benefit

A participant who becomes totally and permanently disabled before his Normal Retirement Date and has ten years of credited service may retire and receive a disability benefit which shall commence immediately. The benefit will be calculated based on his accrued benefit to date of disability, reduced actuarially.

Death Benefit

In the event of death of a vested married participant, it will be assumed that the participant had separated from service on the date of death, survived to the earliest retirement age, began receiving a joint and one-half survivor benefit based on the participant's vested accrued benefit and died on the day after the earliest retirement date if this benefit is greater than the return of employee contributions with interest.

Severance Benefit

Upon the termination of employment after five or more years of service, a participant shall have a vested interest in his accrued benefit which will be payable at normal retirement date. The percentage vested shall be:

Years of Service	Vested Percent
Fewer than 5	0%
5 or more	100%

In the event that the participant had met the service requirement at the date of termination, he may elect to receive his vested interest at age fifty-five. Such benefit will be reduced as described under Early Retirement Benefit.

Optional Methods of Settlement

All optional methods of settlement are actuarially equivalent to the normal form of annuity. If a married participant does not elect the normal form of annuity or does not elect one of the optional methods of settlement described below, then the participant's retirement benefit shall automatically be paid under option [1] below. The options are:

1. A reduced benefit to be paid during the participant's lifetime with one-half, two-thirds, three-fourths, or all of the reduced benefit to be continued to his spouse for her lifetime after his death.
2. A reduced benefit to be paid for 120 months certain and thereafter for life.
3. If the amount of benefit payable is less than \$75 per month or \$5,000 total present value, a lump sum payment will be made. If the present value of the payment is greater than \$1,000, payment must have the consent of the payee.

All optional methods of settlement are actuarially equivalent to the normal form of annuity based on factors supplied in the plan document. The interest rates used for determining lump sum settlements are the better of the PBGC rate as of the determination date used for determining the present value of a lump sum distribution, or the 30-year Treasury rate as of the calendar month preceding the determination date.

Amendment or Termination of Plan

The Employer reserves the right to amend or terminate the Plan at any time. Generally, the Pension Benefit Guaranty Corporation reserves the right to terminate the Plan if the Employer fails to meet the minimum funding standards or is unable to pay benefits when due.

If the plan is terminated, the plan assets will be distributed among the plan participants based upon a priority allocation procedure and the Employer shall be liable for any unfunded vested benefits to the extent required by law. Any funds remaining after satisfaction of all liabilities shall be returned to the Employer.
